## **The Company**

Golden International Lubricants is an independent manufacturer of lubricants in the UAE. The company is professionally managed for providing the best in both technical and cost effective solutions to customers.

The factory is specially designed and built to meet the best world standards in a way to allow future expand and develop.

## **Quality Control**

The factory is using strictly only the best virgin base oil accompanied by the best additives from the most reputed manufacturers in the world. We have seriously invested in the best advanced testing equipment to ensure the same correct results every time. By building our own fully equipped laboratory, we track every step of the production to deliver the most accurate and dependent results every time. In Addition, there is no delay to respond to our customers while assuring the secrecy.

## **Manufacturing**

The company has realized that the key of delivering the best in quality and value is by being independent in every step of the production process. We have a complete production line, starting from the many storage tanks in various sizes and capacities, huge effective kettle, advanced mixers and with a world class piping system which has always been at the center of our costumers' attention and admiration.

Our filling lines has built and designed for speed, cleanness, accuracy and multi production at the same time, accompanied by the best trained staff that have proved their ability to handle any situation at any circumstances.

## **Storage**

A perfect production should always end with the best storage facility. Our huge covered and well ventilated warehouse is our insurance that the final production is in the safest possible environment for delivering it in its best original condition every time.

## **Delivery**

Time is money. It is a simple fact but it is the heart of any successful business. The customer requires an immediate respond with the most accurate delivery time. Dealing with the best delivery and shipping companies insuring that our efforts to produce the best quality will continue in safe hand until the final destination.

## MOTOR ENGINE OILS

CRAFFT ALFA Motor oils are high quality multi-grade lubricants specifically designed for gasoline engines specially formulated for use in most severe operations in hot and cold climates suitable for both naturally aspirated and turbo charged passenger car and diesel engines.

### Benefits

- Exceeds the requirement of API 'Energy Conserving',
- Superior chemical & thermal stability
- Improved cold starting property
- Maximum lubricity property at high temperature operation
- Superior viscosity retention.
- Excellent engine cleanliness.
- Best performance in all mineral, semi-synthetic and fully synthetic blends

### SAE Grades

SAE - 0W30, SAE - 0W40, SAE - 5W30, SAE - 10W30, SAE - 10W40, SAE - 15W40, SAE - 20W50

### Available API Grades

SL/CF ,SJ/CG4 , SM/CF,SJ/CG40 , SL/CI4 , ,SF/CF , SJ/CG4,SF/CD , SJ/CH4 , SC/CC

### Available Packing

1 Liter , 3 Liter , 4 Liters , 5 Liters , 20 Liters , 25 Liters & 208 Liters

## DIESEL ENGINE OILS

CRAFFT ALFA Turbo Diesel Engine Oil is a multi-grade & mono-grade engine oil for naturally aspirated and turbo charged diesel engines. It is a high performance oil providing extended drain interval. It has superior quality detergent/dispersants, anti-oxidants, anti-wear and corrosion inhibitors. Its viscosity index improver does not shear off under sever operating conditions.

### Benefits

- A multifleet oil for both diesel and gasoline engines.
- Keeps engine clean through an excellent detergent additive.
- Superior low temperature sludge and corrosion wear protection.
- Longer drain intervals, and fuel economy.

### SAE Grades

SAE - 10, SAE - 30, SAE - 40, SAE - 50, SAE - 60, SAE - 70, SAE - 15W40, SAE - 20W50

### Available API Grades

CC/SC , CD/SF , CF/SF , CF4/SJ , CG4/SL , CG4/SJ , CH4/SJ , CI4, CI4/SJ

### Available Packing

1 Liter , 3 Liter , 4 Liters , 5 Liters , 20 Liters , 25 Liters & 208 Liters

## MARINE OILS

CRAFFT ALFA MARINE is a family of specially formulated oils to meet the requirements of both Diesel and Heavy Fuel marine engines with high sulfur content.

They are made from top quality virgin paraffinic base stock with strong additive package to insure the best performance and TBN with all kinds of lubricants including Crank Shaft Oil, System Oil and Cylinder Oil.

### Benefits

- Cleaner engine,
- Reduced piston, ring and valve deposits,
- Effective protection against corrosion

### SAE Grades

30, 40 and 50

### Available API Grades

CD

### Available Packing

208 Liters & Bulk

## HYDRAULIC OILS

CRAFFT ALFA Hydraulic oils are high quality lubricants to be used in heavy on road and off road automotive hydraulic systems. It IS made from solvent refined high VI base stock combined with anti-wear, defaming additives and rust inhibitors. CRAFFT Hydro fluid AW is recommended for all mobile and stationary hydraulic systems operating under severe conditions. It can also be used in circulation, splash and ring oil lubrication systems and compressors where recommended.

### Benefits

- Cleaner servo valves, less chances for sticking.
- Multi-metal compatibility under wet and dry conditions.
- Superior filterability increases filter life.

### ISO Grades

SAE - 10W, ISO-22, ISO - 32, ISO - 37, ISO - 46, ISO - 68, ISO - 100

### Available Packing

1 Liter , 3 Liter , 4 Liters , 5 Liters , 20 Liters , 25 Liters & 208 Liters

## AUTOMOTIVE GEAR OILS

CRAFFT ALFA Gear Lube is an automotive gear oil made from solvent refined base stock and mild EP, defaming and pour point depressant additive. It is suitable for automotive manual transmissions, drive axles, final drive of passenger cars, light and heavy trucks.

### Benefits

- Superior protection against wear.
- Superior thermal and oxidation stability at elevated temperatures.
- Excellent protection against rust and corrosion.
- Longer gear life and oil drain.

### SAE Grades

SAE - 90, SAE - 140, SAE - 80W90, SAE - 85W90

### Available API Grades

GL1 - GL4 - GL5

### Available Packing

1 Liter , 3 Liter , 4 Liters , 5 Liters , 20 Liters , 25 Liters & 208 Liters

## AUTOMATIC TRANSMISSION FLUID (ATF)

CRAFFT ALFA Transmission Fluid is made from high viscosity index solvent refined base stock complemented with high quality additives. It can be used in power shift transmission, power steering and hydraulic units. It is blended from highly refined base stock and state-of-the-art additive package.

### Benefits

- Better wear protection.
- Low temperature fluidity.
- Resistance to oxidation and high thermal stability.
- Protection against rust and corrosion.
- Compatible with material used in clutches & clutch plates.
- Smoother shift in transmissions.

### SAE Grades

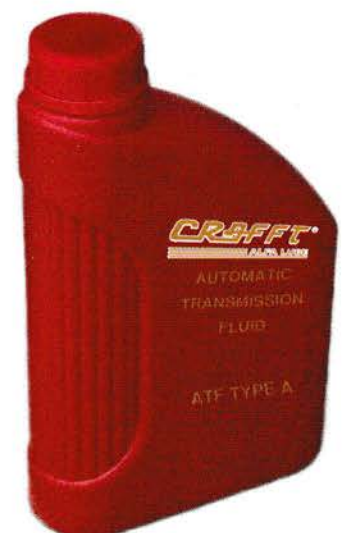

SAE - 10, SAE - 20

### Available API Grades

Type A , Suffex A , Dexron II , Dexron III, Dexron VI

### Available Packing

1 Liter , 3 Liter , 4 Liters , 5 Liters , 20 Liters , 25 Liters & 208 Liters

## **TURBINE OILS**

CRAFFT ALFA Turbine Oil meets and exceeds the requirement level of General Electric GEK-32568 A, Solar, Dresser Clark & Ruston. CRAFFT Turbine Oil GT is recommended for all industrial gas turbines used in electric power generation, power take off units and marine propulsion.

**ISO Grades :** ISO - 32, ISO - 46, ISO - 68, ISO - 100

## **COMPRESSOR OILS**

CRAFFT ALFA Compressor Oil-GP is made from solvent refined HVI paraffinic base stock complemented with anti-oxidants, defaming and ant-rust additives. CRAFFT Compressor Oil-GP is recommended for rotary screw, vane, centrifugal and reciprocating multi and single stage air-compressors.

**ISO Grades :** ISO - 22, ISO - 32, ISO - 46, ISO - 68, ISO - 100, ISO - 150, ISO - 220, ISO - 320, ISO - 460

### **Benefits**

Products available with appropriate additives and meeting OEM,s approvals.

## **Industrial Gear Oils**

CRAFFT ALFA Industrial gear oils are mineral based industrial gear oils (unleaded type) made from high quality HVI paraffinic base stock blended with a superior EP additive package. They provide excellent protection against wear, rust and corrosion. CRAFFT ALFA Industrial gear oils meets AGMA 250.04, David Brown ET33/88 and US Steel 224.

**ISO Grades:** ISO - 32, ISO - 46, ISO - 68, ISO - 100, ISO - 150, ISO - 220, ISO - 320, ISO - 460,

## **BRAKE FLUID**

CRAFFT ALFA Super Brake Fluid has good vapor lock characteristics, and has the required lubricity, anti-corrosion and anti-wear properties for long trouble free hydraulic braking systems. It is recommended for automotive type brake and clutch systems.

### **Performance Level - API**

DOT 3 - DOT 4 - DOT 5

## **GREASES**

CRAFFT ALFA Lube multi- purpose greases available in various brands like, General Purpose Grease , Extreme Purpose Grease , Wheel Bearing Grease , Multipurpose Grease.

### **Performance Level**

NLGI 2 & 3
