## ABOUT

Al Soor Al Malaky Technical Services & Supplier - **ASAM** (An ISO 9001:2015, 14001:2015 & 45001 certified company) is established in 2017 in Dubai – UAE as Limited Liability Company. The company's key objective is to offer service maintenance for National and International companies focusing our priorities on the Construction, Power and Industrial sectors worldwide.

ASAM group initially began as an Engineering – Technical Services Company and within a short span of time we succeeded in expanding our operations and establishing ourselves in a highly competitive market in U.A.E. We are authorized distributors of major brands of valves & fittings, stocking & supplying bulk piping materials such as Valves, Fittings, Pipes & Other Building Material supplies for the project requirements, - A Turnkey Project Supplier
