CENTURIA INDUSTRIAL AND MECHANICAL TRADING FZE

P.O.BOX 7072, UAQ - UAE

TEL: +971 50 7947098

EMAIL: centuria@centuria-imt.com

COMPANY PROFILE

'Pyramids' & 'Centuria' operating out of Abu-Dhabi and Dubai are specialized in Trading, Engineering & Services of industrial products.

The organization is managed by professionals with vast experience in the Middle East, which has led to a high level of manufacturer trust and customer satisfaction.

Among other things, we take pride in providing a **"Total Solutions Package"** including supply and maintenance of cranes, catering to the lifting industry and particularly providing solutions for material handling with EOT Cranes, Portal/Gantry Cranes, Ex-proof Cranes, Jib Cranes, Power Supply systems.

Ensuring smooth functioning for customers our Servicing team manages the annual maintenance contracts, on-call servicing, repair and refurbishment of cranes.

Our customers range from various industries such as Oil & Gas, Utility providers (power & water), Contractors (civil, mechanical, offshore, onshore, marine), Manufacturing and workshops in the Middle East region.

Being customer oriented helps us in continual improvements drawing inspiration from the challenges faced by us and our stakeholders. We believe in providing value added cost effective solutions tailored to the needs of individual clients thereby leading to long term working relationships.

Few of the products offered by us are detailed ahead:

- 1) Hoist & Cranes
- 2) Power Supply System - AKAPP STEMMNAN
- 3) Service and maintenance of Cranes and Hoists
- 4) Workshop Equipment and Pallet Trucks
- 5) Fiber & Glass Reinforced Plastic (FRP/GRP) Products
- 6) Stainless steel & Carbon steel Pipes, Fittings, Flanges, Valves and related Gaskets
- 7) Expansion Joints with Rubber and Metallic Bellows
- 8) Customized products such as Lap Joints, Spools and Bollards
- 9) Aluminum Sheets & Coils
- 10) General / Piping tools and other products

CRANES DIVISION (HOIST & CRANES)

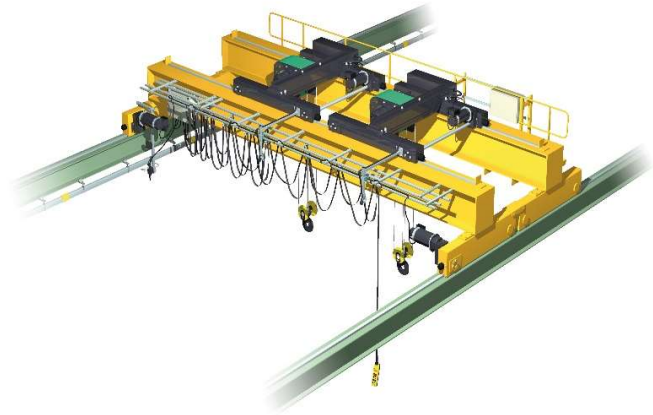

PYRAMIDS ELECTROMECHANICAL EQUIPMENTS LLC are the authorized distributors of leading manufacturers specializing in advanced overhead lifting solutions. We cater to both standard lifting equipment and customized cranes based on the specific requirement of customers. Our expertise in the supply of lifting equipment and related services ensures the use of modern technology, improved safety and costs savings through increased reliability and performance.

SCOPE OF OPERATIONS

Our team of experienced engineers is capable of providing the most economical solutions starting at the design stage including supply, installation, testing, commissioning & handing over of the lifting equipment package.

We also provide solutions for design, fabrication, supply and installation of runway beams/monorail beams and related accessories.

Our service team caters to the supply of spares, annual maintenance contracts and refurbishment of cranes.

Our experienced Sales & Service team is equipped technically to assist the consulting engineers during design stage to decide on the type of material handling equipment, where we provide our expertise gained over two decades. We have noted that correct selection of the material handling equipment often provides a significant cost saving to the client's operations.

To ensure a high quality cost effective solution, the electro-mechanical crane components are imported from Europe and the crane structures/girders are manufactured locally here in UAE.

We also carry out the assembly and testing of cranes witnessed by the Client/Consultant prior to dispatch complying to the specific requirements of end users.

Our service team comprising of trained and experienced Engineers and skilled technicians have a critical understanding of the safety requirements and accordingly perform necessary tasks to the highest standards.

Product Range

- Overhead & Under Slung Cranes
 - Standard Cranes
 - Ex-Proof Cranes for Hazardous Zone
- Portal Cranes / Gantry Cranes
- Rope Hoists – Monorail /Double rail / Curved Track
- Chain Hoists – Electrical / Manual
- Jib Cranes
- Power Supply System from Akapp –Stemmann (WABTEC)
- Retrofit – Refurbishment of cranes of various manufacturers
- Service – Maintenance contracts - AMCs

COLUMBUS McKINNON CORPORATION (CMCO)

Columbus McKinnon Corporation along with group companies is a leading manufacturer and supplier of products and service in the area of lifting, moving, positioning of loads, materials handling, cranes and rigging attachments.

The trademarks **STAHL**, **Yale** and **Pfaff-silberbchau** are combined under the name of Columbus McKinnon offering high-quality hoisting and material handling equipment that is designed for moving, lifting, positioning and securing heavy loads both ergonomically and safely.

Yale – HOISITNG AND LIFTING PRODUCTS & ACCESORIES

Hoisting Equipment

Rachet Lever hoists
Hand Chain hoists
Corrosion protection
Trolleys & Trolley clamps
Electric & Pneumatic chain hoists
Chains & Accessories
Manual winches
Cable puller & Accessories
Electric & Pneumatic winches
Rack & pinion jacks

Tigrip Load Hoisting Tackle

Grabs & Clamps
Permanent load lifting magnets
Lifting lugs & C-hooks
Barrel grabs & Crate grabs

Load hoisting tackle for underground construction
Clamp & Tine hooks
Spreader beams
Crane forks

Tigrip Crane Weighers

Crane weighers
Load indicator

Spring Balancers

Spring tensioners
Spring balancers

Crane Systems

Wall-mounted jib cranes
Floor-mounted jib cranes
Moveable gantry cranes
Light crane systems

Yale – HOISITNG AND LIFTING PRODUCTS & ACCESORIES

Textile Lifting Slings

Round lings
Round sling assembly
Webbing slings

Lashing Systems

Lashings
Protection Special lashings

Hydraulic Jacks & Tools

Hydraulic cylinders, single-acting
Hydraulic cylinders, double-acting
Hand pumps 700 bar
Hand pumps up to 2000 bar
Electric & Pneumatic motor-pumps
Foot pump 700 bar
Electric hydraulic power packs
Hydraulic valves & Accessories
Hydraulic puller & Jacks
Hydraulic jacks & tools
Test rig for hoisting equipment
Workshop presses

ATEX – Explosion Protection

Pneumatic chain hoists
Hand chain hoists
Trolleys
Electric winches
Sheave blocks for rope guidance
Manual winches
Rack & Pinion jacks
Ratchet lever hoists
Hand pallet trucks
Load moving systems

PFAFF – MATERIAL HANDLING AND WORKSHOP EQUIPMENT

Material Handling Equipment

Hand pallet trucks
Hand pallet trucks with weighing system
Scissor pallet trucks
Pallet lift trucks
Manual drive stackers
Electric pedestrian stackers
Elevating platforms

Workshop Equipment

Jacks
Workshop presses
Service jacks
Supporting stand
Repair sets
Workshop cranes

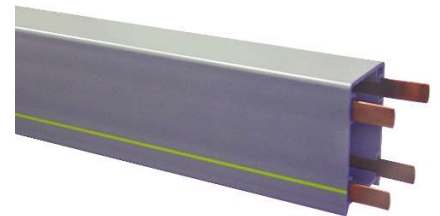

AKAPP- STEMMNAN POWER SUPPLY SYSTEM

We provide mobile power supply solutions such as conductor bar systems, cable reels, drag chains and festoon systems that cater to the following sectors/applications:

- Cranes
- Ware housing
- Window cleaning equipment
- Storage & Retrieval machines
- Aviation
- Ship building & Ship repair
- Concrete industries

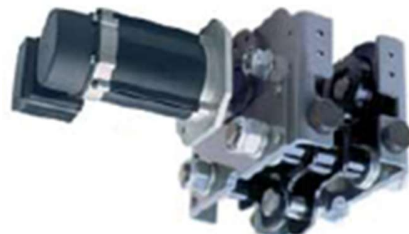

SERVICE AND MAINTAINENCE

Our team of experienced service Engineers provide servicing, maintenance and spare parts for – EOT cranes, Gantry cranes, Jib Cranes, Wire rope Hoists, Electric chain hoists, Manual chain blocks and Lever hoists.

Our experienced service team provides:

- Maintenance – Annual, Preventative, Breakdown
- Attend to service calls
- Inspection of equipment
- Retro fitting of cranes
- Testing of cranes

WORKSHOP EQUIPMENT

Workshop Equipment Package – Drill M/c, Lathe M/c, Press, Roller, Radial Drilling etc	Europe / India / China
---	------------------------

Fiber & Glass Reinforced Plastic (FRP / GRP) Products

Ladder type / Perforated Cable Trays and accessories Pultruded / Molded Gratings and Trench covers Handrail and Platform Structures Ladders & Cage Ladders	India
---	-------

STAINLESS STEEL PIPING

Pipes – Seamless / Welded (Duplex / Super Duplex / ASTM A312 Gr. 304 / 316L)	Taiwan / Japan / India
Grooved Fittings: Sch.10S / Sch.40S (Gr.304L / 316L) – UL Listed & NSF Certified	USA
Butt-Weld / Threaded Fittings (Duplex / Super Duplex / SS304 / 316L)	Taiwan / India
Flanges – Slip-on / Weld Neck / Blind / Plate	India

CARBON STEEL PIPING

Pipes Carbon Steel - Seamless / Welded Black and Galvanized (ASTM / API / BS1387)	Various
C.S. Butt Welded Fittings (ASTM A234 WPB)	Germany / China
Forged Steel Fittings - NPT (ASTM A105 - #3000)	Italy / Taiwan
Flanges – Carbon steel (ASTM A105 Class / BS4504 PN)	Germany / Italy / UK / China

VALVES

Bronze, Cast Steel, Forged Steel, Cast Iron, Stainless Steel – Ball, Gate, Globe, Check, Butterfly Valves, NRV, DRV.	Taiwan / Japan / India
Control Valves – Globe, Actuated Butterfly, Severe Service, 3 Way valves	
Actuators	

GASKETS

Non-Asbestos Graphite sheets & Gaskets, Ring Gaskets, Spiral Wound Gaskets, Graphite Filled Gaskets, Corrugated Gaskets

Various

EXPANSION JOINTS with Rubber / Metallic BELLOWS

Axial Type - Lateral Type Expansion Joints, External Pressurized Expansion Joint, Universal Type Joint with Tie Rod, Gimbal Type Expansion Joints, Vibration Absorber, Rubber Expansion Joint with Double Sphere, Rubber Expansion Joints, Braided Expansion Joints

Customized Products

Flanged Lap Joints, Pipe Spools, Pup Joints of various specifications

Stainless Steel Bollards in various dimensions & Specifications

General Tools & Piping Tools

Hand Tools, Non-Sparking Tools, Power Tools

Pipe Threading & Grooving Machines

Manual Pipe Threader (BSPT / NPT)

Automatic Re-Bar Tier (Battery driven) an efficient alternative to manual binding

ALUMINIUM SHEETS & COILS

Plain Sheets – AA1100 / 3003 / 5005 / 5083

Stucco Embossed – AA1100 / 3003

Chequered Plates – 5 Bar / Diamond Pattern

Marine Grade Sheets – 5083 / 5754q

India/China

OTHER PRODUCTS

a) Flexible Rubber and Metal Hoses

b) Safety Products – Helmets, Shoes, Goggles, Dotted Gloves

c) Safety Ladders

d) Beam Clamps – (UL/FM)

e) Portable Air-Compressors

f) St Steel Bands, Buckles and Clamping Tools, Tag Embossing and Engraving Machines, Cable Ties and Tools for all underground as well as over ground applications
