

About SEA GLOBAL Electromechanical Works

SEA GLOBAL Electromechanical Works specializes in a range of core activities, including Supply & Installation, overhauling, repair, rewinding, Commissioning & Advance Troubleshooting for Generator sets, Motors, all types of Pumps, Compressors, all types of Electrical panels, VFD, PLC, Firefighting solutions, Marine diesel engines, Gate Barrier, Hydraulic equipment, and all types of MEP Works, among others.

Our mission is to assist our clients in conducting their business with confidence, ensuring that their equipment performs at peak levels, precisely meeting their requirements. We offer comprehensive onsite support and equipment testing to guarantee complete satisfaction.

Our team comprises well-trained and highly motivated professionals, enabling us to provide our clients with the highest quality of service. We are available 24/7 through our call-out facility, ensuring that our clients receive the service they deserve.

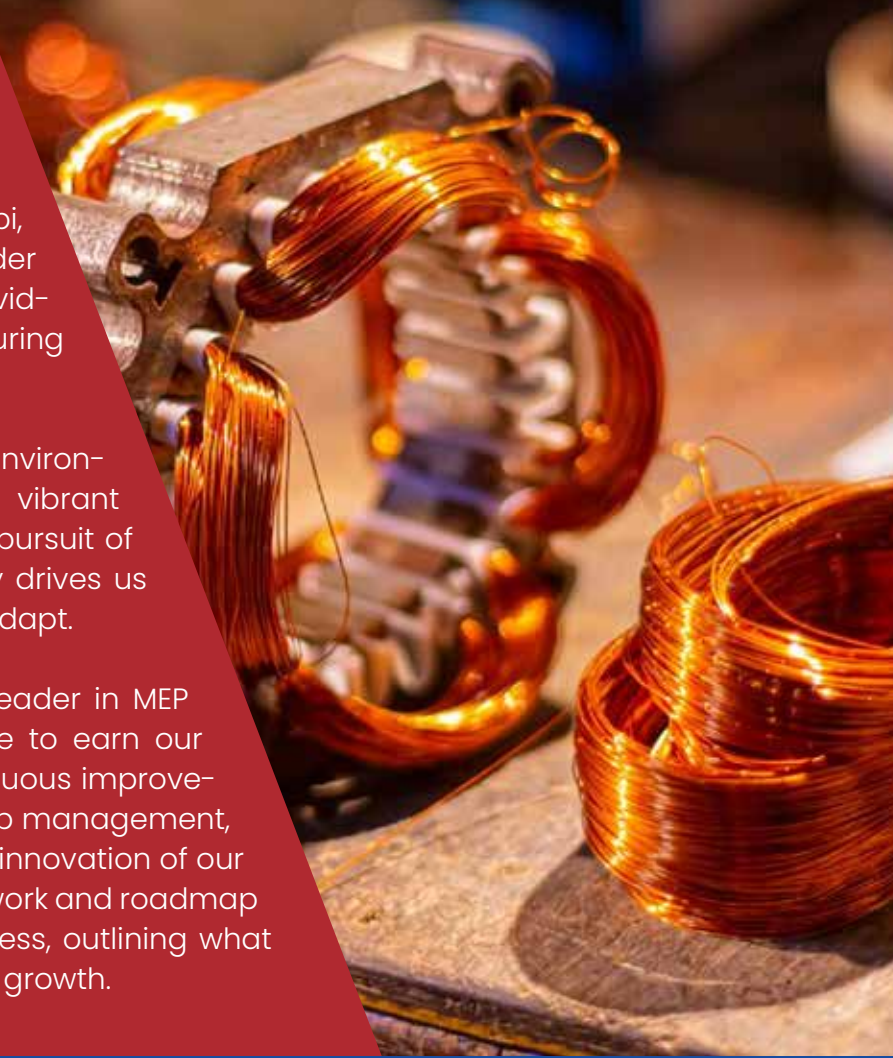

One of our primary services includes Annual Maintenance Contract (AMC) Packages for Generator sets, all types of Motor rewinding, and all types of Chillers. These packages offer our clients complete care for their systems, providing peace of mind and relieving them of maintenance concerns. We guarantee that your project will be executed correctly, ensuring your satisfaction.

Mission & Vision

We are one of the pioneers in Abu Dhabi, which encourages us to work even harder to achieve our primary objectives : providing just-in-time services and ensuring utmost customer satisfaction.

We nurture a caring and cohesive environment to create a dynamic and vibrant workplace. Our belief in the relentless pursuit of excellence in services and technology drives us to continually develop, innovate, and adapt.

Our vision is to become the market leader in MEP works and related services. We aspire to earn our customers' enthusiasm through continuous improvement, a commitment upheld by our top management, as well as the integrity, teamwork, and innovation of our people. Our vision serves as the framework and roadmap that guides every aspect of our business, outlining what we must accomplish to sustain quality growth.

Core Values

- We are committed to serving our Customer.
- We are committed to sustainability and to acting in environmentally friendly practices.
- We are committed to investing in society's well being and human capital development.
- We are committed to integrity, honesty, transparency, and ethics.
- We are committed to creativity, innovation, and excellence.
- We are committed to Quality, standards, safety, and customer satisfaction.

Oru Goals

We aim to expand regionally in the field of electromechanical and establish a robust customer base.

Health and safety

- Corporate wellness relies on the collective health and fitness of the workforce. Hence we maintain high standards of occupational health and hygiene at all our workplaces.
- Protection of the employees against the health hazards at the working environment, compliance of health and safety legislation and making the workplace healthier and safer is our constant objective.
- We practice some of the most serious safety practices in the industry. We endeavor to make our workplace a safe working environment.
- Dedicated safety personnel ensures that safety practices are followed by every employee and target the lowest LTI.
- We are not only committed to working in a safe responsible manner, respecting the health of our employees but also ensuring the environmental obligations.
- Our environmental goal is to promote development that improves the total quality of life, both now and in the future.
- We constantly strive to set and accomplish targets that endorse optimum efficiency of the natural resources used and thus reduce the impact of our operations on the environment

OUR SERVICES

Electrical

Specializes in the Electrical Systems- Supply, Installation, troubleshooting, service, and commissioning

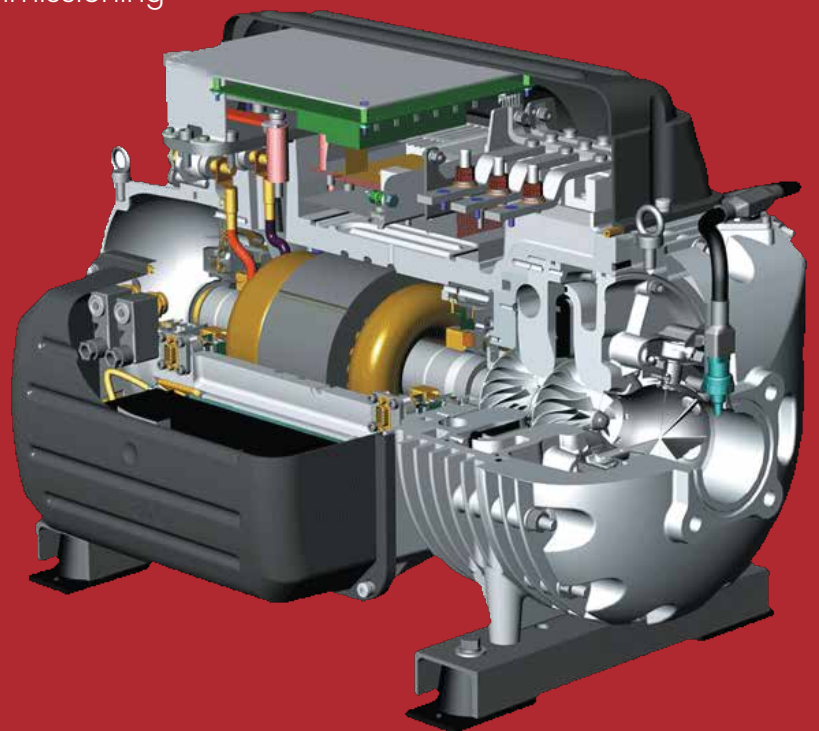

- Power Distribution
- Machine Rewinding
- AC/DC Motor Rewinding
- All types of armature rewinding
- Generator rotor stator rewinding
- Backup Generators sets
- Maintenance Contracts
- Temporary and Special Events Wiring
- Advanced Troubleshooting
- Refurbishment & Renovation works
- Industrial Electronic Repair
- Custom Control Panels
- Supply and installation of all types of VFD
- Lighting Retrofits
- Programming/Engineering

Mechanical

Specializes in the Mechanical Systems- Supply, Installation, troubleshooting, service, and commissioning

- All types of Chiller Compressor
- All types of pumps
- Backup Generators sets
- Marine diesel engines
- Firefighting engines
- High and Low-pressure pipeline
- All type of pumps
- Equipment Installation
- Maintenance Contracts(AMC)
- Electrical motor
- Mechanical equipment's
- Equipment Relocation/ Moves
- Hydraulic equipment
- Harvey Valves and Fittings

HVAC

Specializes in the HVAC Systems- Supply, Installation, troubleshooting service and commissioning for:

- All types of Air Conditioning (Chiller's, FCU, AHU, FAHU, VRV/VRF, Package, Split etc....)
- Ventilation & Exhaust
- HVAC Chilled and Hot Water Systems
- HVAC Systems Leak Testing
- Building HVAC System Commissioning
- Duct Fabrication
- High- & Low-pressure Pipeline, Valves, NRV etc.

Water Trank Services

SEA Global Electromechanical Works focus is on providing Pump Repairing Services for Pumps. Water Pump Repair overhauling and service at every stage prior to, during as well as after purchase.

- Water Tanks Repairing &
- Cleaning:
- Water Tank Repairs
- Commercial &
- Residential Water Tanks
- Repairing Cleaning
- GRP Water Tank Repairs
- GRP Panel Tank Repairs
- GRP Lining work

Water Pumps Repairs

- All types of pump repairing
- Industrial pump repair
- Home pump repair
- Domestic pump repair
- Sewage pump repair
- Water pump repair
- Centrifugal pump repair
- Submersible pump repair
- Double section pump repair

Generators Repairs and Services

- GENERATOR AMC
- GENERATOR REPAIRING 5 TO 5000KVA
- GENERATOR SERVICES
