BELMONT[®] ABRASIVES

Water Proof Abrasive Papers

- ★ Full Resin Bonding on Quality Latex Paper
- ★ Ideal for wet & dry sanding
- ★ Consistent & precise Manufacturing process
- ★ Available grit's 40-2000
- ★ provides Finger scratch pattern for improved finish

Water Proof Auto Abrasive Paper

- ★ Full Resin Bonding on High Quality French Latex Paper
- ★ Ideal for wet & dry sanding-Advanced water proof technique
- ★ Consistent & precise Manufacturing process
- ★ Available grit's 40-2000
- ★ Long Lasting

Stainless Steel & Metal Cutting discs

- ★ Allow optimum efficiency in most condition
- ★ Unique reinforcement design
- ★ Engineered to cut hard material
- ★ Excellent cut rate
- ★ Sizes : 4" to 20"

Fibre sanding discs

- ★ Full Resin Bonding
- ★ Flexible fibre backing
- ★ Aggressive aluminium grains
- ★ Aluminium Oxide (for high pressure grinding)

Velcro discs

- ★ Full cut and extended life consistent finish
- ★ Standard diameters, 5", 6", 7", 8", 9", 10", 11"
- ★ Available grit's 40, 50, 60, 80, 100, 120, 150, 180, 220, 240, 320, 400
- ★ Available hole patterns: Nos holes, 5" x 5 and 6" x 8 holes

Flap discs

- ★ High Quality spindle with hybrid bearings
- ★ Excellent surface finish
- ★ Safety protection case with safety door
- ★ Available grits 40 to 120

Emery Cloth Roll

- ★ Special Resin bonding
- ★ Consistent finish pattern
- ★ Lesser clogging results in longer life
- ★ Higher Cutting rate with longer life
- ★ Open & close coat option available

Belmont world class products are fabricated in top modern production facilities by professional personnel. Our technology center focuses on innovative product and process development. We follow the quality standards ISO 9001 and the environment standards 14004.

Buffalo Abrasives

Nippon Coated Abrasive

Buffalo is a high quality abrasive paper, used in the field of Automobiles & car-refinishing. the raw materials used in this paper is of high quality standards.

YORK

HOSE CLIPS

BS 5315-1991 Certified Product

SS HOSE CLIPS

GI HOSE CLIPS

York Hose Clips are Manufactured under an ISO 9000 Quality System accepted by BSI

PU Expanding Foam

Tack Free in 10 minutes

High Yield-Expand up to 10 litres.
Excellent insulation
Contains flame retardant additive
Highest foams stability
No shrinkage-no post expansion

TuffFoam

Tuff-Fix Contact Adhesive

The Ultimate high resistant adhesive with high bond strength, which joins most surfaces instantaneously and permanently without clamping or sustained pressure. It has good resistance to water and heat and ensures a resilient bond.

TUFF-FIX

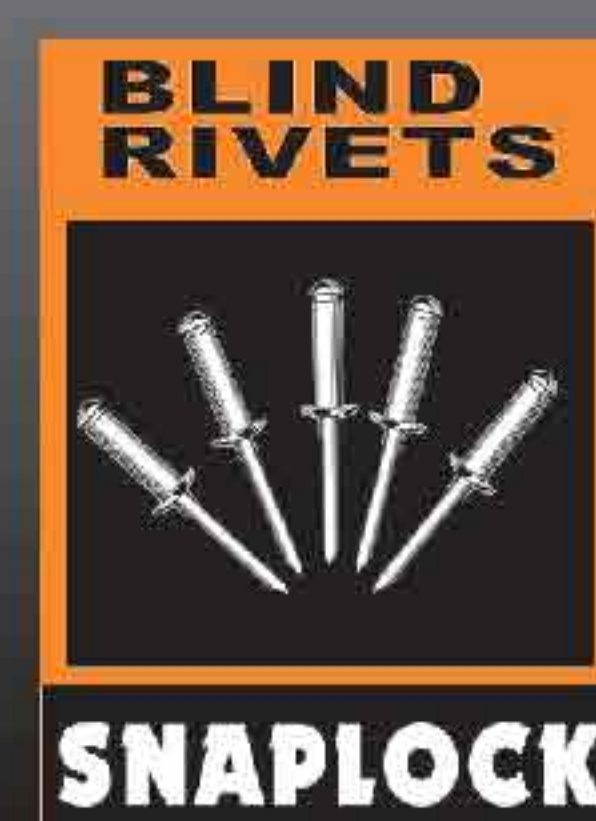

Tuff-Stick Super Glue

Tuff Superglue repairs Plastic, ceramic, metals, leather, rubber and wood. Tuff bonds in seconds and dries clear and strong.

Rivets

Snaplock Products are ideal for fastening various materials with wide assembly application for building, automotive industries. Snaplock products are designed according to the international standard and easily access to various hand or air riveting tools for best performance.

Available in Silver, White, Brown and Beige.

SI 200 RTV Silicone

SI 200 is a fast curing one part Silicone sealant which cures with atmospheric moisture to form a high strength rubber seal with excellent adhesion to glass glazed surfaces, metals, most plastics and coated surfaces.

Available in Black, White & clear

SUPERIOR
S 1200

Trusil Silicone Sealant

Trusil G2500+ is an acetoxysilicone sealant which utilises a proprietary advance cure technology providing excellent performance in glazing and construction applications.

Available in Black, White & clear

TruSil
100% RTV SILICONE

INDUSTRIAL PRODUCTS

Lightweight Body Filler

A Tack free, lightweight auto bodyfiller designed to reduce sandpaper clogging and sand to a fine refinish. Repairs dents, patches, rust holes and leaks quickly and easily on metal, aluminium fibreglass and concrete.

Liberty Undercoat

Protective paint against loose gravel made of synthetic rubber and resin. Highly effective in protecting the parts of your car which are most subject to wear and abrasion.

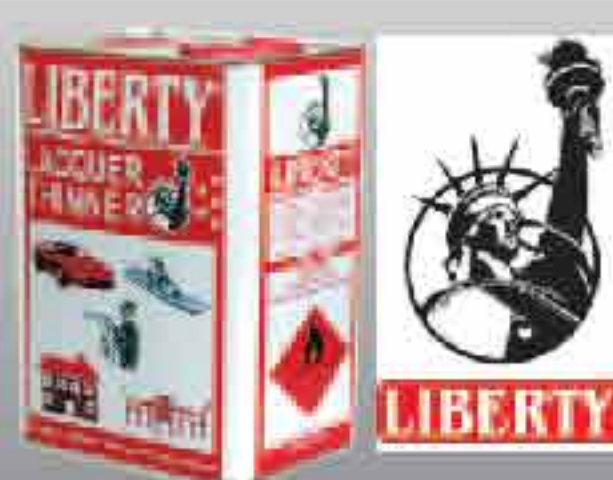

*Dries Instantly
Excellent plasticity and flexibility
Highly resistant to water and sunlight
Provides good sound proofing
Wrinkled finish
Insoluble in water or gasoline*

Tack-Cloth

The golden Tack cloth especially designed for maximum particle pick-up and absorption. Specially formulated with Resins and Oils to keep soft and Tacky.

Lacquer Thinner

RECKITT THINNER
Original
LACQUER THINNER

Baron

Liberty Lacquer Thinner

A very good economic value thinner with medium evaporation for use to thin all lacquer type products.

Reckitt Lacquer Thinner

Reckitt is an excellent thinner for reducing lacquers. It produces high flow out and Blush resistance.

Baron Lacquer Thinner

Baron Thinner is an excellent thinner for reducing lacquers, has good solvent strength and will result in high gloss smoothness and Blush resistance.

Fibre Glass Repair Kit

Works great on large or small metal rust-outs standable in less than 2 hours can be used to repair damaged fibre glass parts

KIT CONTENTS:
*Polyester resin
Tube Hardner
Fibreglass cloth
Spreader*

Masking Tapes & Stretch Film

Masking tape is a type of adhesive tape made of easy-to-tear paper backed with a weak adhesive. It is used mainly in painting, to mask off areas that should not be painted. The adhesive is the key element to its usefulness, as it allows the tape to be easily removed. The tape is available in several strengths.

LIBERTY
ADHESIVE TAPES

Hardner Tubes

High quality cream hardner tubes designed for use with all purpose putty for repairing interior and exterior wood works, paint works etc...

Mulmul

100% cotton Fabrics, Shrink free, Tear resistant, Cost effective, High Quality raw material, mainly used in painting and automobile industry for cleaning purposes.

Cotton Wool

Liberty Cotton wool rolls are soft and absorbent, used for general purposes where high absorbency is required. Manufactured using superior quality of natural cotton.

Dust Mask

Disposable dust mask, elastic headband, mouldable nose piece. Filters >94% of particulates. Recommended for mine and plant and construction labourers.

Surgical Mask

INDUSTRIAL PRODUCTS

Jubilee Hose Clips

Jubilee clips were instrumental in the formation of original British standards and as user customers all over the world will testify the consistent high level of reliability has set jubilee apart from its competitors
Used in Motor Industry, Engineering Industry, Heating & Ventilating, Chemical Industry, Agricultural Industry, Plumbing, Marine industry Etc....

Available in Zinc Coated & Stainless Steel

Finolex Auto & Battery Cables

Manufactured with high conductivity, bright annealed, bare copper conductors bunched together, insulated with dielectric grade Finolex PVC compound (impervious to oil, water, petrol, diesel, acids and grease) in plain, spiral and tracer colours.

Cranflex-Oil Jointing Paper

Cranflex is used extensively throughout the world in many automotive applications because of its ability to seal against petrol, oil & water at low cost. Cranflex has limited uses in the industrial and marine markets because of its relatively low heat and chemical resistance compared with non-asbestos materials.

Available Sizes

LubriMate-Lubricant specialists

LUBRIMATE GREASE: (Hi-temp & general purpose)

LubriMate grease is a smooth, buttery, lithium based grease suitable for a wide range of applications. It contains rust and oxidation inhibitors, an extreme pressure additive, a leak reducing component and anti-wear agent.

PVC Tarpaulins

To protect goods against rain, water, dust etc and to provide shelter to save goods from direct sunlight.

Spec:- 8x8 mesh, 100 Danier, Blue/Orange, orange/Grey in colour.

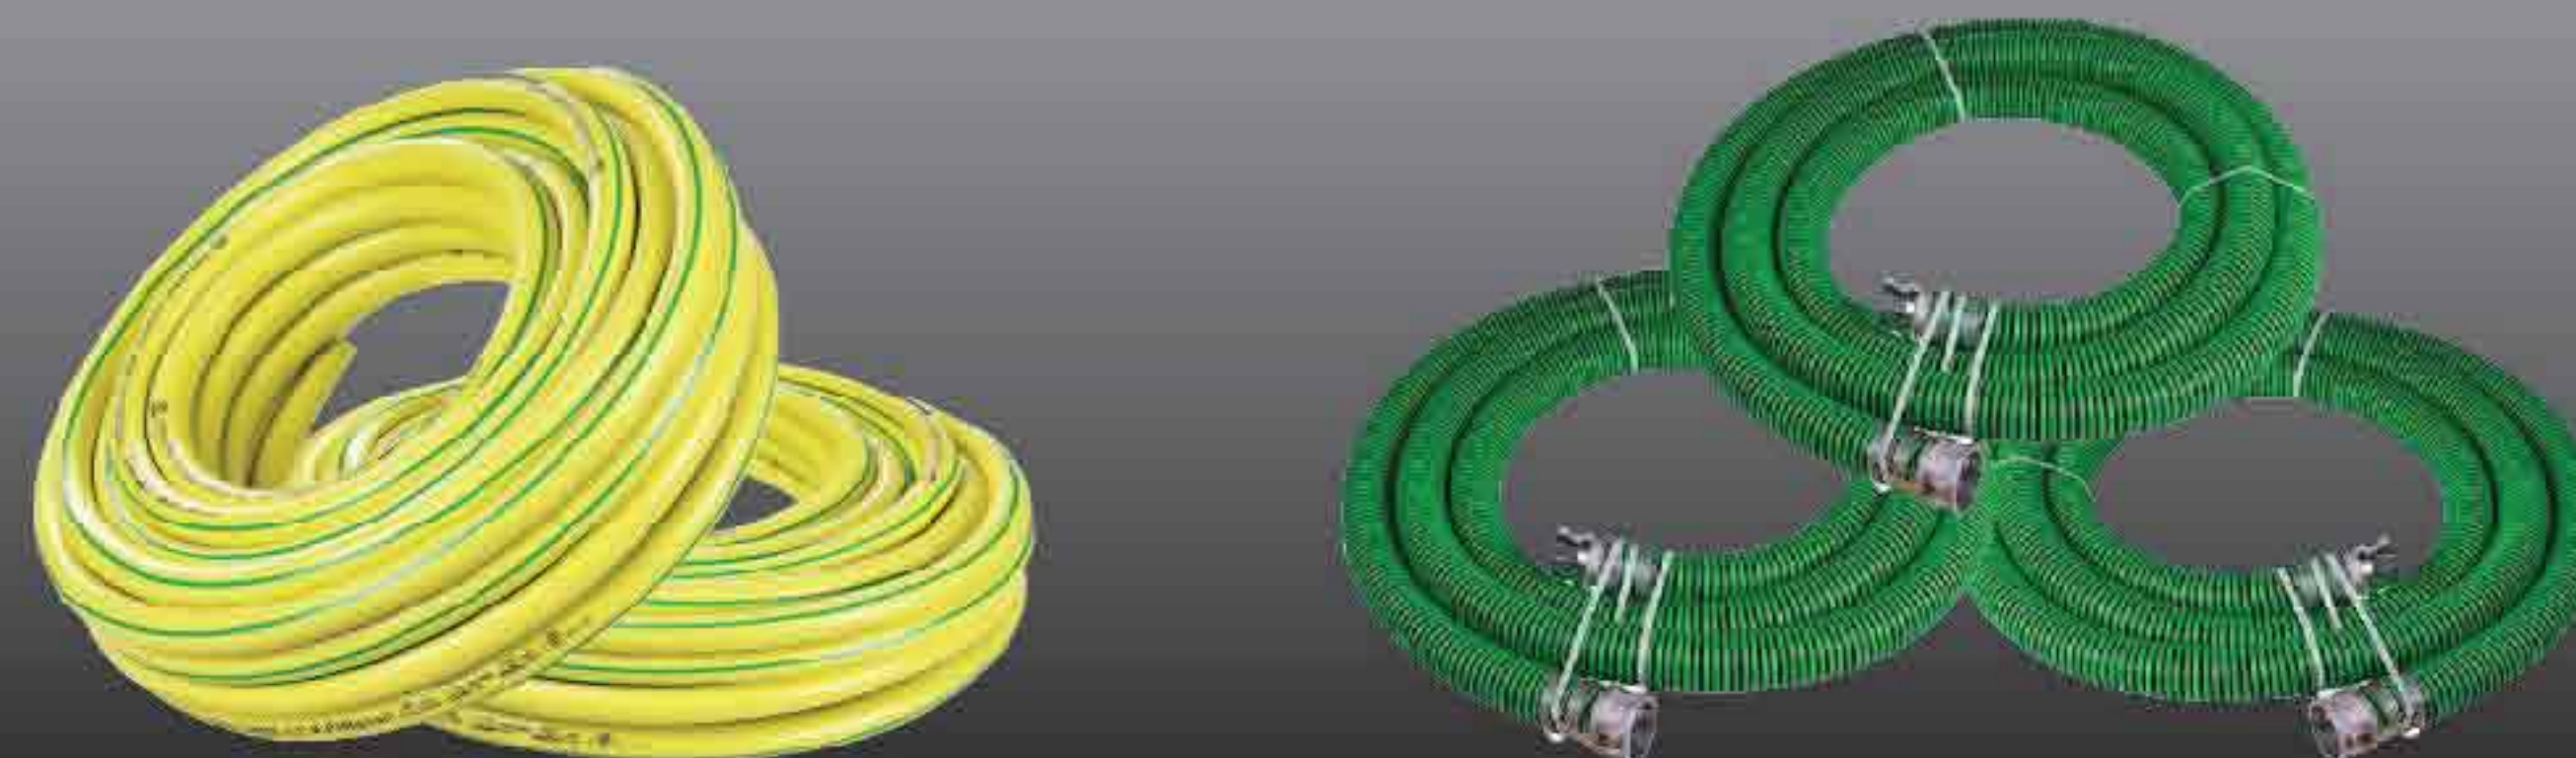

PVC TARPULINS

Garden & Suction Hoses

Garden Hoses:- Heavy duty yellow and green reinforced garden hose specially for irrigation, construction and industrial uses.

Suction Hoses:- heavy duty suction hoses used for dewatering, construction and industrial uses.

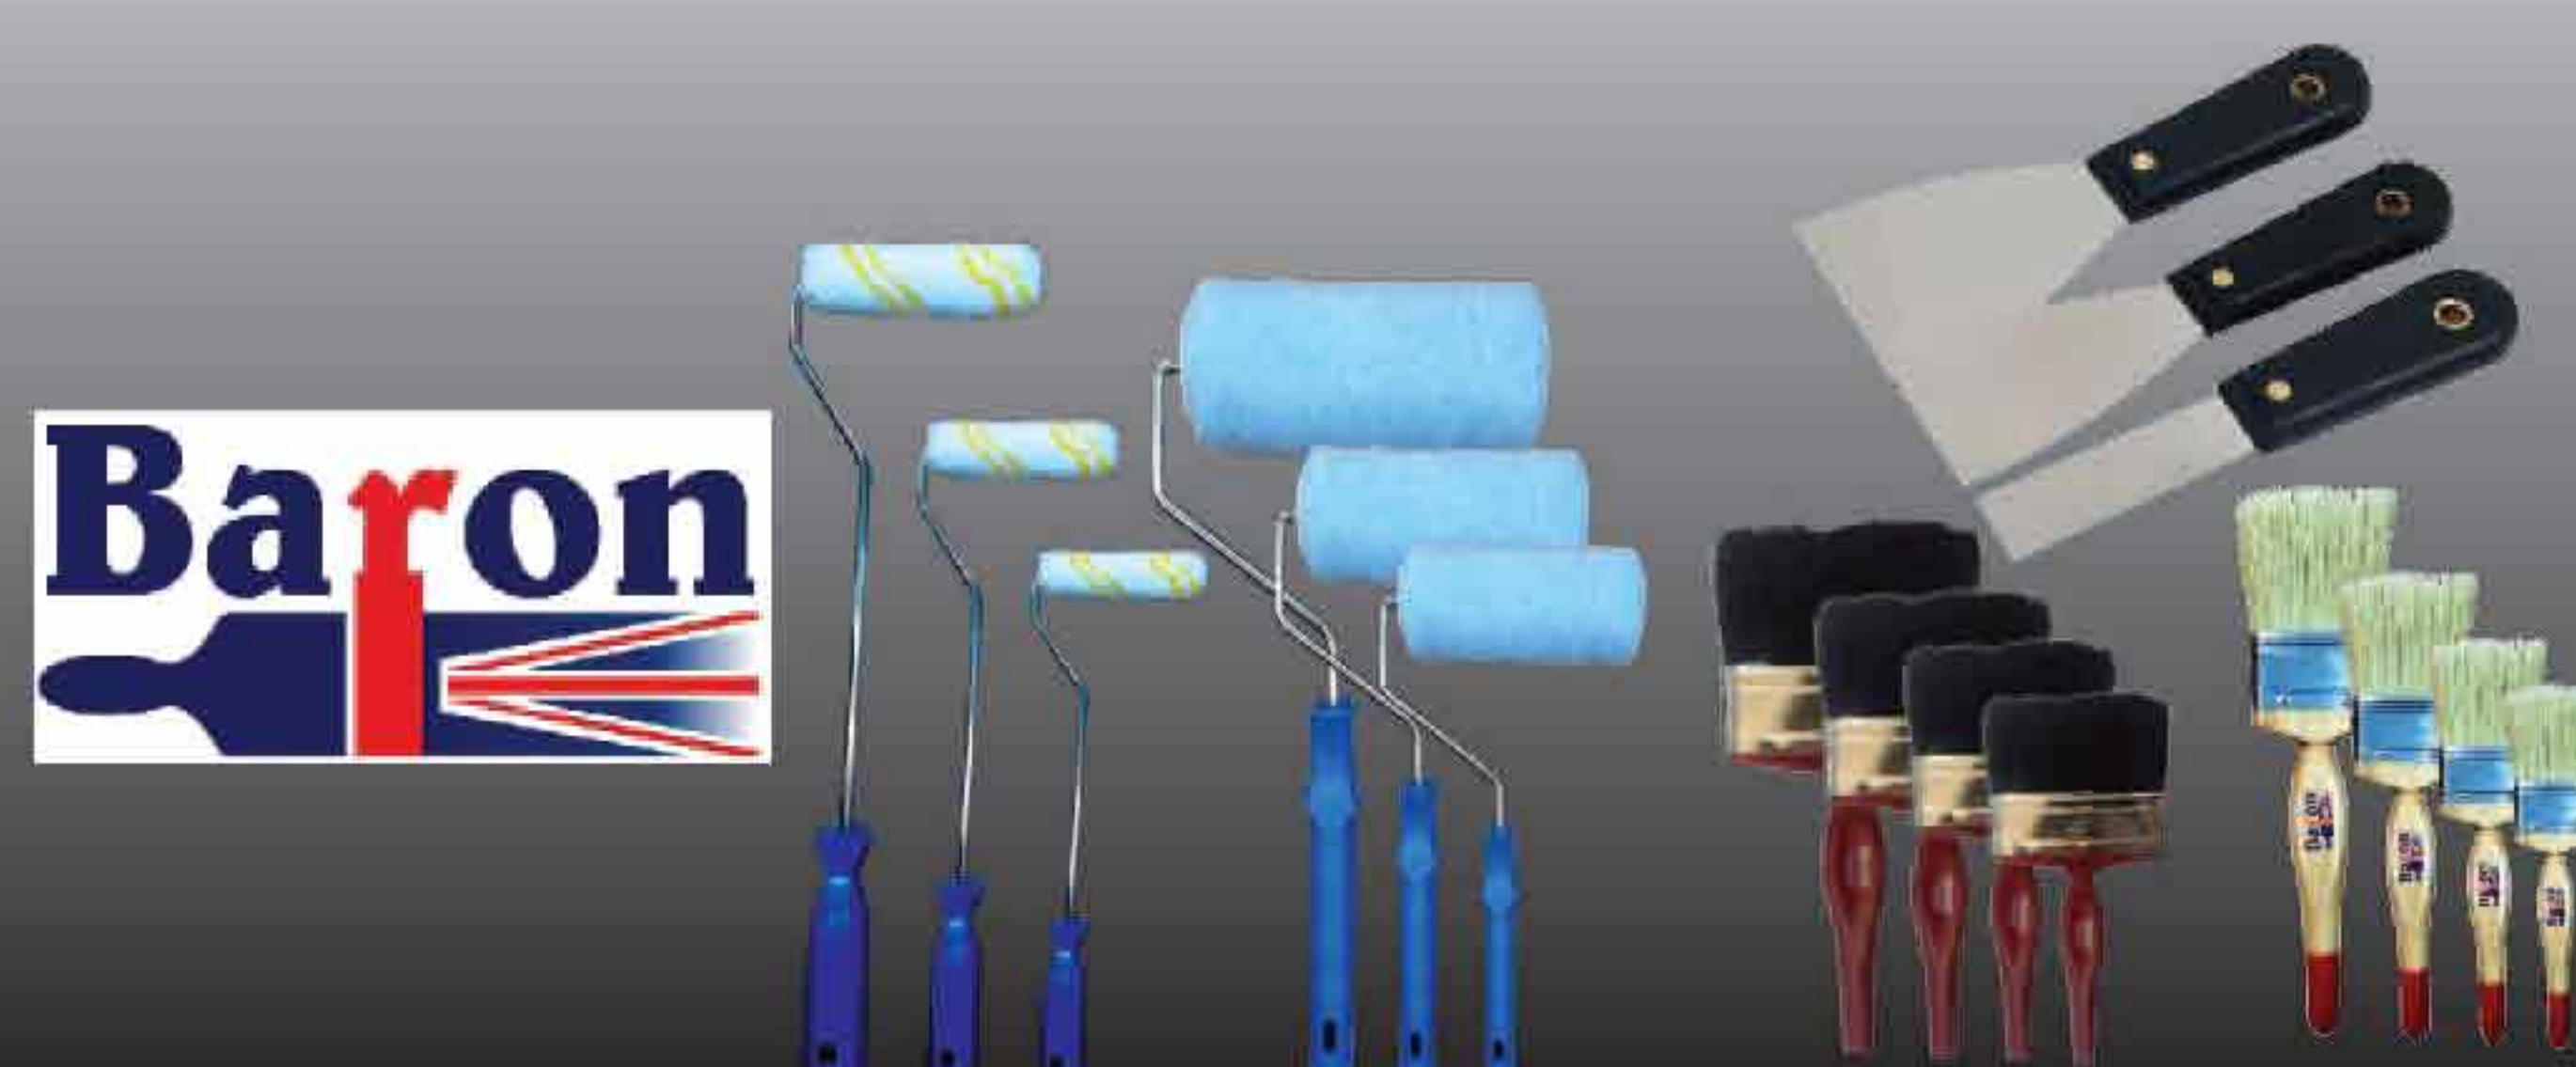

Devcon Adhesives

Devcon high strength adhesives are strong, dependable and easy to use. A complete line--one suited for any do-it-yourself project. Industrial strength products, yet simple enough for anyone. Available in a variety of formations, sizes and applicator options.

Painting Tools

High quality painting tools for interior and exterior uses. It is Suitable for Emulsion paint, Enamel paint etc....

Dormer Drill Bits

High speed steel (HSS) provides good wear-resistance and can be used in general purpose applications for both ferrous and nonferrous materials.

Slem

Slem MS 2K clear used in auto body work and industrial body works on any type of base for touchups and complete renovations, high efficiency, fast drying, high hardness, high gloss, high resistance.
