ABOUT US

Capital Fiber Glass Tank Industry LLC is ISO 9001 : 2015 certified manufacturing leading company formed in 2011. We are specializing in glass re-inforced plastic [GRP] PRODUCTS, grp tanks, sectional tanks which are highly durable and resistant to different weather condition.

We use the latest technologies in the field of manufacturing. We are also in the field of GRP lining of superior and long term performance with high quality durable materials for RCC tanks, swimming pool, drainage manholes, pipelines and GRP special aquarium products for marine.

Our well trained technicians with an advanced technology design and develop as per the clients requirements and specification the installation and inspections, testing and servicing are strictly managed and controlled under the best quality British standard.

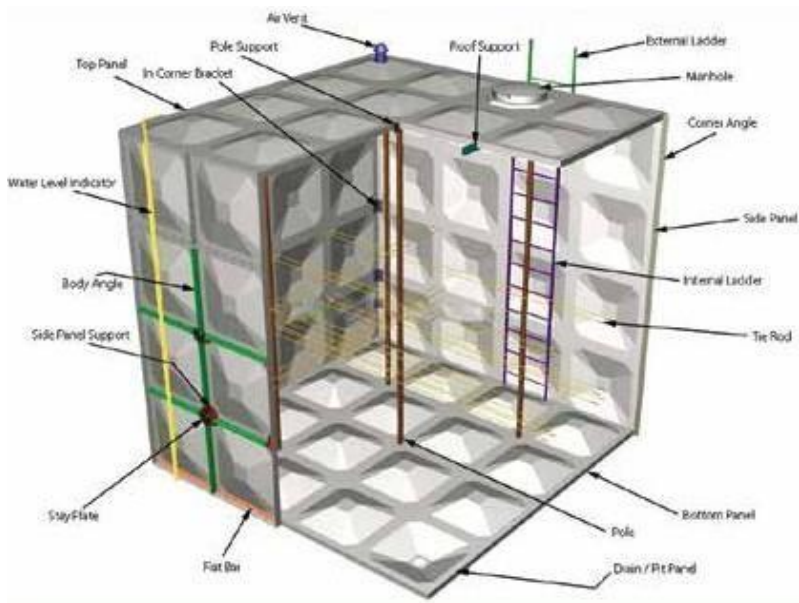

Why GRP PANELTANKS?

GRP panel tanks are engineered for high performance and tested to the highest requirements of BS and ASTM standards, high quality raw materials are used under strict quality control during all manufacturing process.

These tanks are safe and hygienic for storage of drinking water and prevent algae, bacterial growth by isolating outside light. Sectional GRP panels, facilitate assembly at site with ease making construction time shorter.

Main Components	External Structural Support	Internal Structural Support	Tank Accessories
Roof Panel Side Panel Base Panel Drain /Pit Panel	Body Angle Corner Angle Flat Bar Stay Plate	PVC Pipe Pipe Support Tie Rod Roof Support In Corner Bracket	Access Manhole Air Vent Water Level Indicator Internal Ladder External Ladder

INSTALLATION PROCESS

1 Bottom Panel

2 Side Panel (I)

3 Side Panel (II)

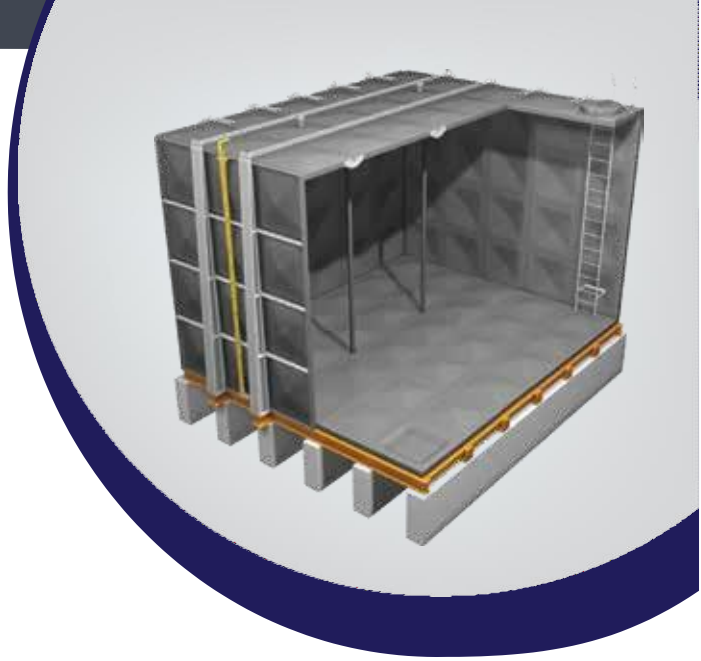

4 Side Panel (III)

5 Roof

6 Completion

BENEFITS

- In compliance with international standard
- Hygienic for storage of drinking water
- Ultra violet protection against algae growth
- High flexural & tensile strength
- Engineered for reliable performance
- High Corrosion resistance
- Long Life
- Maintenance Free
- Light Weight
- Easy to assemble
- High temperature cutting (150 c)
- High molding pressure (70 bars)

PRODUCTS

- CUSTOM MADE GRP PRODUCTS
- GRP CHEMICAL TANK
- GRP SHUTTER MOULD
- GRP KIOSK, ENCLOSURE, CABINET
- GRP LAMINATION
- GRP MOLDING GRATING
- GRP BUCKET & SAND TRAP
- GRP PANEL WATER TANK
- GRP AQUARIUM PRODUCTS & GRP ROCKS
- GRP CEILING PLATE (PUSH FIT TYPE)
- GRP PRECAST MANHOLE LAMINATION
- GRP THEMING PRODUCTS
- GRP FISHTANKS
- GRP SAND FILTER TANK REPAIRING
- GRP PLANTER BOX
- GRP PLATFORM, LADDER STAIRS
- GRP SEPTIC TANK UNDERGROUND
- GRP STRUCTURAL MANHOLE, LINER AND BENCHING
- GRP SUNSHADE, CAR PARKING SHADE
- GRP FLOORING FOR AQUARIUM
- GRP DUSTBIN

GRP LINING

GRP Lining is a significant application in the fiberglass industry. GRP has diverse applications including corrosion resistance. Structural strengthening and waterproofing. It can be found in most if not all GRP tank like water storage tanks, sewerage tank, chemical storage tank, tank roof lining, grp pipe, manhole, sewage sump pit, cooling Towers, chemical plants, firefighting networks, and water transmission pipelines etc.

GRP Lining will completely and seamlessly seal the cracks, leaks, corrosion and flaking materials. It offers a new life to damage/eroded walls providing a long term.

- UNDERGROUND RCC WATER STORAGE TANK
- SWIMMING POOLS
- PIPELINES
- DRAINAGE MANHOLE AND TANKS
- GRP AQUARIUM PRODUCTS
