Integrated LED Lighting Solutions

Lighting Environments. Responsibly.

**SHAPING THE FUTURE OF
LIGHT ACROSS THE
MIDDLE EAST:
AN INTEGRATED PARTNER
FOR TECHNOLOGY-DRIVEN,
ENERGY-EFFICIENT
LIGHTING SOLUTIONS.**

AL BADYA LIGHTING is a Dubai-based LED lighting supply and integrated solutions provider, delivering reliable, efficient, and future-ready lighting environments for a wide range of applications.

The company specialises in the supply of high-quality LED luminaires and the delivery of end-to-end lighting solutions for indoor and outdoor spaces — including commercial, residential, hospitality, landscape, and architectural projects.

With a strong focus on technology-driven solutions, AL BADYA LIGHTING supports clients with smart lighting systems, energy-saving control solutions, IoT-based lighting platforms, and human-centric lighting concepts.

OUR CORE VALUES

WHAT DRIVES US

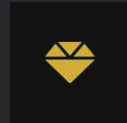

RESPONSIBILITY

Acting with integrity toward people, projects, and the planet

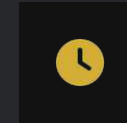

INNOVATION

Embracing technology to deliver smarter lighting solutions

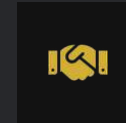

QUALITY

Uncompromising standards in every product and service

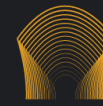

RELIABILITY

Dependable delivery, consistent performance, trusted results

PARTNERSHIP

Building long-term relationships with clients and stakeholders

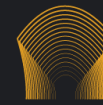

OUR COMMITMENT TO INTELLIGENT AND SUSTAINABLE ILLUMINATION

Vision

To be a trusted provider of responsible, intelligent, and future-ready lighting solutions that enhance indoor and outdoor environments through innovation, efficiency, and sustainable practices.

Mission

To deliver integrated LED lighting solutions that combine quality products, technical expertise, and advanced technologies—including smart lighting, energy-saving controls, IoT integration, and human-centric lighting—while responsibly meeting the functional, aesthetic, and environmental needs of every project.

LIGHTING CONSULTATION

Expert advice on the right lighting strategy for your project

LIGHTING SUPPLY

Sourcing high-performance LED luminaires from our vast product range and partner brands.

LIGHTING INSTALLATION

Professional on-site installation by certified technicians

LIGHTING RETROFIT

Upgrading traditional systems to efficient modern LED solutions while delivering measurable ROI.

INTEGRATED SOLUTIONS

Seamlessly merging luminaires with smart controls and connected IoT platform techs.

SMART & CONTROL SYSTEMS

IoT-enabled, automated, and energy-optimized smart systems

OUR PARTNERS

FLARE

FLARE UK is a lighting brand specializing in high-quality architectural and decorative LED solutions. FLARE has earned a strong reputation for delivering products that combine performance, design, and reliability. Crafted to elevate spaces with refined aesthetics and long-lasting illumination, making us a trusted choice for designers, consultants, and end-users alike.

Palazzoli

A leader in supplies for high-risk environments and pioneers in sustainable solutions, Palazzoli-Italy have left an indelible mark in four key sectors: Industry, ATEX, Infrastructure, and Marine. With two product divisions, **electrical systems and lighting**, they tackle every challenge with creativity and an eye on the needs of tomorrow.
