

## ARGENTA CERAMIC MARBLE & SANITARY WARE TRD

Our story started 2008 in The United Arab Emiratis, Abu Dhabi.

During all those years of growing and success,  
We were importing and dealing with some of the best  
brands internationally from Europe and Asia specialized in high quality  
ceramic and porcelain tiles and known globally with very high reputation

We have learned how to choose our tiles carefully from the beginning of manufacturing  
till the moment that the tile glows in your place.

At ARGENTA, we committed to ensure customer delight and satisfaction by providing an exclusive  
range of new and high quality designs that easy to be obtained, making your lifestyle more luxurious.  
Our goals and standards to insure that you have The perfect tile for the perfect place.

It's time to create, it's time of AB.

In 1986 From Barcelona, Spain they started.  
At Maier, we are committed to design and reliability  
a formula driven by our passion for excellence and  
guaranteed by three generations of experience.  
Exclusive collections designed by Maier decorate  
bathrooms and kitchens in notorious hotels and  
residences in more than 60 countries.

Every brand has a story...And icon story began in 1987 when They started as a humble yet ambitious manufacturer of tiles.

In this journey of these 30 years, the group has been moving forward with great passion for excellence and unparalleled commitment towards quality. At Icon, an aspiration to create something beyond good and ordinary is our priority.

Today with 7 state-of-the-art and highly advanced manufacturing units and enormous production capacity of 1,75,00,000 square meter per annum, Icon has carved a niche for itself as one of the most premium tiles brand in the country.

To grow is natural, but there are few who choose to evolve in quest for excellence. Three decades of strong reputation, leadership in technological advancement and legacy of success is the identity of Icon Group.

# GRES ARAGÓN

SOLUTIONS FOR LIVING

They are one of the leading manufacturers of extruded tiles. Their production capacity of 10,000 m<sup>2</sup> a day and a catalogue of more than 1000 references, most of them special tiles, make us one of the world's largest manufacturers of this type of product.

They supply a wide range of exclusive designs for floor tiles that are especially resistant to chemicals and offer the outstanding specifications that these type of specialised applications always require.

Gres Aragón uses the finest natural clays in its production processes: top quality raw materials that are fired for 24 hours at temperatures of more than 1300°C to produce fully vitrified tiles that are extremely tough and offer outstanding technical specifications. Gres Aragón is committed to making ongoing improvements to its production processes and products as a means of ensuring greater customer satisfaction. It is also environmentally aware, using an integrated Environmental & Quality-Control Management System certified as complying with ISO 9001 and ISO 14001.
