The Agakhan

About Gulf Bridge

Gulf Bridge Interiors & Contracting LLC provides turnkey Interiors solutions for its client's right from designing to the execution stage. We at Gulf Bridge, take a highly flexible customer approach in our turnkey projects. Qualified, experienced Architects, Interior designers and Civil engineers interpret client's concepts into realist designs. Experienced craftsmen fabricate and finish the works. Success and reputation is built on quality where total emphasis is on ensuring that every project is executed to the quality standards exceeding client's expectation

Established in 1998 with a team of professional architects and designers, Gulf Bridge has come a long way by successfully completing many residential, commercial and hospitality projects in UAE.

Values & Mission Statement

To become a leading turnkey solutions company delivering valuable, innovative services for Interior projects. Teamwork, continued customer satisfaction, and innovative interior solutions are fundamental to the success of our business model. No matter what the customer requirements are, our promise is to create an environment one will love, budget that one can afford and time frame one expects.

Safety Statement

For us, definitely Safety comes first and we always follow the highest standards in Safety. From our Safety Manual, the following are the major excerpts. Our continuous monitoring of the safety procedures in place, with making sure that adherence to such protocols are followed to ensure the safety of our own team as well as others at all times. We completely understand, accept and undertake the applicable articles in the local legislation in terms of safety.

We accept that it is our legal and moral responsibility that we must do everything (such as watchful management and interactive supervision) to avoid any incidents which can harm our employees, the employees of other companies and the general public.
