

## **COMPANY PROFILE**

Your Regional Conduit Experts

Growth without vision is incomplete so let us share our vision with you:

## Vision

To be the first name to be recalled by our customer to any major solution they require.

## Mission

SHK International strive its best to provide its valued customer with prompt support and complete product knowledge to cater with quality products at competitive price with on time delivery.

## Values

SHK seeks to attract and retain high-caliber professionals committed to maximizing safety, reliability, and accountability throughout the organization.

SHK strives to be a model in our industry by identifying sustainable development that meets present needs without compromising the ability of future generations.

*We hope to be a global player by creating and transferring cutting edge technologies and providing our mindshare to development in an increasingly technology-driven world.*

# About Us

## Founder

Since 1979, Shaikh Mohammed Salim, has been in the heart of the Gulf, United Arab Emirates, and has been associated with the Oil and Gas Industry since then. With an ample experience since then he has never looked back,

SHK International is a step forward to offer an extensive range of commercial, industrial, mechanical and technical purchasing and supply services in the Middle East market.

## Overview

SHK International has entered the supply market in the new era; it is our goal to provide our customers with quality products at competitive prices, backed by the highest level of commitment and service available in the industry.

SHK International realizes that our ultimate success is dependent on client satisfaction. Here at SHK we provide a broad range of electrical products for construction, commercial, industrial, and residential markets. We are committed to total client satisfaction by meeting or exceeding expectations for quality, delivery, and friendly knowledgeable customer service. Our vision is to be your number one source for all your electrical supply and installation needs. We are faster, easier, and more profitable for you to do business with than our competitors. Every aspect of our on going business strategies will be aimed at accomplishing this vision. We can provide a solution by taking up projects on a turnkey installation contract basis giving you a price advantage by saving you substantial money and procuring the exact quantity.

We look forward to provide our expertise benefit you from today onwards.

# Quality Assurance

## ISO Certification

SHK International FZC is ISO 9001:2015 Certified Company. The most important task of quality management is to continuously improve employee awareness of quality related issues to attain our goal of "Zero-Errors". All actions are aimed at making process simpler, effective and more manageable.

## QMS Policy

SHK International FZC is engaged in the design and supply of all electrical and mechanical equipment. Our policy is to identify the needs of our customers and satisfies them by our quality products and services delivered on time, in conformance with their requirements, through professionally trained employees.

To implement this policy, SHK International ensures:

- To provide Products and Solutions as per Consultant Design, Specifications and Quality policies.
- To systematically evaluate designs and re-engineer to provide cost effective performance of our clients to assure the quality of our services.
- To strive for continuous improvements through systematic identification of the root causes behind the non-conformities and subsequent elimination of the same.
- To provide timely delivery of our products and services to our customers.
- To ensure the involvement and upgrading the skills of the employees through training.
- To maintain and protect confidentiality and proprietary rights of the customers.

The quality policy and objectives are mandatory to all employees of SHK International. All employees are made aware of this policy through, awareness programs, displays along with confidentiality and fair practice agreement.
