2	60 ppm	48 ppm	10 min
3	90 ppm	72 ppm	5 min

**RECOMMENDED USE INSTRUCTIONS**

**JUST THE FACTS** **2019 NOVEL CORONAVIRUS (COVID-19)**

An estimated **80%** of ALL infections are transmitted by hands.

Hand washing can reduce the risk of respiratory infections by **21%**.

**97%** of people don't wash their hands adequately.

**Wash hands frequently with soap and water or use alcohol-based hand sanitizer.**

**Avoid close contact with anyone with cold or flu-like symptoms.**

**Consult with local health authorities on all necessary procedures and up-to-date information.**

**Reduce your risk of coronavirus infection:**

- Clean hands with soap and water for at least 20 seconds.
- Avoid close contact with anyone with cold or flu-like symptoms.
- This applies to coughs and sneezes.
- Avoid contact with surfaces that have been touched by someone who is sick.

**MINIMIZE THE RISK**

- Follow all public health recommendations and guidelines.
- Wear masks frequently with soap and water.
- Use an alcohol-based hand rub.
- Clean and disinfect surfaces and high-touch objects with approved disinfectants.
- Ensure availability and proper training of personal protective equipment (PPE).
- Minimize close contact with persons who have symptoms of respiratory illness.

**For more news about Covid-19's effects for disinfectants and hand sanitizers, contact your local sales and service representative.**
