

ZALZALAH

CRANE PARTS & HYDRAULICS

Welcome To Our Company

2025

AL ZALZALAH HEAVY VEHICLES SPARE PARTS LLC.

Company Profile

• Crane spare parts

Looking for reliable crane spare parts? Whether it's for Chinese or Japanese models, we've got you covered with premium-quality components designed for durability and performance. From hydraulic systems and safety accessories, our selection ensures smooth operations and minimal downtime. Trust in parts that meet international standards, tailored for small cranes, and backed by exceptional customer support. Keep your equipment running at its best with our trusted solutions!

• Seal CNC

Ensure precision and durability with our CNC-machined hydraulic and pneumatic seals. Designed for optimal performance, these seals are crafted from high-quality materials to withstand extreme pressures, temperatures, and demanding conditions. Perfect for industrial applications, they provide leak-proof reliability and extend the lifespan of your equipment. Whether you need custom designs or standard options, our advanced CNC technology guarantees perfect fit and functionality every time. Seal the deal with solutions that deliver excellence!

• Repair & Services

Expert repairs for hydraulic cylinders and cranes! We handle seal replacements, piston fixes, and full overhauls with precision. Maximize performance and minimize downtime with our reliable, cost-effective services.

• Heavy Equipment

We offer original crane equipment models designed for durability and top performance. Reliable, efficient, and built for demanding tasks—your trusted choice for quality cranes!

HYDRAULIC PARTS

HYDRAULICS GEAR PUMP

WE HAVE FULL RANGE OF GEAR PUMP FOR MOBILE CRANE SINGLE STAGE, DOUBLE STAGE, THRIPL STAGE, 4 STAGE FOR MACHINE LIKE TADANO, KATO, SANY, XCMG, ZOOMLION,

HYDRAULICS GEAR PUMP

WE HAVE FULL RANGE OF GEAR PUMP FOR MOBILE EQUIPMENT SUCH EXCAVATOR, BOOM LOADER, WHEEL LOAD, GRADER SINGLE STAGE, DOUBLE STAGE, THRIPL STAGE, 4 STAGE FOR MACHINE LIKE KOMATSU, JCB, CATERPILLER, DOOSAN

HYDRAULICS PISTON PUMP

WE HAVE FULL RANGE OF PISTON PUMP AND SPARE PARTS lift pump, a force pump, axial pump, and radial piston-pump. Repair seal kit.

SEAL MANUFACTURING

We manufacture high-quality seals designed for durability and precision. Backed by a reliable guarantee, our seals ensure leak-proof performance for hydraulic and pneumatic systems. Trust us for the best in quality and reliability!

CNC MACHINE

Precision machines use advanced technology for accurate, efficient, and consistent manufacturing. RANGE UPTO 750MM DIAMETER

RAW MATERIALS

Best materials for hydraulic seals include NBR, PU, FKM, PTFE, and EPDM, chosen based on pressure, temperature, and fluid compatibility.

CNC SEALING

profiles are Precisely cutting with CNC ensures accurate and detailed shaping of materials

SEAL PROFILES

Seal profiles include O-rings, U-cups, V-rings, Wipers, Rod Seals, Piston Seals, Back-up Rings, Rotary Seals, and Composite Seals, each designed for specific sealing applications and conditions.

Repair & Services

We offer expert repair and services for hydraulic cylinders, ensuring efficient performance and longevity. Our skilled technicians handle everything from seal replacements to full cylinder overhauls, restoring your equipment to peak condition. With a focus on precision and quality, we minimize downtime and keep your hydraulic systems running smoothly.

CNC METAL WORK

Precision CNC Metalwork: Expertly Crafted Glands and Piston for Hydraulic And Penumatic Cylinders

HARD CHROME

We provide top-quality engine parts for various machinery, ensuring reliable performance and durability. From pistons to filters, our components are designed to keep your engines running smoothly and efficiently.

SEALS INSTALLATION

Seal installation involves carefully placing new seals onto the cylinder components to prevent leaks and ensure proper sealing during operation, often requiring precision to ensure proper fit and function.

REPAIR PISTON & GLAND

Restore Performance with Expert Gland & Piston Repair
We specialize in repairing nuts and glands for hydraulic cylinders, ensuring durability and optimal performance. Our precision techniques restore components to like-new condition, minimizing downtime and maximizing efficiency.

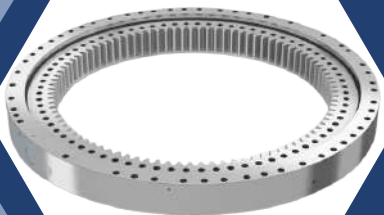

SPARE PARTS

ENGINE PARTS

We provide top-quality engine parts for various machinery, ensuring reliable performance and durability. FOR UD, FUSO TRUCKS AND CHINESE TRUCK

SWING BEARING

We offer durable swing bearings for cranes and excavators, designed to handle heavy loads and ensure smooth rotation. Built for reliability and precision, they enhance performance and extend equipment lifespan.

CONCRETE MIXER & PUMP

We provide a complete range of parts for concrete mixers and pumps, including drums, blades, pistons, valves, and hydraulic components. Designed for durability and performance, our parts ensure smooth operation and long-lasting reliability.

SAFETY ITEMS

We offer a wide range of safety parts designed to protect both equipment and operators. From safety valves to protective covers, our components ensure maximum safety and compliance with industry standards. Trust us to keep your operations secure and efficient.

OUR BRANDS

Thank You

"We are honored to collaborate with Zalzalal Company, a leader in the industry. This partnership marks the beginning of a strong and fruitful relationship, built on trust, innovation, and a shared commitment to excellence. Together, we aim to provide unparalleled value, exceptional products, and outstanding services that meet the evolving needs of our clients. We look forward to a successful journey, achieving mutual growth and setting new standards in our industry."
