ABOUT US:

Hoist Overhead Gantry (HOG) based in Dubai offers complete and comprehensive services to our clients who require overhead cranes and hoists from initial consultation through to final commissioning and beyond.

We are leading dealer and service provider of Material Handling equipment's including but not limited to EOT, JIB, Gantry Crane, Monorail, Electric Rope, Hoist, Engineering items etc., as per your specifications & Drawings. Our products afford maximum safety, reliability & suitability virtually in all branches of industry application. We can supply cranes kits up to 30Ton capacity. Higher capacity cranes are also available through our close cooperation with other reputed European crane manufactures. And all spares of cranes ranging from electrical to mechanical items. Prompt after sale services and crane repairing are key advantages by dealing with us.

We offer genuine spare parts as well as replacement parts for all crane makes and models.

We also supply and install power conductors for cranes, control panels, end carriages, travel units, Remote controls, pendants, sensors etc.

We carry out site installation, testing and commissioning using our own experienced engineers and technicians and can supply necessary spare during the repair & servicing of electrical or mechanical components at site, if required.

We apply industry's Leading Technical Resources, Vast Knowledge to build the highest productivity at the lowest possible cost. We are also successfully exporting spares, products and services to other GCC countries including Saudi Arabia, Oman, Bahrain and Kuwait either as complete cranes or in the form of crane kits or Supplying spares.

We would be very much interested in receiving yours enquires and suggest you visit our website for further details. We have privilege to enjoy trust and confidence of customers like you and we are looking forward for enquiries from your ends.

• OUR BEST SERVICE •
