**AQUASTOP NANOFLEX**

**KERABUILD OSMOCEM**

## • ACCESSORIES

**GREEN-PRO**

**AQUASTOP 120**

Product	KERAKOLL SUPER BIO
Pack	20 kg Bag
Colour	Grey
Coverage per mm	1.4kg/m <sup>2</sup>
Shelf life	≈ 12 month
Thickness	Upto 10 mm
Uses	Floor & Wall
	External & Internal
Certificate	C1TE
Document	Technical Data Sheet

### **KERAKOLL SUPER BIO**

*Eco-friendly mineral adhesive with an extremely low chemical additive content for high performance bonding long open time, for ceramic tiles and ceramic Mosaic. Ideal for use in Green Building.*

Product	KERAKOLL BIOFIX
Pack	25 kg Bag
Colour	Grey/White
Coverage per mm	1.25kg/m <sup>2</sup>
Shelf life	≈ 12 month
Thickness	Upto 10 mm
Uses	Floor & Wall
	External & Internal
Certificate	C2TE
Document	Technical Data Sheet

### **KERAKOLL BIOFIX**

*Eco-friendly mineral adhesive with an extremely low chemical additive content for high performance bonding with no vertical slip and long open time, for Porcelain tiles and Ceramic tiles, Natural Stone, internal insulating and soundproofing panels. Ideal for use in Green Building.*

## **KERAKOLL BIOFLEX**

*Eco-friendly mineral adhesive with an extremely low chemical additive content for high performance bonding with no vertical slip and long open time, for Porcelain tiles and Ceramic tiles, Natural Stone, internal insulating and soundproofing panels. Ideal for use in Green Building.*

Product	KERAKOLL BIOFLEX
Pack	25 kg Bag
Colour	Grey/White
Coverage per mm	1.25kg/m <sup>2</sup>
Shelf life	≈ 12 month
Thickness	Upto 10 mm
Uses	Floor & Wall
	External & Internal
Certificate	C2TE
Document	Technical Data Sheet

## **KERAKOLL BIOGEL NO LIMIT**

GEL ADHESIVES FOR CERAMIC, PORCELAIN TILES AND NATURAL STONE

Exclusive Kerakoll geo-binder based, structural flexible multi-purpose gel adhesive for bonding all types of material, on all substrates, and for all use, even in extreme conditions.

Eco-friendly.

- Ideal for large format slabs
- Ideal for low thickness slabs
- High deformation

Product	KERAKOLL BIOGEL NO LIMIT
Pack	25 kg Bag
Colour	Grey
Coverage per mm	1.25kg/m <sup>2</sup>
Shelf life	≈ 12 month
Thickness	Upto 10 mm
Uses	Floor & Wall
	External & Internal
Certificate	C2TE
Document	Technical Data Sheet

**KERAKOLL AQUASTOP NANOFLEX**

**NANOTECH WATERPROOFING PRODUCTS FOR SUBSTRATES**

Certified, eco-friendly, breathable, anti-alkali and chlorine-resistant, mineral membrane for the flexible waterproofing with high levels of adhesion and durability of substrates before laying with adhesives, ideal for use in Green Building.

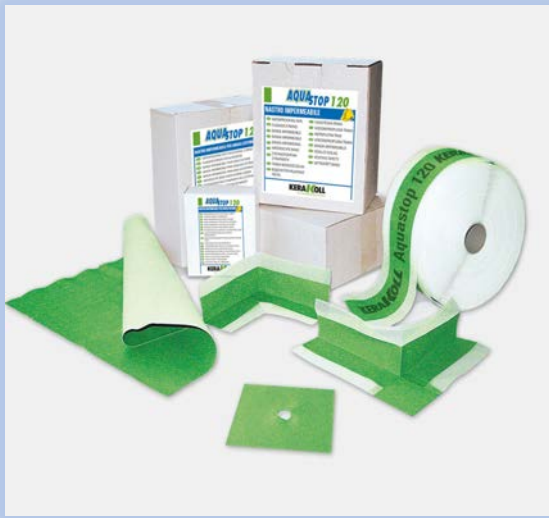

**KERAKOLL AQUASTOP GREEN PRO  
NANOTECH WATERPROOFING PRODUCTS FOR SUBSTRATES**

Uncoupling and anti-cracking waterproof membrane with high adhesion for balconies, terraces and horizontal surfaces before laying ceramic tiles or natural stone; creates a waterproof surface even when overlaid on substrates that are cracked, have not been perfectly cured or might contain vapor pressure due to residual substrate moisture content.

Product	KERAKOLL AQUASTOP NANO FLEX
Pack	20kg Bag
Colour	Single-component Nanotech technology.
Coverage per mm	1.15kg/m <sup>2</sup>
Shelf life	≈ 12 month
Thickness	Upto 2 mm
Uses	Bathroom, Swimmingpool, Deck Area, Terraces Etc.
Technology	Nanotechnology, Breathable
Document	Technical Data Sheet

Product	KERAKOLL AQUASTOP GREEN PRO
Pack	23 sq. mtr
Green Pro	Green-Pro revolutionizes the world of underlying waterproofing, allow applications that are impossible for mineral products.
Uses	Uncoupling and anti-cracking waterproof membrane with high adhesion for balconies, terraces and horizontal surfaces before laying Tiles/Stone
Document	Technical Data Sheet

## KERAKOLL AQUASTOP 120

Flexible NBR waterproof joint for perimeter and fractionizing joints in waterproofing systems. For use under ceramic and porcelain tiles and natural stone. Bonds directly on application.

Aquastop 120 ensures continuous waterproofing even at expansion joints

Product	KERAKOLL AQUASTOP 120
Pack	50 sq. mtr
Product Strength	<p>High elasticity and UV light resistance            For internal and external use            Ideal for bonding with eco-friendly Aquastop Nanoflex<sup>®</sup>, Nanodefense<sup>®</sup> Eco and Aquastop Fix membranes            Guaranteed waterproofing of all types of non-structural fractionizing and connection joints            Alkali-resistant</p>
Width	120 mm
Uses	<p>For internal and external use on cement-based substrates, plasterboard and metal for wall-floor connection joints and fractionizing joints.</p> <p><b>Waterproofing of joints in:</b></p> <ul style="list-style-type: none"> <li>- external surfaces (balconies, terraces)</li> <li>- standard sanitary environments (kitchens, shower cabinets, bathrooms, saunas)</li> </ul>
Document	Technical Data Sheet

## • TILE ACCESSORIES

Product	TILE LEVELLER
Pack	Top Tighter - 100/Bag Spacer- 100/bag
Product	Easy to use Tile Levelling Spacer and Tighter
Available Size	1mm, 1.5mm, 2mm mm
Uses	For Floor and wall Tile perfect levelling.

Product	TILE CLAMPS
Product	Wet Fixing Tile Clamp Dry Fixing Tile Clamp Dry Cladding Stone Clamp
Available Size	As per Requirement
Uses	Support for Tile/Stone Cladding

## • WATERPROOFING

**MC-PROOF 500**

Product	MC-PROOF 500 AE
Pack	18kg Bag, 5kg Liquid
Type	Two-component Flexible Cementitious Waterproofing.
Coverage	8-10 m <sup>2</sup>
Shelf life	≈ 12 month
Thickness	Upto 2 mm
Uses	Wet Areas, Toilet, Bathroom, Exterior waterproofing of soil-Touching structure Element Etc.
Crack Bridging	>2mm
Document	Technical Data Sheet

**MC-PROOF DF8**

Product	MC-Proof DF 8
Pack	20 Kg Bucket
Type	Liquid-Applied Acrylic Waterproofing Membrane
Coverage	0.7kg/ m <sup>2</sup>
Shelf life	≈ 12 month
Thickness	Upto 2 mm
Uses	Concrete roof slabs and gutters • Balconies and terraces • External walls and facades • Metal roofs
Crack Bridging	>2mm
Document	Technical Data Sheet

## • WATERPROOFING

**MC-PROOF 2200**

Product	MC-Proof 2200
Pack	20kg Liquid
Type	Single-component Flexible Polyurethrene Waterproofing.
Coverage	0.7kg/m <sup>2</sup>
Shelf life	≈ 12 month
Thickness	Upto 2 mm
Uses	Wet Areas, Toilet, Bathroom, Exterior waterproofing of soil-Touching structure Element Etc.
Crack Bridging	>2mm
Document	Technical Data Sheet

**MC-Fix ST**

Product	MC-Fix ST
Pack	20 Kg Bucket
Type	Rapid-setting Repair Grout for Stopping Water Leakages
Coverage	8-10 m <sup>2</sup>
Uses	Tunnels, subways and underground structures, sewage works, tanks and pipes ☑ Fillings holes left by tie wires, wood and steel separators etc. ☑ Fast installation and connection work in concrete and masonry
Document	Technical Data Sheet

**• CONCRETE REPAIR MORTAR**

**Nafufill KM 250 AE**

Product	Nafufill KM 250 AE
Pack	20kg Liquid
Type	Fiber-reinforced PCC-concrete repair mortar
Pack	25kg
Shelf life	≈ 12 month
Thickness	6mm – 25mm
Uses	Shrinkage controlled, easy to use just required mixing with water • One-component • Hand- and spray application • High carbonation resistance
Document	Technical Data Sheet

**Nafufill KM 420 AE**

Product	Nafufill KM 420 AE
Pack	25 Kg Bucket
Type	Flowable non-shrink micro concrete
Coverage	8-10 m2
Uses	TRepair of structural concrete section where it is difficult to cast mortar. • Structural elements repair. • Casting over steel Jacket of columns for adjusted loads. • Damaged reinforced concrete repair. • Repair of defected concrete bodies. • Ideal for filling larger voids repairs
Document	Technical Data Sheet

## • EPOXY REPAIR MORTAR

**Naf MC-REP 3000**

Product	Naf MC-REP 3000
Pack	A+B Two component
Type	Fairing Coat Solvent Free Epoxy Mortar
Pack	5kg
Shelf life	≈ 12 month
Consumption	1.6kg/m <sup>2</sup> /mm
Uses	Crack repairs in structural components, like bridges, columns, beams, foundations, walls, and floor slabs. • Filling pinholes before overcoating. • General re-profiling over large areas
Document	Technical Data Sheet

**Mycoflex PU25**

Product	NaMycoflex PU25
Pack	600ml
Type	FPolyurethane Single component Sealant
Coverage	6 Rmtr for 10x10mm Joint
Uses	Sealing movement Joint, Balcony parapets, Bridge culverts. Sealing retaining wall Joint around window , doors, Skirting.
Document	Technical Data Sheet

## • SEALANTS

**High Tack H785**

Product	Bostik High Tack H785
Shelf life	≈ 12 month
Uses	Bostik High Tack H785 Adhesive is a high quality, professional adhesive with an extremely high initial tack. Making installation quick and easy. Applicable on most building materials, indoor or outdoors, and it is able to withstand constant temperatures of up to 40°C. One tube of Bostik High Tack, 290ml cartridge is able to install up to 15 spikes on average.
Colour	White

**Bostik S300**

Product	Bostik S300 GP
Pack	280ml
Type	BOSTIK S300 SILICONE MULTI PURPOSE was specifically developed for top sealing in kitchens and bathrooms
Coverage	6 Rmtr for 10x10mm Joint
Uses	Perfect adhesion to glass, painted wood, ceramic and enameled substrates
Colours	White, Clear , Black

**Bostik A325**

Product	BOSTIK A325 UNIVERSAL ACRYLIC
Pack	280ml
Type	BOSTIK S300 SILICONE MULTI PURPOSE versatile sealant based on acrylic dispersion.
Coverage	6 Rmtr for 10x10mm Joint
Uses	Specifically developed to seal connection joints between stairs, walls, ceilings, skirtings, windowsills, wooden and metal window frames, concrete and brickwork. For interior use.
Colours	White
