HAVC products and building automation systems

What does HVAC mean?

HVAC is a common term that people use, and most have a general idea of what it's referring to. On the other hand, what exactly does HVAC mean? And, how does it apply to your home? Petro Home Services provides full home services in addition to our HVAC solutions, and we can give you the lowdown on HVAC basics.

What is HVAC?

Defined: HVAC stands for Heating, Ventilation, and Air Conditioning. HVAC refers to the different systems used for moving air between indoor and outdoor areas, along with heating and cooling both residential and commercial buildings. They are the systems that keep you warm and cozy in the winter and feeling cool and fresh in the summer. They also are the systems that filter and clean indoor air to keep you healthy and maintain humidity levels at optimal comfort levels.

VISION

To provide our clients with ultimate comfort through creating and maintaining the ideal indoor living environment during any season.

Delivering THE BEST in equipment quality, technology, support and a superior customer experience, which other companies aspire to achieve.

Promote and support a company culture of engaged employees who take ownership of their role, are enthusiastic about their work and take positive action to further the company's reputation and interests.

MISSION

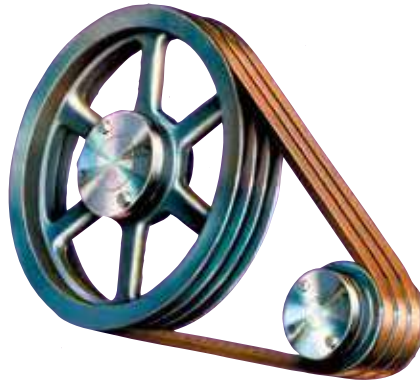

- Aim to exceed our client's expectations through service, communication and quality workmanship.
- Produce quality workmanship through attention to detail and innovative solutions.
- Offer the highest quality air conditioning equipment to uphold our manufacturer's warranties and support our clients.
- Treat clients and team members with the upmost respect and maintain a positive work environment.
- We support and encourage a safe work place for ourselves and for others.
- We promote a fun, enjoyable and hard working environment, gaining satisfaction from accomplishments and product handover.
- Value the company and clients. Maintain a neat and tidy appearance and always respect clients and company property.
