OUR COMPANY

The Box Pool story begins when the company's owner, came to know that installing such an expensive pool set up in a location where people would eventually leave was a major concern. This problem prompted the idea that why not solve a problem that many people face in an effective and efficient way. Box Pool is a portable pool service that assists people in living extraordinary lives. In February 2022 The Company was officially registered. Over time, we added all other varieties of pools as a One Roof Platform. We provide manufacturing, maintenance, and cleaning services of swimming pool in Dubai and the UAE
