Products at A Glance

The Company

Dunex, set up in 2000 by visionary NRI **Mr. Kishore Khambhayta** has come a long way from a architectural hardware export unit to today's a full length facility with multiple products into architectural ironmongery. Mr. Khambhayta pioneered usage of AISI 316 Stainless Steel as basic material component in manufacturing way back in 1993, which crafted niche into the market. Today world over AISI 316 made architectural products are recognized for the better strength, durability and aesthetics. Dunex expanded its wings with ultra-modern works facility at Rajkot and International works and trade office at Dubai (UAE), penetrated many markets of the world in a very short span.

In the year 2003, his qualified son **Ketan Khambhayta** joined the company with young, modern approach, which has resulted to many successful innovations in products and business. He brought in many firsts in designing and manufacturing architectural solutions. Unique, custom designed modular staircase and railing solution with concealed assembly is one among them. Continuous technological innovations and unique product designs is his motto. Dunex has flourished internally and externally under his command.

Dunex quality products enjoy high credentials in many markets of the world today and innovative fitment technology provides best customized solutions bringing in customer delights. Dunex products are classified into Door Hardware; Furniture Hardware; Architectural Glass Hardware; Bathroom Accessories; Modular Staircase & Railing Solutions and Specialized & Customized Hardware Solutions categories. Each of the Dunex products is sealed with quality mark of its trustworthiness and genuineness. Superior quality, technological innovation and functional fitment are the core strength of every Dunex product.

With many initiatives, Dunex credentials are many:

- Mr. Kishore Khambhayta pioneered usage of Stainless Steel in Architectural hardware in India. Whereas his company pioneered in manufacturing Architectural Glass Fittings; Modular Railing Solutions; Modular Stairway Solutions and Dunex carries credit of being the first and only manufacturer providing modular stairway and railing solutions with concealed assembly.

• In 2007, **DUNEX** has been awarded with the International Quality Excellence Award & the International Business Excellence Award by the International Business Productivity Forum (New Delhi, India). The Awards were presented by Shri Sunil Shasti (Former Cabinet Minister of Uttar Pradesh, India & Son of Former Indian Prime Minister, Late Shri Lal Bahadur Shastri) to Mr. Ketan Khambhayta (Director, DUNEX).

• In 2008, **DUNEX** has been awarded with the Bharatiya Vikas Ratan Award by the All India Business Development Association (New Delhi, India).

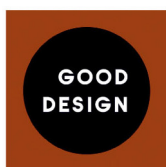

• In 2009, **DUNEX** has been awarded with the Red-Dot Design Award for its product "Indicator Bolt/Latch" (DUNEX Catalog Code: BA-9). DUNEX is the First Indian Product Manufacturers to be Honoured with a Red-Dot. With participation from world over, the international "red dot design award" is the largest and most renowned design competition in the world. Red dot International jury assessed 3,231 products participated from 49 countries on criteria such as degree of innovation, functionality, ergonomics, longevity, compatibility and clarity of function. The award is as a seal of quality; it stands for membership of the best in design and business.

• In 2015, **DUNEX** has been awarded with the Good Design Award for its product "The Palm Door Handle" (DUNEX Catalog Code: GH-20). A total of over 900 Awards were given by a New York jury, representing the work of thousands of designers & industry leaders producing the finest accomplishments in design & manufacturing from 48 nations.

With its new upcoming ultra-modern manufacturing facility at Rajkot, Gujarat, clubbed with existing facility will become the country's largest Steel Architectural Hardware Manufacturing unit.

The 'Go green' concepts established in facility and its production line and participation in many of charitable and social activities, Dunex pays high esteem to CSR (Corporate Social Responsibility). Dunex has also established many firsts in human resource development. Basic need of health and hygiene of its workers has enjoyed maximum priority from management. A plant sprawled over in 14500 square meters provides spacing with nature. Lush green lawns, tree plantation in periphery and water bodies in premise truly connects nature with work. Many species of birds finds shelter in nature driven environment here. The most enviable facade of the company building is unique in design and also a piece of engineering marvel.

Experience Dunex.
