## Introduction

We are happy to inform you, we are resuming our operations under our new setup, FARMESACO FZC. We have registered our company at Hamriyah Freezone, Sharjah, UAE.

At FARMESACO FZC, we will focus on delivering quality material with a wider scope. Our products and services will include but not limited to Building Materials, Plastic Products and Industrial Engineering Solutions. We will operate both as manufacturer for certain items such as PVC Pipe Spacers, different types of Plastic Spacers, and as trader for other ranges of our products. Our manufactured products will carry our logo as FMS on the products or packaging. With direct link to manufacturers and suppliers of versatile products we are going to focus on, we will act as the representative of different brands to assure quality products and competitive prices.
