## BOPP TAPES

BOPP is Biaxially Oriented Polypropylene (BOPP) Film coated with water based adhesive and our adhesive tapes are made from superior quality adhesive, which provides high tack and adhesion strength required for sealing of cartons to make them pilfer proof.

BOPP film is commonly used for applications that require moisture resistance, optical clarity and high tensile strength such as: Food & Beverage Packaging. Medical Packaging. Personal Care Product Packaging.

When you have BOPP tapes, you can have greater flexibility while packing materials. The tape's surface can be coated and printed easily. This means that you can easily custom print the tapes as per your needs. You can also slit the tape if you want to do so. These tapes can deliver excellent performance even when operating under extremely high or low temperatures. They make use of hot-melt synthetic rubber adhesives in order to ensure fast, consistent and reliable sealing. The adhesive also helps to make sure that the tape has UV resistant and shear resistant features.

## STRETCH FILMS

Stretch wrap loads are more secure which minimize shipping damages. UVI stretch films can protect products stored outdoors from UV rays. Strong opaque films conceal load contents and reduce instances of pilferage.

Stretch films keeps products free of dust, moisture and dirt. Not only do they pack products properly but also reduce product loss during the loading and unloading of boxes. Stretch films are a must-have for all Packaging Solutions industries.

- Ideal for Light weight packaging
- Re-Inforcing
- Laminating
- Label Protection
- Bundling

## PAPER SHOPPING BAGS

Bags have the job of protecting the high quality daily life products- with each product having its own requirements. ## BROCHURES & LETTERHEADS

In a technology-driven world, more companies are using brochures. Why? Brochures send the subtle message that your business is professional, reliable, and committed to quality. If you're considering using brochures in your marketing plan, take notice of the following benefits as well. Compared with some online marketing options, brochures are a low-cost marketing plan. Plus, most professional print shops will work with you to design and produce sleek brochures that fit your budget. Brochures also decrease in price if you buy in bulk. Brochures are easy to distribute and cost effective. They build trust and hold lots of information. Very important it personalizes your business.

- Finishing: Glossy & Matte
- Brochures Thickness: 100GSM | 115GSM | 135GSM | 170GSM | 350GSM

Letterhead is a great advertising tool. Think about it. Your company letterhead contains the company name, logo, contact information, and generally your website address. This allows you to give people the chance to further investigate your business when they want to do so. One of the letterhead benefits that is often forgotten about, is the legality that is added to the document. This helps by allowing you to use the document later on, if needed, for court proceedings or other legal purposes. The document can show your proof of communication or other information you need to provide. It also helps to distinguish between the original and copies that are created.

- Letterheads Thickness: 80GSM | 100GSM | 120GSM
- Letterheads Sizes: A4 | A5 | A6
