About US

We are taking a comprehensive approach to services that enhance quality of life since 2016. We are working as a group of companies across a diverse range of industries and providing services from large industrial laundries to individually installing coin-operated laundry machines for labour Camps under the name **E-Smart Laundry Machine Trading L.L.C.** We enhance our services as **Blue Smart Public Networking L.L.C** and provide Wi-Fi & CCTV services designed in a way that makes them easy to customize for individual deployments that includes a site inspection, network design, network installation and 24x7 monitoring and technical support. Our integrated approach has been enhanced to facilities management and now **Blue Smart Cleaning & Pest Control L.L.C** provides specialized and technical solutions for Public Health Pest Control, Building Cleaning, Advertising Sign Boards Cleaning & Water Tank Cleaning in all suburbs of Dubai. Here at Blue Smart Cleaning Services we take a personal approach to your problems. No situations are identical, so we spend time to understand your unique requirements and recommend the best treatment solution for you. We work closely with residential and commercial clients alike to provide reliable and quality pest treatment, pest prevention and cleaning Programs.

General Pest control

Our all staff are approved by Dubai Municipality and are experts in all types of Pest treatments and control. Our technicians will ensure that the job is done to the highest standards. For all your pest problems and prevention needs, you can trust Blue Smart Cleaning and Pest control Services, to get the job done right. We offer solutions to treat any sized pest problem. Our treatments and products ensure Public Health Safety and are pest specific, and thus not harmful to humans or pets. We provide pest control including but not limited to:

- Bees and Wasps
- Rodents
- Ants
- Spiders
- Cockroaches
- Bed bugs

Termite Control

Termites (commonly known as white ants) are one of the most destructive pests in around the world. They cause heavy damage to homes and structures and an economical threat. We understand that your property is your biggest investment. Our accredited Termite Inspectors usually take Just one call to carry out a full inspection. We then have a full understanding and can explain to you the full extent of the infestation and can customize the most effective treatment to suit your premises and your budget.

Blue smart Cleaning and Pest control providing both Pre-Construction Termite Treatment or extermination and Post Construction Anti-Termite Treatment against

- Subterranean Termites
- Dry wood Termites
- Formosan Termites

Water Tank Cleaning & Disinfection

Our health depends upon clean water that is free from microbes, bacteria and filth build up. Our Technical team will make sure your water Tank is properly cleaned and disinfected which ensure your families health and provide them with clean, clear and safe water.

Water tank cleaning services include:

- Drain Tank.
- Removal of residual material.
- Scrubbing and Pressure-wash all Tank surfaces.
- Disinfection of tank surface.
- Dry and Refill Tank.

We provide our clients with a certificate stating the cleaning date, the water tank cleaning team who cleaned the system and the next cleaning date, all as per Dubai Municipality standards. Blue Smart Cleaning & Pest Control provides the right service on competitive prices. Whether you are looking for a weekly, monthly or one-off cleaning, we work not only meeting your expectations but exceeding them
