Company Profile

SERVICES

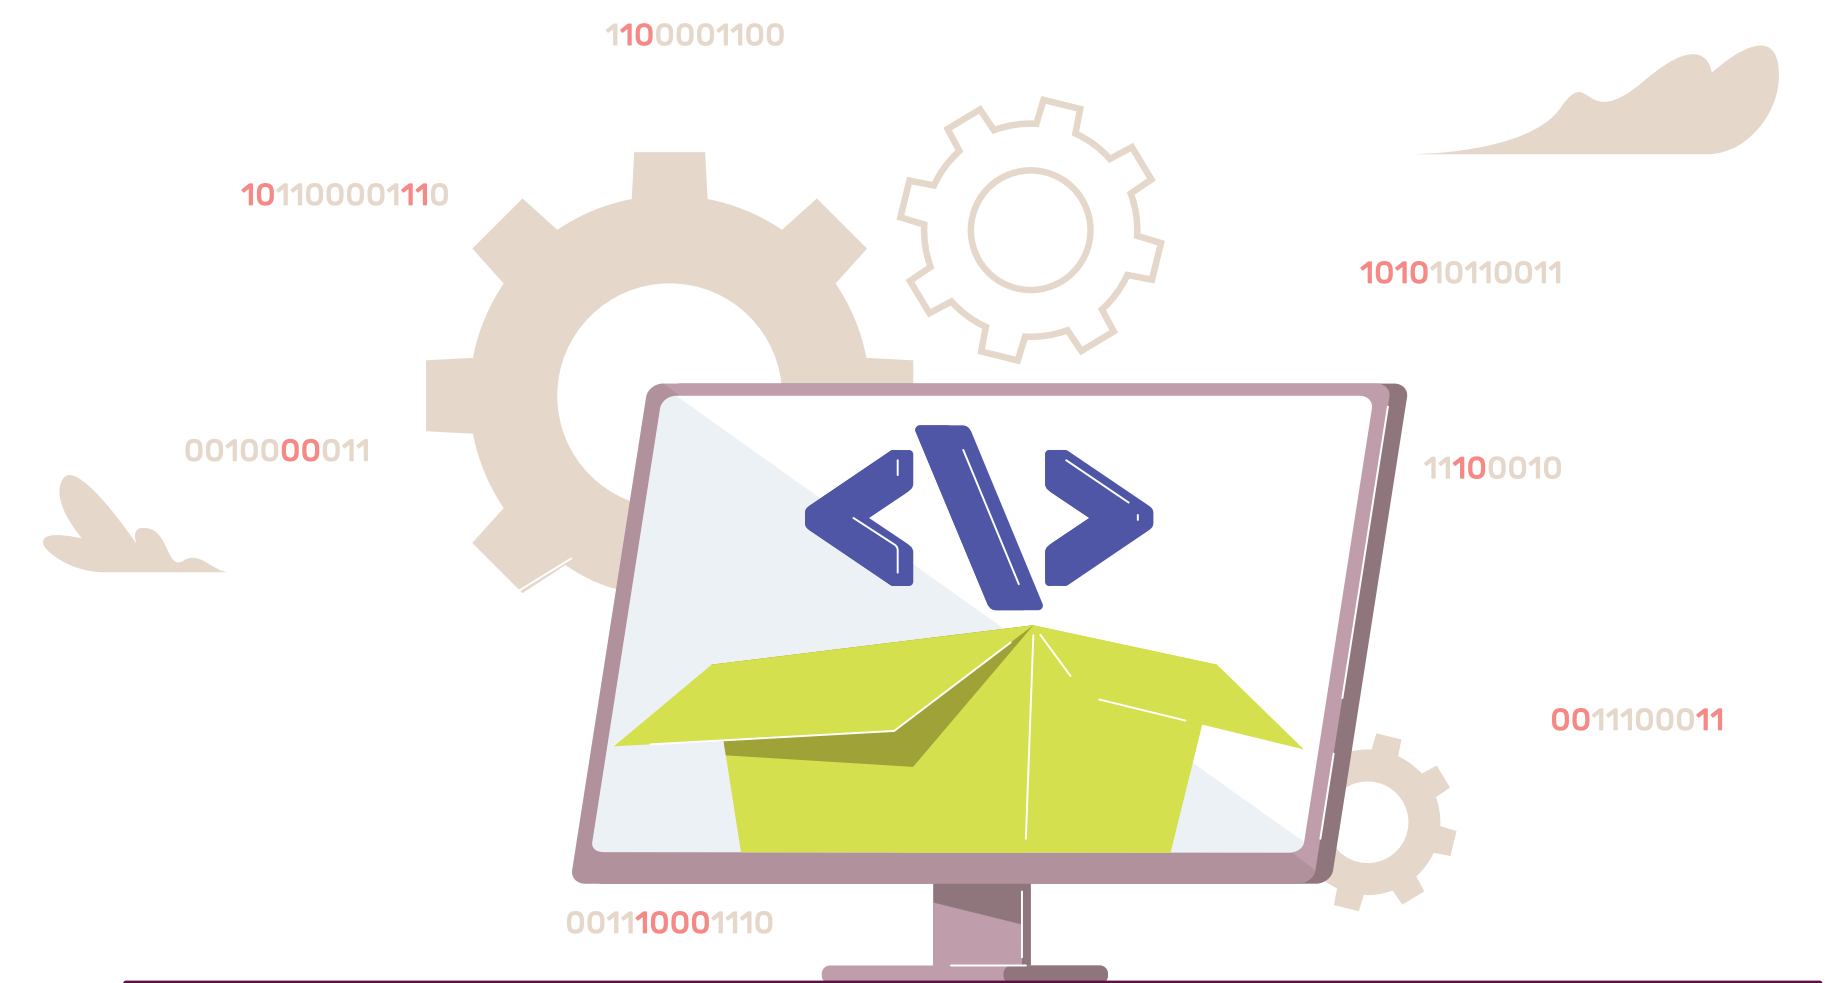

CUSTOM SOFTWARE DEVELOPMENT

03

We design and build custom **software applications** to address specific client challenges. From concept to deployment, our team delivers scalable, secure, and user-friendly applications that align with business objectives and industry standards.

WHY CHOOSE
DAVA TECHNOLOGIES?

Why Dava ?

- **Regional Focus:** Serving both African and Middle Eastern markets with localized expertise.
- **Innovation-Driven:** Leveraging cutting-edge technologies to deliver practical, scalable solutions.
- **Client-Centric Approach:** Building long-term partnerships by tailoring solutions to client goals.
- **Skilled Experts:** Combining functional, technical, and strategic expertise in Odoo ERP and IT consultancy.

**OUR LEADERSHIP
AND EXPERTISE**

The background features a light yellow-green gradient. Overlaid on this are several large, abstract geometric shapes in a darker green color. These shapes include triangles and irregular polygons that create a dynamic, layered effect. The text is positioned in the upper left quadrant, partially overlapping one of the green shapes.

EXPERTISE

Our foundation is built on decades of leadership experience and a proven track record of successful project delivery.

Our CEO & Co-Founder has more than 20 years in IT consulting, serving many organizations across diverse industries. This extensive experience provides DAVA Technology with a strategic vision and deep understanding of the complexities of digital transformation.

DELIVERING IMPACT ACROSS THE IT LANDSCAPE: THE CUMULATIVE TRACK RECORD

As a team, we have executed many projects cumulatively, leveraging our combined expertise to deliver impactful results for our clients. Spanning from Software Development to IT Consulting, we have provided our expertise in the following key areas:

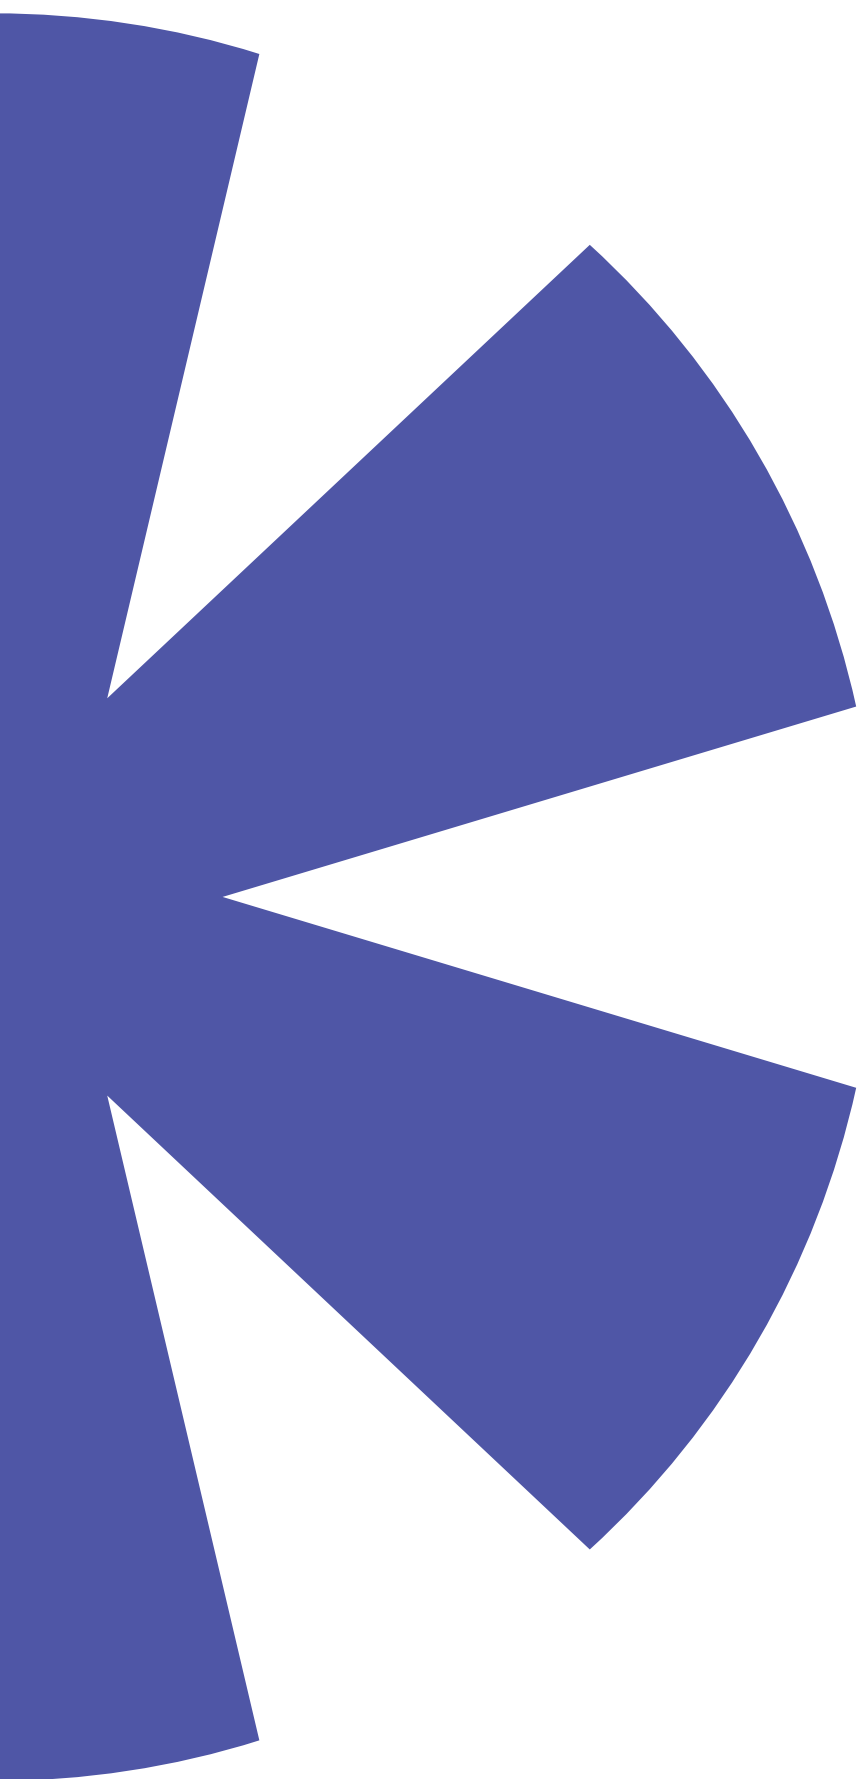

BANKING, MANUFACTURING, OIL & GAS AND GOVERNMENT INSTITUTIONS PROJECTS:

Our team has extensive experience providing high-level consultancy and project management services to the banking industry. Key projects include:

01

Acquisition of New Core Banking Systems (CBS): Guiding banks through the entire lifecycle of selecting and acquiring new CBS solutions that align with their strategic requirements.

02

Evaluation of Existing Banking & Financial Systems: Conducting in-depth assessments of current systems to identify gaps, inefficiencies, and opportunities for enhancement.

03

Business Process Management (BPM): Re-engineering and optimizing banking processes to improve efficiency, reduce costs, and enhance customer experience.

04

PM Services for System Implementation: Providing expert project management to ensure the successful and timely implementation of new core banking and other financial systems.

05

IT Infrastructure Redesign and Upgrade: Modernizing IT infrastructure to support the demands of digital banking and ensure security, scalability, and resilience.

06

Evaluation and Selection of Enterprise Resource Planning (ERP) Systems: Assisting financial institutions in evaluating and selecting ERP systems that integrate seamlessly with their core operations.

07

IT Capability Assessment and Enhancement: Performing comprehensive assessments of IT departments' capabilities and developing roadmaps for skill enhancement and modernization.

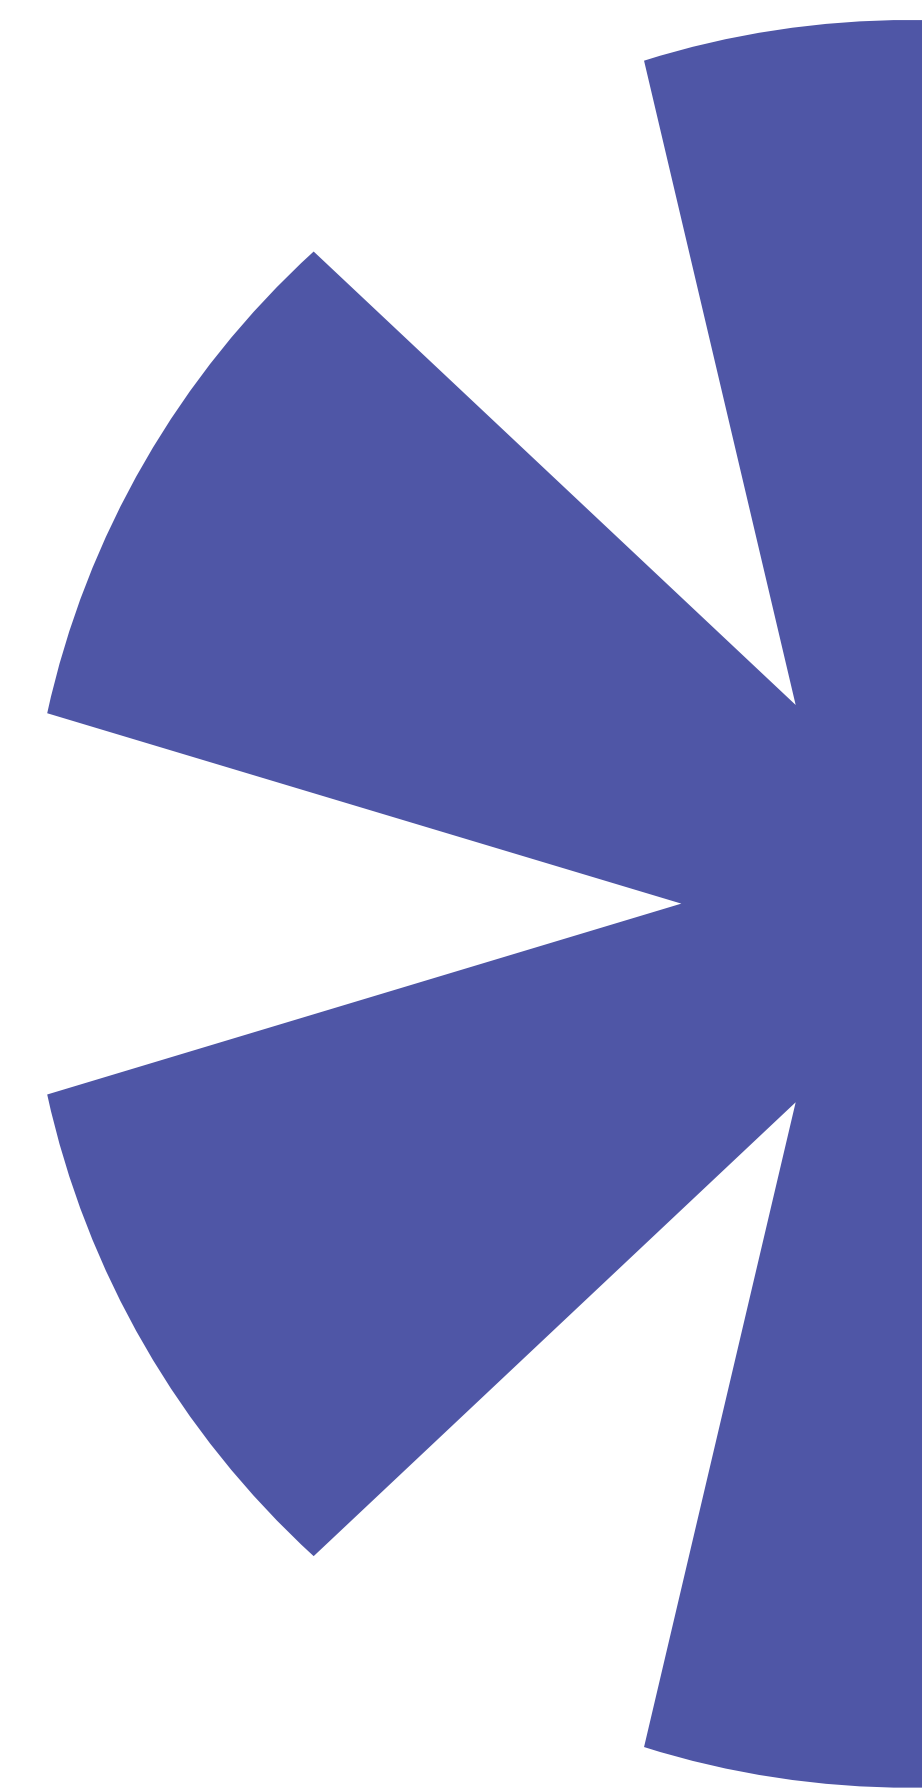

OUR ODoo ERP JOURNEY

At DAVA Technology, our Odoo expertise runs deep – tracing back to the early days of **OpenERP**, the foundation upon which Odoo was built. Our consultants and technical experts have grown alongside Odoo's evolution, gaining hands-on experience across multiple versions and implementations over the years.

Having collaborated with several **Odoo partners** and led numerous **independent implementations**, our team brings together the perfect blend of **functional insight**, **technical mastery**, and business acumen. This synergy allows us to deliver scalable and impactful ERP solutions that align perfectly with our clients' strategic goals.

Our portfolio includes successful **Odoo implementations** across diverse industries such as **retail, manufacturing, supply chain, services, and e-commerce**, serving clients across **West Africa and the Middle East**. This extensive exposure enables us to craft tailored, high-performance ERP systems that not only streamline operations but also empower businesses to grow with confidence.

OUR PARTNERS

The background features a series of overlapping, angular shapes in shades of lime green and pale yellow, creating a dynamic, starburst-like pattern. The shapes are primarily triangles and quadrilaterals, some pointing towards the center and others towards the corners, creating a sense of movement and energy.

ODOO . SA

- Odoo is a Belgian suite of comprehensive business management applications that cover a wide range of business needs – including **Customer Relationship Management (CRM)**, eCommerce, Accounting, Manufacturing, Inventory, Warehouse, and Project Management.
- **As an official Odoo ERP Partner**, DAVA Technology is authorized to deliver the full suite of Odoo ERP solutions with precision and excellence.
- Odoo's integrated, customizable, and user-friendly platform empowers organizations of all sizes to **streamline their operations, enhance productivity, and drive digital transformation** – all within a single unified system.

CMC GLOBAL

- **CMC Global** is a leading Vietnamese software development company specializing in **IT Outsourcing, Digital Transformation, and Enterprise Solutions.** With a strong presence across diverse industries, CMC Global provides end-to-end technology services through flexible delivery models.
- Our collaboration with CMC Global enhances DAVA Technology's capability to deliver **world-class software development and system integration services,** ensuring clients receive innovative, scalable, and high-quality solutions that support their growth and success.

DAVA TECHNOLOGY
EMPOWERING GROWTH,
TRANSFORMING FUTURE.
