

# MOZAIK COMPANY PROFILE

## ABOUT US

Mozaik Contracting & Real Estate was established in 2019 as general contracting company based in Abu Dhabi

the company has proved its capability to compete in various fields of engineering, construction and maintenance contract works in both the Private and government sectors.

It has a strong presence in the Commercial, Residential and Industrial Building construction sector, having maintained good customer relations and completed contracts for all the companies based in the Abu Dhabi region.

since its inception, MOZAIK has executed number of projects in field of engineering and construction.

## OUR BUSINESS VISION

Our Vision is to be considered as an outstanding supplier of professional services to the construction industry and play a major role in the development and success of all industries in the United Arab Emirates.

"Our mission is to remain reliable and efficient at the forefront of the UAE construction industry through quality, honesty, and hard work"

## OUR BUSINESS GOAL

We believe that the services we offer to the industry in which we operate, coupled with our experience and delivery standards, strategically place us in a good position to capitalize on the country's economic growth.

## SAFETY & ENVIRONMENTAL POLICY

Mozaik safety policy is to provide a safe and healthy environment for its employees at all times, and to do all that is reasonably practicable to protect their safety, health and welfare.

NBJ International considers safety a top priority in its everyday activities.

It is our policy to provide and maintain a Safety Program in accordance with Mozaik Environment, Health Safety Manual consistent with the best practices of the construction industry as well as those of our clients.

These commitments to the Safety Program will be firm, aggressive and shall be the responsibility of all line management to ensure that all operations are performed with utmost regard for the Safety and Health of all personnel under their direction.

All levels of supervision shall be responsible to enforce viable safety requirement within their areas of accountability.

It is in the responsibility of every employee to support and promote the Safety and Health process in order to ensure a safe working environment.

Overall, we are committed to continually improving our Safety, Health and Environmental standards and performance, and will continue to maintain appropriate Controls to ensure that this policy is being followed.
