“We have built steadily, with quality being our main driving force, and are very proud of our reputation as one of the most reliable Fabrication Contractors in the UAE.”

CEO, AL NAWRAS STEEL

At Al Nawras Steel Middle East FZC, we deliver top-quality steel fabrication services that stand the test of time. With over 30 years of industry experience, we are committed to providing excellence in every project. Our dedicated team, state-of-the-art facility, and rigorous quality control ensure that we meet or exceed your expectations. Choose us for precision, reliability, and long-lasting results.

We are an ISO-9001:2015 / ISO-14001:2015 / ISO-45001:2018 certified company.

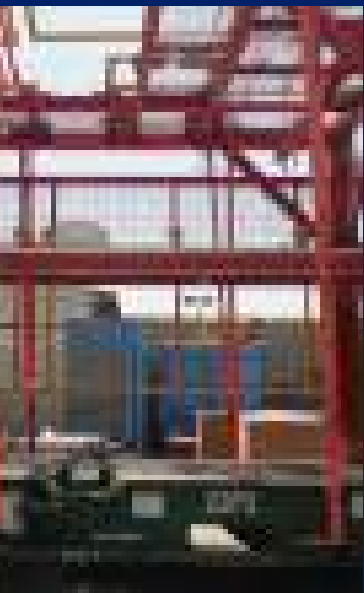

Every once in a while an organization finds an occasion to be proud of its achievements. Al Nawras Steel Middle East FZC have excelled from a modest dream in 2004 with 6 employees to a permanent current workforce of more than 200 full time employees. Today our business network has spread far and wide, reaching clients both local and international in the highly discerning markets of – Middle East and Europe. We execute all our “Project Works” with the same professional and reliable approach as when we first started.

We look forward to our partnership with you.

CEO, AL NAWRAS STEEL

At Al Nawras Steel Middle East FZC we take immense pleasure in building successful relationships with our Clients, by our total involvement. Our motto being “EVERY” job is important to us and done “RIGHT” the first time.

We are a specialized steel fabrication company.

Al Nawras Steel Middle East FZC is a trusted name in the steel fabrication industry. With our state-of-the-art facility spanning over 15,000 sqm, we have the capability to execute and complete projects of varying scales. Our in-house blasting and painting facility, with a comprehensive range of machinery and equipment, allows us to meet the diverse requirements of our clients efficiently and effectively.

With our ISO certifications, we bring expertise, quality, and efficiency to every project. Our comprehensive range of services, combined with decades of experience, makes us the trusted choice for steel fabrication needs.

We pride ourselves on delivering projects on time, within budget, and to the highest standards.

Partner with us and experience the difference

Our core values drive our every action. With unwavering integrity, we uphold ethical standards. Through innovation, we seek cutting-edge solutions.

We uphold unwavering ethical standards in all our actions. Trust is paramount, and we conduct our business transparently and honestly.

Our Services

With over three decades of experience serving the oil and gas, marine, and civil engineering sectors, we have honed our craft to deliver unparalleled solutions tailored to your unique needs. Our team of professionals and an array of cutting-edge technologies and machinery, possess the versatility to take on projects of varying scales and complexities.

01 Preparation of Fabrication Drawings

Our skilled team prepares accurate fabrication drawings to ensure seamless project execution.

03 Fabrication & Erection of Steel Structures

For industrial, chemical, and cement plants. Our expertise includes tanks, silos, hoppers, chimneys, pipe supports, and more.

05 Piping Solutions

We offer comprehensive piping solutions in carbon, stainless, and alloy steels, meeting the specific requirements of our clients.

02 Manufacturing of Substructure Masts

We specialize in the manufacturing of PSL 1 substructure masts, meeting the highest industry standards.

04 CNC Plasma Cutting & General Machining

We utilize advanced CNC plasma cutting technology and general machining services to deliver precise components.

06 Mud Tank Systems

We provide fabrication and assembly services for mud tank systems in the oil industry, contributing to efficient operations.

Our Services

07 General Fabrication

Our capabilities extend to general fabrication of mild steel, stainless steel, and alloy materials.

09 Blasting & Painting

Our in-house facility ensures proper surface preparation and coating application for long-lasting durability.

11 Technical Manpower Support

Our skilled workforce is available to provide technical manpower support, contributing your project's success.

08 Supply of Steel Materials

As a reliable partner, we provide a steady supply of high-quality steel materials to support all project needs.

10 Onsite Installation & Repair

Professional onsite installation and repair services, ensuring seamless project execution and maintenance.

12 Labor Supply

We provide efficient and skilled labor supply to meet the workforce requirements of your projects.

Resources & Manpower

Our workforce is composed of over 150 experienced production and service personnel made up of (foreman, fabricators, certified welders, fitters, operators, painters, riggers, stores, inspectors, and logistics).

Our operations management system and platforms enhance our communication and collaboration. This innovative system enables real-time planning, execution, monitoring, and updates for each project, fostering transparency and ensuring that you are kept informed every step of the way.

Our Machineries & Equipment

- 2 CNC Band Saw Machine, with Automatic Line cutting and drilling
- 1 CNC Plasma and Oxyfuel Cutting Machine (2 x 6)
- 4 Lathe Machines, 2 Milling Machines, 3 Table Drilling Machine
- 20 Gas Cutting Torch sets w/ 2 pug cutting machines
- 55 Welding Machines (Arc, MIG, TIG)
- 60 Grinding Machines (Small, Big)
- 15 Magnetic Drills, 20 Hand Drills
- 2 Threading Machines
- 2 Rolling Machines
- 1 Bending Machine
- 1 Shearing Machine
- 4 Overhead Cranes (8 tons. 1 no., 5 tons. 3 nos.)
- Automatic line Sand Blasting Machine
- 2 Airless Paint System
- 2 Forklifts 6 ton.
- 2 Diesel Generators

Quality Management System

Since 2021, our organization has diligently developed, implemented, and adhered to internationally recognized standards, including ISO 9001 and API Q1. These standards have been embraced to ensure the pinnacle of quality in the products we manufacture. To sustain this commitment, our staff and workers undergo continuous training and updates, staying abreast of the latest procedures to continually enhance the quality of our Quality Management System (QMS).

Better Quality Through Innovation

In the era of digital advancement, we've harnessed technology to elevate communication both within our team and with our esteemed clients. Through our innovative digital platform, we orchestrate seamless internal and external collaboration. This integrated system empowers us to strategize, execute, update, and monitor projects in real time. Notably, this dynamic platform facilitates immediate sharing of project progress with clients via email, desktop computers, or mobile devices.
