RELIABLE ENGINEERING SOLUTIONS COMPANY

We are a global engineering solutions company that provides Life Safety & Security Solution for all your needs with core focus in the UAE. We offer personalized solutions and a comprehensive range of services to business all around the world.

RESCO was founded in the year 2009 and since then we have helped many businesses by providing them the best fire safety in UAE and various other solutions that can help them in maintaining a safe environment in their premises. We are one of the leading fire protection solution providers in UAE and export our products all over the globe. Our expert team comprises of highly experienced technical and management professionals, and trained workers from various fields.

Our products are customised based on the specific requirement and budget of our clients. Whether you are an owner of a commercial

building, hotel, hospital, or a residential building, we have the right solutions that best fit for your needs. Apart from fire safety, we also provide MEP Works, CCTV, CO system for closed car parking, and various other solutions. Due to the recent COVID-19 pandemic, we introduced the service of installing sanitizing booth/tunnel & fogging services in UAE. These tunnels were very useful during this challenging period and can manage sanitizing high volume of people.

We are proud of our easy to use battery operated sanitizing machines which are also getting exported to other GCC and North African countries.

MISSION

We, at RESCO, are committed to providing Life Safety & Security Solution. We want to focus on public safety through the various solutions provided by us. At RESCO, we are inclined towards making our community a better and safer place

VISION

We want to be an internationally recognized and trusted leader in Life Safety & Security Solution provider in every way. Fullfilling customer needs beyond their expectations

Testimonials

“ We at DPP Would like to express our sincere appreciation towards the prompt and professional services we have received from your team in line with the disinfection and Sanitization. The RESCO Team has Done o Excellent Job in Regards to the disinfection. Many thanks once again for the services we have received. The support from you has been truly acknowledged and appreciated. We look forward to your co-operation and see you as our dependable partner. Wish you great success in all your endeavours.

- DUBAI PRINTING PRESS

“ RESCO is one of our premier system integrator on many of our prestigious projects for complete Fire Safety & Security Systems. They are extremely customer focused and cost conscious. All services and installations are all performed with the highest degree of craftsmanship by knowledgeable and reliable workers well educated in their trade.

- CONNEX

“ This is to certify that M/s RESCO Electromechanical LLC is a non-exclusive authorized distributor for Proco Products, Inc. Rubber Expansion Joints. They have been doing business with Proco Products, Inc. since 2019. We have received several orders since they have become one of our customers. They have been a frequent purchaser of our 240 Series Molded Spherical Expansion Joints.

- PROCO PRODUCTS, INC.

“ RED DOT has had the pleasure of working with RESCO for many years. From your initial contact to the supply and installation work of fire safety and security system works RESCO team shows their professionalism and timely attend and resolve the issues are excellent. As a whole, they make the process seamless. We take great value in our relationship and highly recommend RESCO to our partners.

- RED DOT ELECTROMECHANICAL

“ The coordination between contractor and site team was handled professionally by adhering safety protocols, following consultant guidelines for installation and coordinating with contractor for completion of installation and getting certified documents by consultant and client within the scheduled time. We are satisfied with their work and will highly recommend for other projects.
