WHO WE ARE?

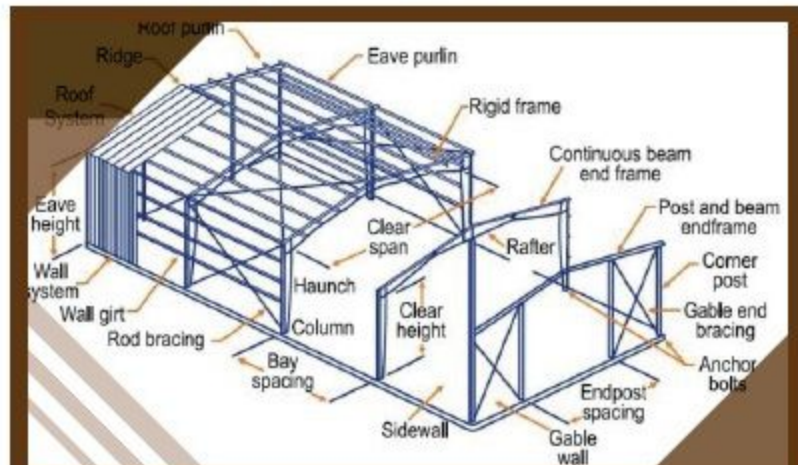

Leopard Contracting & Steel Construction L.L.C. in United Arab Emirates based company, specialized in industrial Civil Construction & Steel Structures.

Leopard has built a strong reputation for delivering a quality services, on time, and experienced in all aspect of industrial construction, combines with our extensive knowledge of the UAE market, and established as a major player in this industry.

Our commitment to innovation and excellence invariably results a successfully completed projects. We understand and promote the idea of working as a partnership with our clients to ensure their goals are met.

We undertake a variety of projects from small private developments to large government projects.

Our unique and flexible project management systems ensure that a positive outcome is achieved regardless of size or nature of the project.

B. Steel Structures

Our other specialty is all kinds of steel structures, including design, fabrication, blasting, painting, creation of steel and cladding (sandwich panels/single skin sheets).

Steel has become a predominant material in the construction industry because it provides designers with the freedom to develop fresh structural solutions.

The distinctive qualities of steel products like structural, pipes, trend plants, flat bars and heavy angles such as adaptability, beauty, cost-affectivity, durability and ductility, this metal the material of choice for many builders, engineers and architects.
