

# LYCA

SURVEYING ENGINEERING SERVICES

## MISSION

To provide precise and innovative surveying solutions that empower our clients to make informed decisions for sustainable development. We are committed to delivering accurate data, utilizing cutting-edge technology, and maintaining the highest standards of professionalism to exceed the expectations of our clients.

## VISION

Being the forefront of survey engineering excellence, we envision a future where our expertise and technology contribute significantly to the advancement of infrastructure, urban planning, and environmental sustainability. We strive to be recognized as the go-to surveying partner, fostering growth and positively impacting communities worldwide.

## DM APPROVAL

We are proud to announce that Lyca has earned the prestigious approval of the Dubai Municipality. This recognition underscores our commitment to quality, accuracy, and compliance with the regulatory standards set by the Municipality. The approval serves as a testament to our capabilities and dedication to delivering services that meet and exceed industry expectations.

## LIST OF SERVICES OFFERED BY LYCA

1. Topographic Survey
2. Under ground Survey/ Utility Survey
3. Gate Level Computation Services for Dubai Municipality
4. Trakhees Demarcation Services
5. Dubai South Demarcation Services.
6. As Built Survey/ 3D Laser Scanning Survey
7. Setting out Work
8. DEWA As Built Survey
9. Concrete Scanning 10. Concrete Coring

## OUR SERVICES

**Gate Level Marking/Verification:** Ensuring correct positioning and efficient operation of water control structures and gates for flood control and water resource management.

**Topographic Survey:** Detailed mapping of land surfaces, including elevation contours, natural features, and man-made structures, essential for construction and development projects.

**Gate Level Computation:** Precise calculations related to gates and water control systems to optimize water management and infrastructure functionality development projects.

**3D Laser Scanning Survey:** Capturing highly detailed and accurate spatial data of physical objects and environments, suitable for architectural, engineering, and industrial applications, enabling precise modelling and analysis.

**As-Built Survey:** Documentation of the final constructed state of a project to verify compliance with design and specifications, aiding in future maintenance and management.

**Concrete Scanning / Concrete Coring:** Utilizing advanced technology to detect rebar, conduits, and other objects within concrete structures, crucial for construction and renovation projects to ensure safety and structural integrity.

**Underground Survey:** Specialized techniques and equipment used to map subsurface utilities, pipelines, and structures to ensure safety and reduce risks during excavation and construction.

## MEET OUR TEAM - MR. SIVA

Mr. Siva is an exceptional asset to Lyca team, bringing a wealth of experience, technical expertise, and a strong commitment to excellence. His combination of skills, experience, and official approvals from both Dubai Municipality and Abu Dhabi Municipality make him a standout figure in the field of surveying in the GCC region. To summarize his contributions:

### **Extensive Experience**

Mr. Siva's 17 years of surveying experience in the GCC region provide a solid foundation of knowledge and skills that are essential for successful surveying projects.

### **Advanced Technology Proficiency**

His mastery of advanced surveying technologies, including Mobile Mapping, 3D Laser Scanning, and LiDAR Drone Survey, positions Lyca team to tackle projects with state-of-the-art tools and methods.

**Proven Leadership:** Mr. Siva's track record of managing a prominent surveying company in Dubai showcases his leadership abilities and capacity to oversee complex projects from inception to completion.

**Commitment to Excellence:** His commitment to delivering high-quality work is a driving force within our organization, ensuring that precision and accuracy are maintained in every project.

**Innovation:** Mr. Siva's dedication to innovation keeps Lyca at the forefront of the surveying industry, enabling you to adapt to evolving technologies and techniques.  
development projects.

**Client Trust:** His official approvals from Dubai Municipality and Abu Dhabi Municipality provide clients with the assurance that Lyca adheres to local regulations and standards, instilling trust and confidence in our services.

**Client Satisfaction:** Mr. Siva's dedication to achieving the highest standards translates into satisfied clients, which is essential for building a strong reputation and fostering long-term client relationships.

Overall, Mr. Siva's multifaceted contributions make him an invaluable member of our team, and his qualifications and experience position Lyca as a trusted and leading surveying provider in the GCC region. development projects.

*These services cover a wide spectrum of surveying needs, from land mapping to subsurface analysis and structural assessment. Lyca's expertise in these areas makes you a valuable partner for various industries, including construction, infrastructure development, and property management.*

Dubai - UAE

Dear Sir

**Appreciation Letter**  
**GN-SNOC-2019-033**

Sharjah National Oil Corporation (SNOC) management would like to thank Mr. Sivachindambaram Pillappan for his dedication, professionalism, skill and contribution in working on the Gas Pipeline Mapping Project. The job was delivered effectively and was followed by prompt support and closure. The Mapping Project clarified every detail for all SNOC owned and operated assets at all fields.

We recognize Mr. Pillappan dedication and commitment while handling this critical task. Please accept our appreciation for the accomplishment of the job.

Our congratulations go to Mr. Pillappan and keep up the good work. We wish you Good Luck in your future endeavors.
