DIRECTOR'S MESSAGE

"Thank you for taking the time to read our profile and learn about AMIC. We started our journey with a mission to build beautiful portable cabins and buildings while combining practicality with functional and aesthetic qualities keeping in mind the changes in tastes and needs of modern lifestyles. Our vision is to play a pivotal role to provide premium quality and highly engineered cabins and units. For this we have using innovative entrepreneurial and quality approaches and techniques. With our passion of quality work, we have now become a market leader in the same field of portablecabin manufacturing."

Each day is a new day, dawned with new challenges appearing on the horizon to be scaled, along with my team of professionals and experts take these challenges as targets and successfully achieve them accordingly up to the customer's satisfaction.

ABDUL QADER

Managing Director
AMIC - Umm Al Quawain

AMIC INTRODUCTION

Few Words About Us

Al Fida Metal Industries and Cooling LLC (AMIC) is a renowned organization located in New Industrial Area – Umm Al Quawain. We are specialized in manufacturing Steel structures, Fire rated cabins approved by Dubai / Abu Dhabi civil defense authority along with the containerized/ and cooling system Flat Pack units to be used as per the requirement of the clients in construction, Oil & Gas, MEP, Education, Health & Marine operations. We value our clients by providing them not only the building but also assist them choosing the right prefabricated solution for their need. Our enthusiastic team of designer's works efficiently with all the inquiries to provide the accurate designing with maximum utilization of space provided.

Having 12,000 sq. mtr manufacturing yard with enthusiastic team of professionally skilled man power, we are at your service to perform in accordance with the customized/ standard prefab building requirements.

We make possible all the engineering solutions for complex purpose built structures that require fast track turn around and innovative transport solutions. AMIC success is built on reliability, quality and its ability to cater to any part of the globe or any specific requirements.

AMIC units/structures are engineered using state of the art equipment and technology, ensuring maximum longevity and low total life costs for our clients.
