Bird

Termite Control Treatment

What Causes Termite Infection?

- ✓ Moisture: Leaky pipes, improper drainage, and poor airflow all create moisture issues that attract termites.
- ✓ Wood that is in contact with house foundations.
- ✓ Cracks in building exteriors.

Treatment Types:

- ✓ Pre - Construction Termite control.
- ✓ Post - Construction Termite control.

Bird Control Treatment

- ✓ Cage services to catch the birds alive.
- ✓ Gel application services for bird control.
- ✓ Spikes installation to not allow to bird at the specified premises.
- ✓ Sound waves repel the birds.

Water Tank Cleaning

- ✓ All types of (GRP, Concrete and Fiber) water tank cleaning services.
- ✓ Highly professional, and well-trained cleaning staff.
- ✓ Guaranteed cleaning with lab test reports.
- ✓ Technical reports with before and after job completion photos.
- ✓ Focusing on safety and quality of work.

Grease Trap Installation & Cleaning

(How Often Does it Happen That You Want to Get the Grease Trap Clean, but Don't Know How to Proceed With the Same?)

- ✓ Grease trap cleaning is essential, but many people are unsure about the correct way to do it.
- ✓ Certain cleaning tasks cannot be handled independently and require professional assistance.
- ✓ Expert cleaning services ensure proper, safe, and effective grease trap maintenance.
- ✓ Al Waha Hygiene is a trusted and experienced grease trap cleaning company.

Kitchen Duct Cleaning

(Kitchen Hood / Kitchen Duct Cleaning Services)

Our deep cleaning of your kitchen will include:

- ✓ Oven Cleaning.
- ✓ Cleaning all Appliances, Counters, Cabinets, Tables, and Chairs.
- ✓ Cleaning the entire cooking range.
- ✓ Refrigerator Cleaning.
- ✓ Washing and scrubbing all floors, cleaning dry wood floors, and walls/tile walls.

Deep Cleaning Services

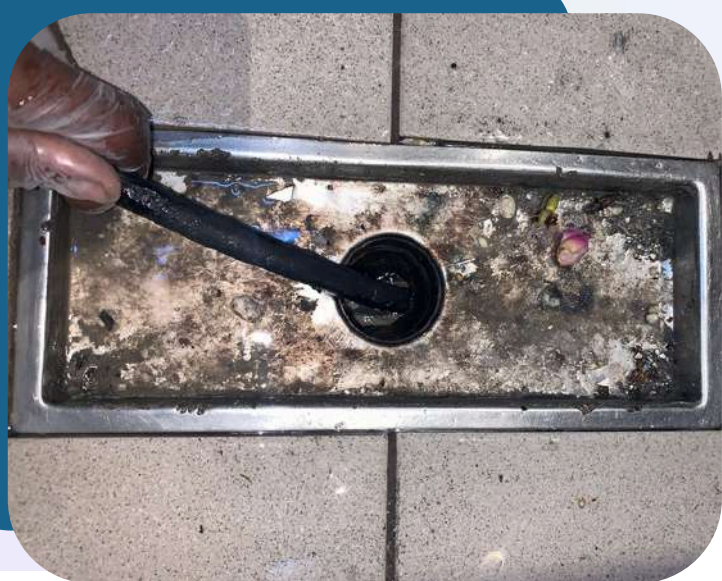

- ✓ Thorough cleaning that removes deep-seated dirt, grease, and germs
- ✓ Covers all areas including kitchens, bathrooms, floors, and hidden corners
- ✓ Uses advanced tools and professional-grade cleaning products
- ✓ Improves hygiene and creates a healthier living or working environment
- ✓ Ideal for periodic maintenance beyond regular cleaning services

External Facade Cleaning

(External Building Interface Cleaning Services)

- ✓ Highly professional, well trained, and IRATA-Certified staff.
- ✓ External glass cleaning for commercial buildings and villas.
- ✓ High-rise building cleaning with rope access.
- ✓ External glass, panel, wall, and full building cleaning services.
- ✓ Façade silicon removal and installation of new silicon.

Drain Line Jetting Services

(Sewage Septic Tank Cleaning)

- ✓ High-pressure water jetting to clear tough blockages and buildup in drain lines
- ✓ Effectively removes grease, sludge, roots, and debris from pipes
- ✓ Restores smooth water flow without damaging the drainage system
- ✓ Suitable for residential, commercial, and industrial drainage lines
- ✓ A safe, fast, and long-lasting solution for clogged drains.

Disinfection Services

- ✓ Professional disinfection to eliminate bacteria, viruses, and germs
- ✓ Uses approved and eco-friendly disinfectants
- ✓ Covers high-touch surfaces and complete premises
- ✓ Helps maintain a safe and hygienic environment
- ✓ Ideal for homes, offices, hospitals, and commercial spaces
