

WRAP YOUR SPACE IN STYLE

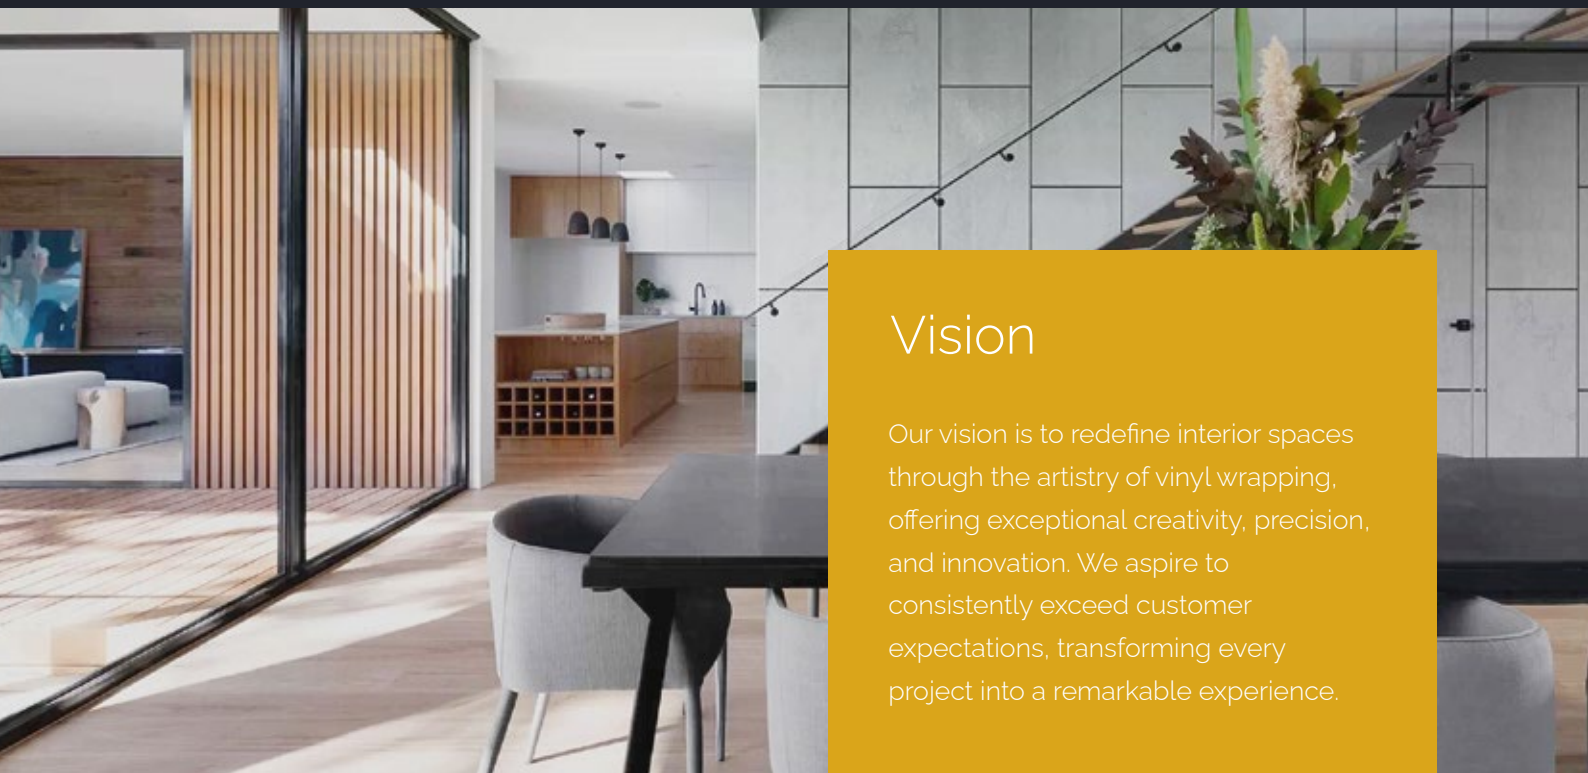

VINYL ARTISTRY FOR EVERY INTERIOR!

About Us

TouchStone Wrap, a Dubai and UAE based company, are experts in vinyl wrapping solutions and their experienced and skilled technicians can get your space ready for use by the end of the day. We began our journey with just a few people onboard who love helping their customers settle into beautiful spaces- be it a home, office, or a commercial space- and today, we are a team that is entirely dedicated to their customers and who ensure each task is completed with a smile on everyone's face and a happy heart.

Vision

Our vision is to redefine interior spaces through the artistry of vinyl wrapping, offering exceptional creativity, precision, and innovation. We aspire to consistently exceed customer expectations, transforming every project into a remarkable experience.

Mission

Our mission is to provide premium vinyl interior wrapping services that enhance the visual charm of spaces through the provision of durability and flexibility. We aim to partner with our clients closely, discovering their specific vision and creative results that go beyond their highest standard. Our focus in excellence and attention to detail will help us evoke creativity and turn simple interiors into amazing works of art.

What we wrap?

KITCHEN

Vinyl wrapping allows for easy customization of kitchen surfaces to match individual preferences and design themes. It enables to create a cohesive look throughout the kitchen by coordinating the wrap colours and patterns with other elements such as flooring or appliances. Wrapping kitchen cabinets, countertops, and backsplashes with vinyl offers several advantages over traditional remodelling or refurbishment methods. It's generally more affordable than replacing full kitchen with new materials or renovating them with paint or tile. It provides a cost-effective option for updating the look of the kitchen without breaking the budget.

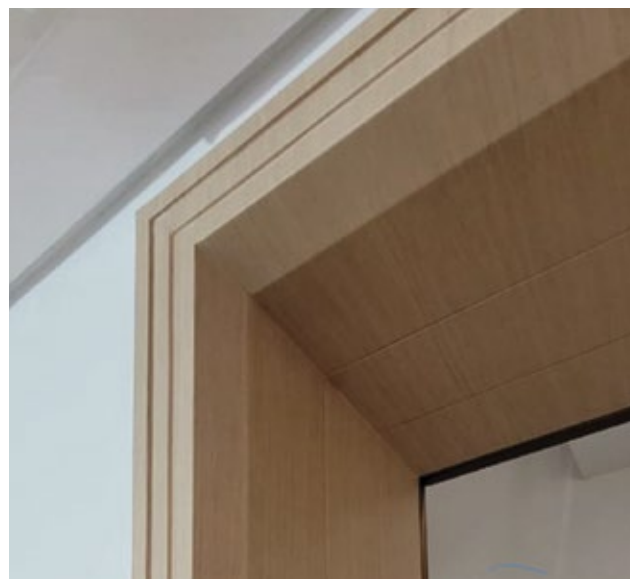

What we wrap?

DOOR

Vinyl wrapping provides a smooth, uniform appearance to the door's surface, free from brush strokes, drips, or uneven coverage that can occur with paint or stain. This results in a professional-looking finish that enhances the overall aesthetic of the door. It is also reversible, unlike some permanent alterations to the door's surface, such as painting or staining. If you decide to change the look of your door in the future, the vinyl wrap can be removed without damaging the underlying material, allowing for easy updates or modifications.

What we wrap?

BATHROOM

Vinyl film material proves exceptionally suitable for bathroom countertops, cabinets, and backsplashes due to its unique combination of durability, versatility, and aesthetic appeal. Resistant to moisture and humidity, vinyl wraps offer long-lasting protection against the conditions typically encountered in bathroom environments, ensuring a consistently pristine appearance.

What we wrap?

WARDROBES

Vinyl wrapping can be applied to various wardrobe materials, including wood, metal, and laminate. It can also be used to cover existing imperfections or outdated finishes, giving old wardrobes a fresh new look. It's easy to clean and maintain. They can be wiped down with a damp cloth or mild detergent solution, making them ideal for use in bedrooms, dressing rooms, or other areas where cleanliness is important.

What we wrap?

WALL

Wrapping walls with vinyl film material can help conceal minor imperfections in the wall surface, such as small cracks or uneven textures. This makes them an excellent choice for renovating older homes or updating rental properties without the need for extensive wall repairs. It offers a multitude of benefits that make it a highly suitable choice for interior design transformations. The versatility of vinyl film material allows for endless customization options, from vibrant colours to intricate patterns, enabling homeowners to achieve their desired aesthetic effortlessly.

What we wrap?

ELEVATOR

The installation process is quick and minimally disruptive, allowing for a swift transformation of the space without the need for extensive construction work. Vinyl wrapping offers the flexibility to update the elevator's appearance periodically to accommodate changing design trends or branding requirements.

What we wrap?

FLOOR

Vinyl flooring stands out as an excellent choice for closed kitchen areas and bathrooms due to its remarkable combination of durability, water resistance, and aesthetic versatility. Engineered to withstand high moisture levels, vinyl flooring provides a reliable barrier against water damage, making it particularly well-suited for these moisture-prone environments. Its resilient surface resists scratches, stains, and spills, ensuring longevity and ease of maintenance in busy areas.

What we wrap?

YACHT

When it comes to giving your yacht a stunning makeover, vinyl wrapping reigns supreme as the ultimate choice. With its vast array of colours, patterns, and finishes, vinyl offers unparalleled customization to reflect your unique style and personality on the high seas. Not only does vinyl wrapping provide a cost-effective alternative to traditional paint jobs, but its durable and weather-resistant properties ensure your yacht maintains its pristine appearance. The installation process is quick and efficient, minimizing downtime and allowing you to set sail in style sooner. Say bon voyage to dull exteriors and hello to a head-turning yacht with vinyl wrapping – the best option for a luxurious transformation that stands the test of time.

What we wrap?

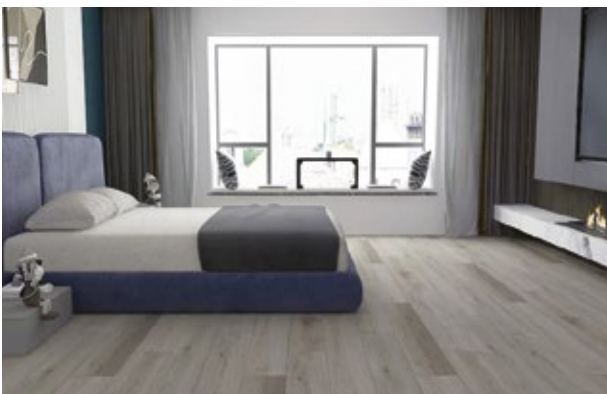

CUSTOM FURNITURE

Enhance your interior design effortlessly by opting for custom vinyl wrapping on your furniture. Whether you're revamping TV units, open shelves, coffee tables, or console tables, handrails etc., vinyl wrapping provides a plethora of options to tailor and refresh your furnishings.

What we wrap?

FLOORING

Stone Plastic Composite

SPC flooring boasts numerous benefits. Its exceptional durability, resistance to scratches, dents, stains, and water damage render it ideal for high-traffic areas and moisture-prone spaces. Additionally, its stone-plastic composition ensures stability, minimizing the risk of expansion or contraction. Further advantages include easy installation with a click-lock system, low maintenance requirements, a diverse range of styles to suit various interior designs, and environmental friendliness using recycled materials. These attributes collectively make SPC flooring a favoured option for both residential and commercial settings.

Luxury Vinyl Tile

LVT flooring distinguishes itself from other flooring choices by offering a range of advantages. It combines affordability with authentic wood or stone aesthetics, along with easy maintenance and simple installation. While it possesses natural water resistance (Spills of water, juice, wine, etc.). Nonetheless, its impressive longevity and resilience, have contributed to its popularity, especially in family residences. The use of a photographic layer in its design adds to its appeal, providing a genuine wood or stone appearance that appeals to those in search of cost-effective flooring options without sacrificing elegance or endurance.
