WE ARE MUNICH WOOD INDUSTRIES LLC!

Established in Sajja Industrial Area, Sharjah, United Arab Emirates in 2012, We, MUNICH WOOD IND. LLC, manufactures Wooden Pallets, Wooden Boxes, Frames, Crates, Wooden Cable Drums, Plywood Reels, Wooden Laggings/Battens, Wooden Packaging Materials, and other Wooden Packaging Solutions, which are supplied and provided confidently with excellent quality, best-competitive prices, availability, endless support, and on-time delivery. We also provide Heat Treatment services, cleaning and treatment of contaminated pallets, and produce Hybrid pallets to cater to customers requiring good quality product with competitive prices. These make MUNICH a competent producer and supplier, who have the resilient capacity to support and sustain for the necessities of valued customers.

Since the factory was recognized, it has undergone many challenges, which they had surpassed competently. The current success being enjoyed is the fruit of hard work, knowledge, development, experience, devotion, dedication, commitment, and dependability of all the people working in the factory. Their strength comes from its solid team of industry professionals with years of experience in wood processing and woodworks.

MUNICH'S GENUINE COMMITMENT

At MUNICH, we focus more on carrying-out our commitment to our clients that is to contribute to any companies, which are having individual and distinct requirements through proper provision and support, having them the feel of certainty that there is a firm and reliable supplier, who can be trusted on at any time.

In recent years of manufacturing and supplying, the Factory has proven its worth in terms of wooden products and packaging solutions, as we always deem to satisfy everyone whatever it takes, and that cost, availability, quality, and excellent services are paramount priorities to satisfy and to be recognized for being supportive, consistent, and dependable. The image of the company has been a word-of-mouth among companies in terms of competitive prices, excellent quality, precise designs and specifications, on-schedule delivery, availability, and its sincere commitment to support – making MUNICH a competent and customer-friendly business entity that anyone can always depend on to.

OUR FOCAL ATTRIBUTES AND COMPETENCIES

We are certainly serious in achieving our objectives within our company and to our customers. MUNICH has its own means to accomplish what it aspires by maintaining an enormous stock of various raw materials for production; numerous reserve of wooden pallets for immediate customer requirements; and highly-technologized machineries for speedy mass production; and a team of experienced and skilled workers eager and motivated to reach the most high level of productivity, customer service, and development. We also employ determined and assertive administrative and support staffs to realize our marketing and sales endeavors, mobility, investments, business development, and market competitiveness; complementing the promising and fast-growing market. The entire workforce is dedicated to contribute proficiency to attain goals and objectives, and to completely satisfy clienteles with all our best efforts and aptitudes. Thus, these all make MUNICH WOODS capable and effective in carrying out its commitment and assurance.

THE COMPANY'S SYSTEMATIC INFRASTRUCTURE

MUNICH'S systematic infrastructure is the main advantage it entails through working in an organized manner in order to maintain the entire system accurately, enabling to successfully provide beneficial services to respectable clients. The main office and manufacturing facility is situated at the Sajja Industrial Area, Emirate of Sharjah, which is considered an advantageous spot as an industrial hub for the region, accessible to all ports and free zones. It has significant advantages to companies due to the balanced diversification of industrial sectors, and the largest SME sectors in the region - over 45,000 companies - as potential customers. It is also having direct accesses to excellent logistical infrastructure, import, export or re-exports goods and materials, both into and out of the UAE.

Moreover, it holds a pre-eminent area, which is as a great position for a feasible market because it is populated with different industries and businesses, and it is poised to be a main player of the international business community in the Sharjah, with stable investment environment that makes it compete at a global level. It has a stability, which is reportedly having one of the highest levels of diversification, a strong manufacturing presence, abundance of small and medium-sized enterprises. It also has the four largest sectors contributing to the economy, including business services, manufacturing sectors, energy sectors, wholesale, and retail trades.

DEVOTED MISSION AND VISION

MISSION

MUNICH WOOD IND. LLC is not just a wooden pallet and wooden products manufacturer, but an advanced and steadfast business companion who is committed to fulfill customers who are in need of wooden products and packaging works. It is persistent to constantly develop and realize the customer's objectives. SINGLE WING STRINGER PALLETS	SINGLE DECK FLUSH STRINGER PALETS
DOUBLE DECK FLUSH STRINGER PALLETS	SINGLE DECK FLUSH STRINGER PALETS
DOUBLE DECK SINGLE WING PALLET	DOUBLE DECK DOUBLE WING PALLET

PALLET FEATURES

Pallets are being used to stack, store, protect, and transport materials in the course of being handled by pallet handling equipment such as forklifts, pallet jacks, or conveyors, being stored in racking or bulk storage or being positioned in transport vehicles.

Our pallets consist of a structural foundation of a unit load allowing handling, transporting, and storing efficiently. Goods or shipping containers are often placed on a pallet secured with strapping, stretch wrap or shrink-wrap and shipped.

EASY TO FIT	HIGH DURABILITY
HIGH DIMENSIONAL ACCURACY	TERMITE RESISTANCE
LONG LASTING	HIGH STRENGTH
EFFICIENT	PROPERLY FINISHED

HEAT TREATMENT AND ITS FACILITY

We offer a wide variety of Wooden Pallets and Wooden Packaging Materials, which are processed through heat treatment. This Heat Treatment procedure is certified by ISPM 15, a phyto-sanitary technique required to be carried out to all wooden pallets international shipments use. This process eliminates pests, which travel from one nation to another, posing threats to forests and crops.

This heat treatment method was developed by the IPPC (International Plant Protection Convention) and is defined in the ISPM 15 (International Standards for Phytosanitary Measures, 15).

During the process of Heat Treatment, pallets are placed in a special chamber and heated according to a specific criterion. In order to be ISPM 15 compliant, a wood core temperature of 56°C/133°F must be reached and maintained for a period of 30 minutes or more.

RAW MATERIALS, PRODUCTS, AND QUALITY CONTROL

We are importing all the raw material from different source like Chile, Brazil, New Zealand and European countries. We are dedicated to become a groundbreaker in the provision of quality products and services, and to exceed the required expectations of valued customers.

A wide range of wooden pallets and other wooden products are being offered with the use of our modern facility, fully equipped with innovative and advanced machines, which can exceptionally manufacture any types and designs.

Stern Quality Control process is being carried out to deliver an anticipated wood product with utmost perfection. Quality control and examination are completed in all production phases, from selection to raw materials up to the delivery of finished products. All wooden products are factory-made with the usage of the finest timbers for quality steadiness to bring light to the customer's specifications in a much-defined manner.

Quality products with distinction are the main objective of the business. Customers are contented on the finest quality materials and professional workmanship of the Company.

MUNICH'S SPEEDY AND STEADFAST TRANSPORTATION

Munich Wood Works have vehicles capable to provide its own transportation means for smooth and fastest deliveries, enabling customers' product delivered on-time and significant quantities.

MUNICH'S CERTIFICATIONS

All our products are stringently selected and manufactured, from raw materials to finished products, for having the best quality products. Likewise, as quality is prioritized, processes are consistently conducted such as pre-treatment, heat treatment, and quality check at all levels of production for product safety and assurance. Further, our products are packed and delivered with utmost care.
