CREATING STORIES IN STONE

The Classic Marble Company (CMC) is proud to be recognized as India's largest and foremost importer in the architectural world of stones. Since its inception in 1994, it has been the only company to supply more than 150 million square feet of imported marble in the country. CMC is also the biggest supplier of natural marble and granite along with other precious stones such as travertine, onyx, limestone and a host of exotic stones, which are procured from some of the finest reserves in the world.

An ISO 9001: 2015, ISO 14001:2015 & BS OHSAS 18001: 2007 certified company, CMC is headquartered in Mumbai and operates exclusive showrooms in Mumbai, Silvassa, Ahmedabad, Delhi, and Chennai. Characterized by value-oriented service and professional expertise, CMC is a reputed single source for over 500 exquisite stones from over 40 different countries that include Italy, Turkey, Spain, Greece, Brazil, USA, Sweden, Norway, Mexico among others.

To keep up with changing trends, KalingaStone a brand producing engineered stones namely marble and quartz was launched, which today is a dominant player in the segment. Shortly after, CMC launched a niche range of ultra-thin, large sized porcelain slabs under the brand KalingaSlimtech, in exclusive partnership with international companies Levantina, Techlam - Spain and FMG Maxfine [Iris - Italy].

KalingaStone®
ITALIAN DESIGN

150 **WAYS TO EXPRESS PERFECTION**

Heighten your design sensibilities with KalingaStone, an engineered marble, and quartz range, in an ethereal selection of over 150 designs and shades.

KalingaStone transcends other engineered stones with its superior artistry and pedigree. Little wonder it continues to grace some of the most reputed spaces in the world. Architects and designers with a penchant for perfection trust its flawlessness and consistency to highlight the essence of their vision and bring it to life.

A commitment to quality and an adherence to international standards have won KalingaStone acclaim in over 53 countries across 6 continents. In India, it has been awarded the "Indian Power Brand" in the marble and stone category and "Best Innovative Product" by the Indian Institute of Architects, Mumbai in 2010.

ART BY STATE-OF-THE-ART

CMC has a 500,000 sq.m. state-of-the-art plant in Silvassa, which is one of the biggest production plants in the country. The plant houses four separate factories for producing natural marble, engineered marble, and quartz.

The plant is equipped with world-leading polishing machines from SIMEC (Italy) with 36 polishing heads and completely automated tiling plant is capable of producing 5000 sq.m. polished marble and 2000 sq.m. polished quartz every day.

The KalingaStone factory produces 25 million sq. ft. of composite marble and 15 million sq. ft. of quartz per annum. The natural marble factory manufactures 30 million sq. ft. of marble, limestone, among others per annum.

QUALITY IS PRIORITY

CMC believes that a company's reputation is as good as the quality of its products. Automated quality checks at every stage of process ensure a fault-free product. CMC deploys vacuum resin filling to its marbles. This process ensures that even the minute pores in marble are filled, thereby adding strength to the finished marble.

SAFEGUARDING THE ENVIRONMENT

Since its inception in 1994, CMC has strongly implemented Go Green initiatives. The optimum use of natural resources, the utilization of more than 90% of recycled materials and the continuous re-use of water from various different processes guarantees that CMC remains an environmentally conscious company.

ACCESS MADE EASIER

With an advantage that is defined by a strong and widespread sales and distribution network, the company has over 400 dealers present across all major cities. An extensive network of distributors and stockists are present in Delhi, Mumbai, Bangalore, Kolkata, Hyderabad, Pune, Nagpur, Sangli, Aurangabad, Nashik, Goa, Lucknow, Kanpur, Ludhiana, Baroda, and Coimbatore.

The brand also has company depots and showrooms in Mumbai, Delhi, Chennai, Silvassa, and Ahmedabad.

66 COUNTRIES, 6 CONTINENTS, AND GROWING

KalingaStone has not only gained a strong foothold in India but also is making its presence felt across the globe in over 53 different countries. Owing to its wide range, the brand has been a preferred choice for prestigious projects globally, a testimony that confirms to its superior quality and adherence to global standards.

TERRAZZO, MARBLE & QUARTZ COLLECTION

OLD WORLD CHARM NEW AGE DESIGNS

PRESENTING

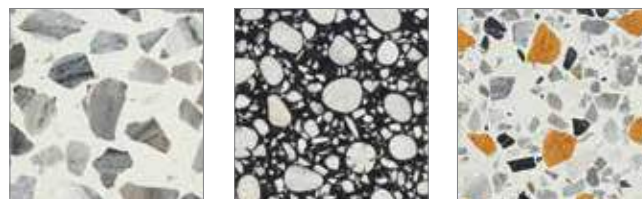

TERRAZZO

A glamorous future,
moulded by a brilliant past

Welcome to

TERRAZZO

Classic Marble Company presents Terrazzo - a new age design with an old world charm that goes back 1500 years. It has found place in some of the most famous Italian ancient structures. Today, Terrazzo stands testimony to time, setting the floor as a grand canvas for stunning iconic designs to take shape.

It is now time to explore mosaic patterns that break the mould of monochromatic colours of black and white. Presenting Terrazzo Collection - **Venetian, Palladiana, Elite, Roma & Cafe.**

A spectrum of colourful mosaic patterns made for the new age home that yet remains rooted in its classic past.

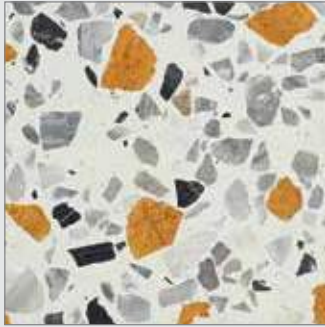

Explore. Design. Create.

Venetian

Inspired by timeless creativity, Venetian captures the artistic essence of Venice. From the old charm of Venetian structures to the new vision in your mind. A perfect combination of art and architecture for every design to turn truly timeless.
