GOOD TOUCH STEEL WORKS L.L.C

LASER CUTTING

GOOD TOUCH STEEL WORKS LLC laser cutting division, located at our dedicated facility in Mussafah(M13) Abu Dhabi, offers rapid and efficient service. Equipped with **advanced 12kw** laser cutting machines with a **maximum sheet size of 6000x2500mm**, we are able to deliver high-quality results on time and exceed customer expectations.

MATERIAL CUTTING CAPABILITIES

MS SHEET: 0.5 TO 40MM

ALUMINUM SHEET: 0.5 TO 16MM

STAINLESS STEEL: 0.5 TO 25MM

POWDER COATING

We take pride in providing exceptional quality powder coating services. Our skilled technicians are equipped with advanced tools, spray gun and technologies to ensure precise and flawless finishes.

WHY POWDER COATING

Beyond offering long-lasting protection, powder coating materials add such benefits as abrasion resistance, chemical resistance, electrical resistance, reduced or increased friction, easy cleaning, impact resistance, or vibration deadening.

FABRICATION

We provide end-to-end solutions for steel metal works, non-structural metal works, hospital equipments, kitchen equipments, lift cladding works, electrical back box & DB boxes, decorative hoarding boards, etc. With more than 15 years of expertise in this field, our employees are equipped with knowledge and technical resources to solve all kinds of metal fabrication and manufacturing challenges.
