WELCOME TO GRAVITY BATH WORLD

Gravity represents very high quality of manufacturing progressive production and innovative designs. The premium product of this family company has won million of hearts, action as a driving force for the development and trends of the entire industry. This success story is based on the principle that has held great for many years namely that the change should never be regarded as constraint but as opportunity.

Gravity sets the high standard of design, material and finishes of its fittings and post sale the company also ensures the quality of the workmanship of the client by intensive trainings and long term partnership.

As a leading manufacturer in the premium segment, Gravity represents the ideality in reliability and values. Gravity also puts the premium brand aspiration in a far wide context as both, the driving force and patron of a constant, artistic debate on the subject of water. The company has gained an innovative insight to bathroom and kitchen environment and has derived numerous product ideas from its collective approach. The Gravity bath is now symbol of knowledge and cultural inspiration covering every aspect of the element of water. Gravity bath is built on the basis of highest quality standards, aesthetic and with the intent of providing world class products known as Gravity brand.

The group is undisputed market leader in the bath fittings categories that has transformed the industry from merely utilitarian to inspirational with vision to evolve in to a "**Complete Bathing Solutions**" enterprises.

Gravity has also successfully diversified into various bath vertical like Faucets, Showers, Accessories and Wellness.

Over the years- innovation, commitment and performance has been the group's core philosophy as a result Gravity has:

- Ranges for residential and commercial projects.
- Presence over every state of India, making it a true pan Indian player.
- Trained technicians producing 10000 faucets a day.

Innovators in technology

Gravity is regarded as innovators in technology, because of its innovation and outstanding designs and mechanism. By combinations of its advanced craftsmanship and cutting edge approach to effective teamwork and processes, our innovators in technology take the lead in developing designs and manufacturing our outstanding product ranges, all the while testing and fine tuning each product to ensure continuing customer satisfaction.

The result: Evergreen designs and quality that lasts lifetime, Gravity products surprise users with pure pleasure and altogether a rich experience.

Protect the environment and reduce waste by repairing instead of replacing!

INDIA'S THINNEST TAP SERIES

GRAVITY®
hypnotic bathware

Advantages

80% Water Saving Aerators with
PCA Technology.

Costs 50% Less without compromising
Quality, Reliability & Durability

LUBRICATED LOCK TECHNOLOGY

[www.gravitybath.com / chocolate.series](http://www.gravitybath.com/chocolate.series)

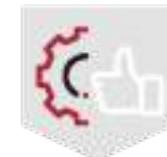

Gravity Diverters come with
10 Years Warranty against any
manufacturing defect.

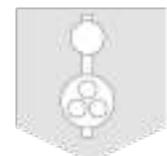

Comes with Water Leveller
which ensures right
installation of Diverter.

MAKING DIVERTER

**INSTALLATION
HASSLE
FREE**

All spare parts are
easily available

BEST IN CLASS BORE SIZE
4 Way - inlet 10mm, outlet 12mm
5 Way - inlet 10mm, outlet 12mm
High Flow - inlet 13mm, outlet 15mm

With best in class bore size, you can enjoy free
flow of your shower even in low pressure

12 lpm WATER FLOW EVEN AT LOW HEIGHT TANK

India's only Diverter which gives you
12 litre / minute (lpm) water flow at
20 feet low tank height.

Water Flow in Single Handle Diverter Cartridge

1 Bar water Pressure	30 feet tank height	16 LPM
2 Bar water Pressure	60 feet tank height	26 LPM
3 Bar water Pressure	90 feet tank height	28 LPM

VERSATILE IN INDUSTRY
BRASS PISTON

Centre Handle in Unique Cartridge with change of water flow with **O Ring Mechanism**. High Water flow in Low Pressure as compared to other brand Wall Mixers.

Feel the 3 stage Change of flow with a little **VIBRATE** feeling.

GRAVITY®
hypnotic bathware

STAINLESS STEEL
304
FAUCETS

Advantages of stainless steel faucets:

Lead-free Material

Stainless steel faucet are made of material in compliance with ROHS rules, i.e No Lead Content. This revolutionary high quality, high strength material is lead and heavy metal free*, therefore helps to preserve water quality for both consumption and bathing.

Easy to clean and easy maintenance

Stainless steel faucet surface will not get rust, not change in raw copper green. It will not be pitting hence it is very easy to clean and maintain for the user.

Go Green

Stainless steel faucet surface without plating will not cause pollution to the surrounding environment as its material can be recycled hence won't lead to waste of resources .

Excellent corrosion resistance

Stainless steel faucet's thin surface and dense chromium-rich oxide film makes the stainless steel pipe corrosion resistance whether being used with soft water or underground water.

BRUSHED

Good tensile strength, superior stretch-proof capability

with High quality Stainless Steel wires,
our bath accessories can stand the blast
pressure of 4MPA.

Comparison

Gravity flexible Hose is tight and
hardness and can be used in high pressure

Common flexible Hose is loose and
weakness and can't be used in high
pressure.

THE STRONGEST WATER SCALE CLEANER

AUSTRALIAN FORMULATION **GRAVITY MAGIC CLEANER**

Gravity provides Australian Formulation Water Scale (Calcium, Magnesium & Chloride) Eraser Chemical for Cleaning Nickel Chrome & PVD Coating

100% Money Back Guarantee, If you are not satisfy with cleaning results

DIRECTIONS FOR USE :

- Wear protective gloves
- Apply Magic Cleaner undiluted on the surface preferably with the help of a soft cloth
- Wait for at least 15 minutes after applying for better result
- Scrub with any toothbrush or a cloth to remove hardened scales
- Wash with water & dry with clean soft cloth.
- Repeat process for heavy deposits.

CAUTION

Keep out of reach of Children. Avoid direct contact with skin. In case of irritation or contact with eyes, rinse immediately with plenty of water and seek medical advice immediately. Can effect marble and similar soft stone floorings.

Note : Does not enhance the finish of already corroded / damaged surfaces.

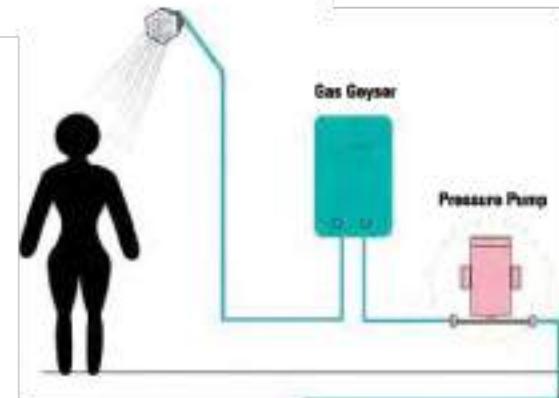

PRESSURE PUMPS

PP56XXA11
Pressure Pump (220W) for Showers
₹ 5600/-

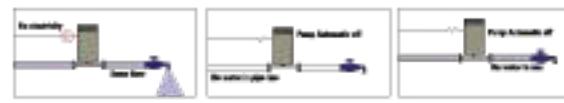

Benefits of Pressure Pump

1. In absence of electricity in the flow of water remains the same.
2. If no water in pipe line Pump will automatically turn off.
3. If no water from outlet then Pump will automatically turn off after making pressure in pipeline

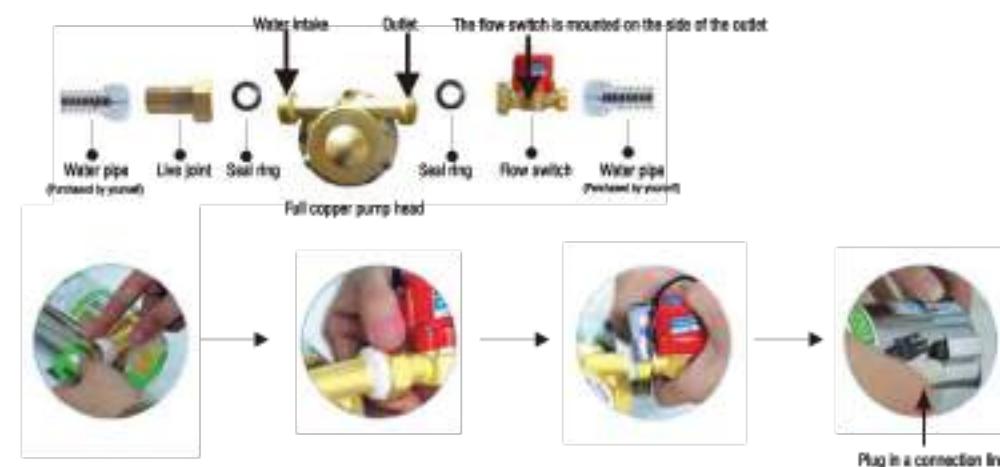

Gravity Suggestion

For best result use in single kitchen or bathroom

Water pressure loss pressurization
of water heater

Connection order of booster pump

PUBLIC PLACE UTILITIES

1. Install the pump joint on the intake of the pump.

2. Then connect with the inlet pipe.

3. Install another outer pump connector on the outlet of the pump.

4. Then connect with the inlet pipe.

5. Unscrew the water injecting nozzle and fill it with water.

6. Finally, plug the pump into the power supply and pump up the water.

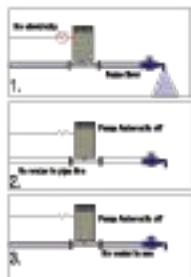

PP76XXA11
