Company Introduction

Deneb Group, established in 2009 and headquartered in Qatar, is one of the world's leading companies for elevator and escalator services. We use our experience of over a decade to provide outstanding elevator solutions with a clear-cut objective of exceeding customers' expectations. Our carefully screened team has a wealth of expertise within the elevator industry and with that we've expanded our footprint over Middle East as a recognized industry leader. Everyday we strive to meet the dynamic demands of modern business, achieve higher standards and provide our customers with the very best elevator services possible. We've dedicated our past decade to go above and beyond our clients' needs ensuring safety, fostering strong relationships and delivering enduring products. Deneb is your best partner in providing perfect design, supply, installation, maintenance, repair and modernization of elevators and escalators. Our delivered projects hail from myriad industries like hospitality, healthcare, oil and gas, real estate, manufacturing and residential projects. Deneb has worked with an entrenched commitment to deliver the desired results on time and often under budget till date. We revamp our services with the ever-changing world of technology to achieve the sublime standard.

Our Vision, Mission, Goals and Values

Vision:

To elevate our clients towards success by providing remarkable elevator service and by always being their first choice in the industry.

Mission:

To deliver seamless and effective elevator solutions ensuring their smarter mobility in a faster world.

We create long lasting relationships by providing professional services with integrity and an uncompromising focus on safety.

We live and breathe our customers and put our customers into all we do through our innovation and best practice.

With our steadfast adherence to quality and our consistent journey to attain excellence, we conquer the pinnacle of performance.

We are a family and we invest in each other by embracing our diversity.

Training & Development

Deneb performs scheduled manpower skills development to improve the overall performance of our personnel. Senior project staff is sent for training to integrate the new technologies available into our Project Execution Process. All the knowledge gained by senior staff is then imparted to all project execution personnel to ensure the quality standards are maintained and improved. Employees are graded and assessed regularly to monitor their modification rate and appropriate steps are taken to improve the overall efficiency and ensure the quality of our project execution.

Health, Safety & Environmental

Health and safety is at the heart of everything we do.

Deneb is proud to be ISO9001, ISO 14001, and OSHAS 18001 certified. Our process, procedures, systems and continuous training ensures that our employees carry out their daily activities with the correct precautions and safety measures that implement not only best practice but also compliance with internationally recognized safety codes and standards. We conduct our operations through efficient use of materials and energy, with minimum waste and harm to the environment. We adopt an extensive inspection schedule with our strong HSEQ policies, across all service areas, to ensure the safety of staff and customers alike. Our transparency results in potential risks being identified and resolved quickly.

Corporate Responsibility

Deneb Group initiate corporate social responsibility at all levels by integrating social and environmental concerns into all our operations. Our corporate responsibility is guided by the company's strong ethical values and family traditions and can be seen in a horde of arenas.

- **HSE Performance:** We've unwavering commitment to deliver outstanding health, safety and environmental (HSE) performance. We provide training and a culture of support for our employees to ensure that they're equipped to do their jobs safely. We too empower our team to cease a task if there's any unsafe condition at worksite or if there's any concern about the control of HSE risks because safety is at the core of our heart.
- **Sustainability:** We continually strive to reduce the environmental footprint of our products, processes and operations. We've embedded sustainability into our core business by reducing the energy, resources, space and on-site maintenance required by elevators.
- **Philanthropy:** We're passionate about enhancing lives in the communities where our employees and customers live and work. We volunteer philanthropic activities to support the needy in the areas of education, economy, infrastructure and health.
- **Our Response to the Pandemic:** During the ongoing COVID-19 pandemic, we kept our foot firm to help our customers safely, while protecting our associates and their families. We've activated a COVID management team to reduce the spread of virus and to implement certain safety guidelines like rotational shifts, social distancing, masking protocols and enhanced hygienic work standards.

Elevator And Escalator

- ▣▣▣ **New Installation**
- ▣▣▣ **Repair & Maintenance**
- ▣▣▣ **Modernization**

DENEb., is young & enthusiastic company purely driven by passion to excel and determination to grow. We are a technology company engaged in the manufacturing, supply, installation & maintenance of elevation systems. Our products are equipped with the best components that meet the strictest Quality Standards, ensuring Safety entwined in comfort.

▣▣▣ New Installation

Deneb Group has over ten years' experience in elevator installation in a diverse range of sectors throughout GCC. We install elevators and escalators in all types of buildings ranging from hospitals, universities, sports facilities, hotels, shopping centres, warehouses and offices. We install after designing elevators as per your needs and energy efficiency targets. We offer a wide range of commercial lifts, industrial lifts as well as lifts for residential properties

▣▣▣▣ **Passenger Lift**

They're designed to install in a wide range of sectors like hospitality, healthcare, residential and administrative buildings, and much more. We've low-rise (up to 5 stops), mid-rise (6 to 15 stops) and high-rise (16+ stops) elevators without compromising performance, quality and energy efficiency.

▣▣▣▣ **Car Lift**

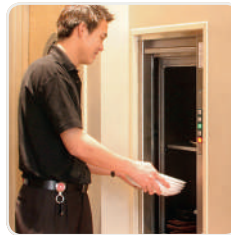

We deliver high quality car lifts that suit the demands of any dedicated car enthusiast. We offer 2 post car lifts, 4 post car lifts, alignment lifts, car storage and parking lifts, mid-rise lifts, car scissor lifts and more.

▣▣▣▣ **Goods Lift**

We've the ideal solution if goods are to be carried across many floors smoothly, quickly and efficiently. Our range of goods lifts are made with the highest quality, durable equipment, ensuring reliability in safely transporting goods ranging from 300 kg to 10,000 kg.

▣▣▣▣ **Dumbwaiter**

We offer smart dumbwaiters that allow the prompt and convenient transportation of food and beverage which in turn saves time and labor resources to a large extend.

**KEY
AREA**

▣▣▣ **Bed Lift (Hospital Lift)**

Deneb installs hygienic bed lifts and patient stretcher lifts for the easier transportation of patients and medical equipments. Our healthcare lifts offer an extensive range of load capacities and can be a perfect solution for any type of health and medical firms of any size.

▣▣▣ **All type of hydraulic lifts**

We provide all types of Hydraulic lifts for different applications. Hydraulic elevator require lesser amount of space because their hoist way doesn't require as much space. These units are much more effective when it comes to lifting higher loads.

▣▣▣ **Villa lifts**

We provide villa lifts like a home appliance works on a single phase plug & play with less electricity consumption. The designs will be well integrated inside or outside the villa. We can provide tailored customization to blend ideally with the existing layouts.

▣▣▣ **Escalators**

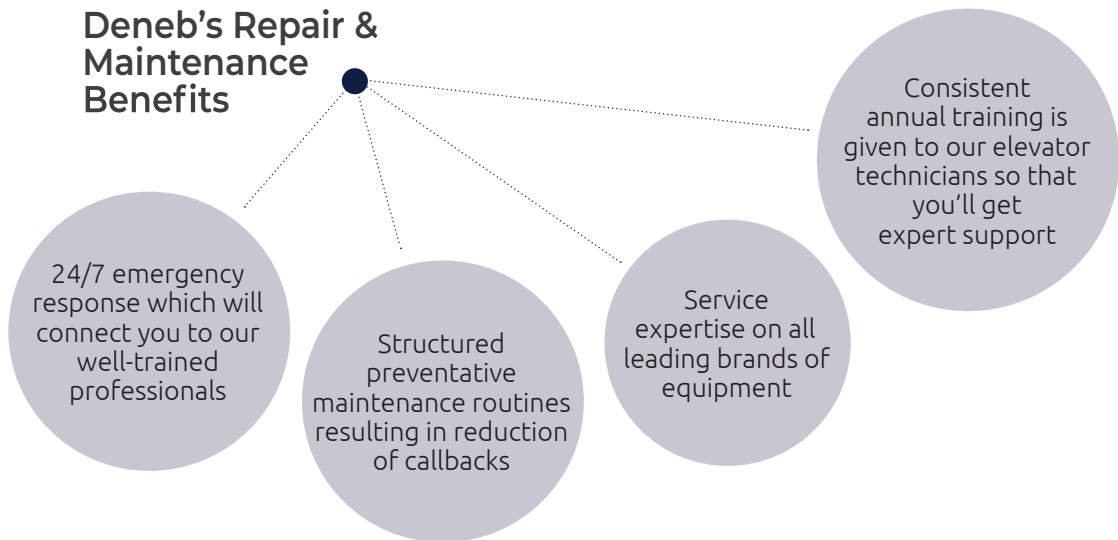

We provide mind-blowing escalators with a wide range of features like lowenergy LED illumination, energy-saving frequency converters as well as a variety of handrails, balustrades and cladding.

Repair & Maintenance

For the last ten years, Deneb Group has been one of the leading providers of lift maintenance and repair services in GCC. We deliver customer-centric repair service with a 24/7 emergency call out. During exigency, Deneb promptly dispatch the operations team of repair experts. We pass proper notification to building personnel during repair times and stock replacement parts for all brands of elevators, so that we can minimize elevator's down-time and customer inconvenience. We too perform preventative lift maintenance services to avoid potential lift breakdowns from happening.

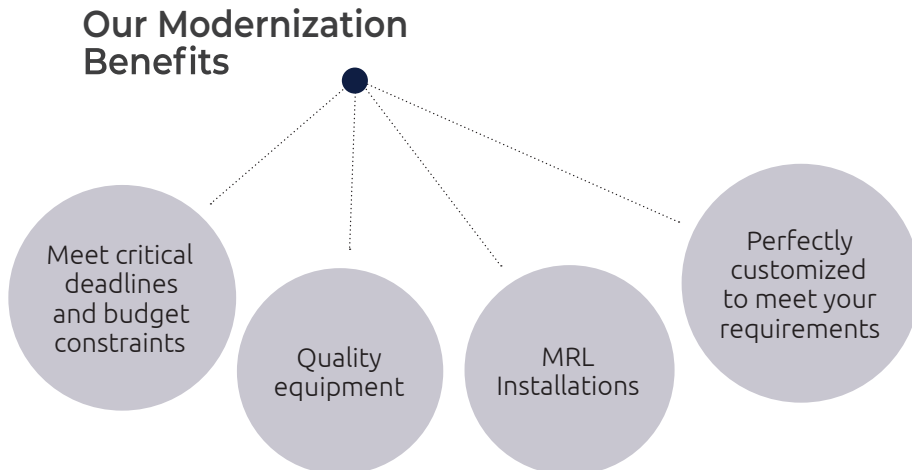

Deneb's Repair & Maintenance Benefits

Modernization

We offer right solution if you want to modernise your elevators to keep in line with contemporary standards. Our highly experienced technicians work hand-in-hand to eliminate expensive interruptions to elevators that must undergo modernization. We blend our highquality features with the existing system to meet the current standards and regulations.

Our Modernization Benefits

STEP
01

Our Skilled technicians and helpers will carry out the necessary preventive maintenance as per the schedule and prepare a detailed report.

STEP
03

Our maintenance supervisor will visit the site and ensure that proper maintenance has been carried out and will report his observation to the client and engineering manager.

STEP
02

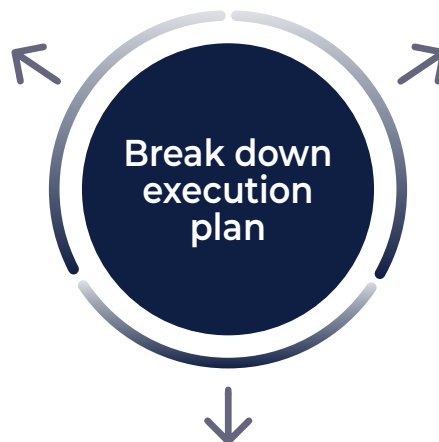

Our technician will submit the report to client and maintenance supervisor.

STEP
