WE EMERGE INTO YOUR IMAGINATION....

## ABOUT US

---

**Emerge Steel Fabrication LLC provides “Design and Build” Metal Fabrication services. The company laid in Sharjah as a vision of creativity & innovation in Architectural Metal Works. We are one of Architectural Metal fabrication Company produces Sophisticated Metal Products. Using a combination of experienced people, Processes, and technologies, we provide outstanding value for our customers. Moving from strength to strength, taking the smallest of steps with a strong belief in delivering top quality metal products to our esteemed clients, the company become the most renowned fabrication**

## CORE VALUES

---

- 1. COLLABORATION** - Our work environment gives everyone the opportunity to drive change in each work area through collaboration with team members. In order for our company to grow, it takes a collective effort between employees and management to make Counterpart, Inc. a company on the move.
- 2. ACCOUNTABILITY** - We work together to get the job done. Our entire staff and workforce are personable and kind. With accountability, we're able to grow our team and metal fabricating services for customers.
- 3. INTEGRITY** - As a full-line metal fabricator, we believe there must always be a high level of quality to lead the industry. We value integrity in providing on-time delivery, responsiveness, and clear communication to customers.
- 4. TRUSTWORTHINESS** - We rely on each other to make every metal fabricating project run smoothly. Trustworthiness is our guiding principle through getting the job done with each other's help and individual efforts.
- 5. CONTINUOUS IMPROVEMENT** - Our team works with the latest cutting edge technology. Because of this, we make continuous improvements to our day-to-day operations to remain efficient. We apply Kanban inventory management to reorder and replenish stock for only necessary components when working.
- 6. CAN-DO ATTITUDE** - When you work at a metal fabrication company like ours, everyone knows your name. Our team's work ethic and positive, can-do attitude gives us the ability to succeed for our customers.

"We see opportunity in every difficulty"
