WE BUILD YOUR VALUE

ABOUT US

Royal Blue Electromechanical Cont. Sole Proprietorship LLC is dedicated to deliver quality service, complying client's expectation whilst providing efficient and timely completion within the contract budget. We are actively encouraged by our quality services and self-motivated with the pride of service and to maintain the hard-earned name from the client and local market. Regular training is made available to every employee to enhance and maintain the quality policy and procedures that flow from it and their effective application.

Royal Blue's objective is to execute all work processes effectively and efficiently at all time. To achieve this, the company ensure that the policy is understood, implemented and maintained at all levels in the organization by developing procedures tailored to the desired work practices and then working on it. Royal Blue always focuses on best work practices with procedures defined to minimize waste and error across all activities, including Project Management, Supply, Fabrication, Maintenance, Soft Services work processes and also the management of supplies.

Royal Blue Electromechanical Cont. Sole Proprietorship LLC provides adequate resources to develop and maintain quality, safety and environmental planning, control, assurance and improvement initiatives with training to ensure full participation of employees. Quality, Safety and environment protection are management responsibilities.

Royal Blue Electromechanical Cont. Sole Proprietorship LLC continuously monitor the quality of all products and services while ensuring that safety and environment protection standards are maintained to the highest practicable standards.
