# INTRODUCTION

With more than 12 years of experience and expertise, **AL SAMEER ENGINEERING LLC** has succeeded in becoming one of the leading multidisciplinary engineering companies in the UAE and the Middle East. **AL SAMEER ENGINEERING LLC** offers comprehensive, cost-effective, and high-quality technical and engineering solutions through with unmatched reliability and outstanding value.

**AL SAMEER ENGINEERING LLC** Engineers are committed to continuously develop and improve our technology, resources, services, and capabilities to support businesses Transformation journey and help them meet the ever-changing.

## Product Development

- Designing Software
- AutoCAD-2021
- Solid Work-2019
- CORAL Draw-2019
- Laser Software 2022

## Manufacture Solutions

- CNC Fiber Laser Cutting Solutions
- CNC Laser Pipe & Tube Cutting
- CNC Punching Machine
- C2 Laser Cutting Solution
- Plasma Cutting Solutions

## Sheet Metal Solutions

- CNC Sheet Metal Processing Solutions
- CNC Bending Machine
- CNC Milling Solutions
- CNC Turning Solutions
- Press Brakes Solutions
- Punch Press
- Shaving Machines
- Bending Machines
- Deep Drawing Presses
- CNC Sheet Metal Tools

## Fiber Laser Cutting for Tubes and Profiles

Cutting Lengths up to 6000 mm Capacity up to O.D. 220 mm Wall thickness up to 15 mm

Capacity up to 220mm

Ferrous and Nonferrous cutting

Loading and unloading system can be equipped with the machine

CNC LASER CUTTING

V GROOMING &  
BENDING

WATERJET CUTTING

ALL TYPES OF  
FABRICATION

PLASMA CUTTING

STAINLESS STEEL  
POLISHING

CNC PUNCHING

POWDER  
COATING

- Innovative Design.
- Capacity from 1.5 to 4 KW.
- Life cut table dimension from 1500 mm to 3000 mm.
- User CYPCUT Software
- Excellent price/performance ratio.
- Low energy consumption.
- Low running costs.
- High accuracy.
- Easy Set-up
