About Us

Mena metal

We are focused on building trailers to meet the high standards of quality, precision and performance demanded by our customers. We believe in innovation and creativity, which help us to excel in our industry and have trailers, tippers, flatbed and low-bed semi-trailers, storage tanks & silos. We aim to become a supplier of choice in the MENA region. No matter what your need is, we can supply it.

Offering a broad range of high-quality end products to meet your business needs, MENA metal provides design and build solutions that are fair cost and easy to maintain. Our bunch of leading Design Engineers, Manufacturing Engineers, and Assembly Operatives work closely together to use technologically advanced machinery to create a variety of customised trailers specific to your needs and create a profoundly diverse product range in the industry. On our sophisticated equipment with state-of-the-art technology, the sheets and other components are first cut and then precisely bent, rolled or welded together! In many ways to build customised trailers for each customer using quality materials and have been working with reputed clients in the UAE to cater to the GCC region, such as Oman, Yemen, and Africa.

Our Mission

Our vision is grounded in transforming lives, communities, and businesses using our resources and technical expertise. We would be proud to maintain our position as industry experts by implementing constant innovation, quality-focused systems, and a solid customer base. We are making it possible by creating advanced technological processes and product solutions by providing a safe, sound, and caring work environment for our communities and indicating high ethical standards in manufacturing.

Our Vision

We are striving to be truly customer-centric to extract sustainable ways to make a difference in the industry. More than providing a product or service, we are bound to provide every customer with a great partnering experience. We want deeper customer relationships on a human level by investing in every individual experience, from the first contact to a loyal customer.

Trailer

We are a renowned manufacturer of low-cost trailers in the UAE that provides top-of-the-line equipment to businesses and industries. We design and build the best heavy-duty vehicles in the field that suit individual applications. Almost every industry relies on the trailer and commercial trucking to transport goods. The trailers we manufacture are meticulously designed to provide the best durability and towing experience when transporting any cargo.
