#### LAUNCH

In the pursuit of the ideal workspace, a variety of products have been created to increase comfort, productivity and convenience. We have shifted our attention to an important element in this equation. Our health. By nature, we are not sedentary beings, so limiting our mobility goes against that very nature, often resulting in poor health. The simple act of standing 15 minutes every hour has proven benefits, by boosting energy and in turn increasing our productivity.

**Launch** yourself into the era of revitalizing workspaces.
