

Why Us?

The UAE generates **millions of tonnes** of waste every year, yet much of it remains poorly segregated and under-documented. Globally, less than **10% of plastic waste** is effectively recycled, increasing landfill pressure and environmental risk. As sustainability regulations and ESG expectations grow, businesses require structured, traceable recycling solutions — not just waste collection.

Ecocleaner Recycling L.L.C. addresses this challenge by providing compliant and transparent recycling systems for plastic, paper, and industrial waste. Operating under **Dubai Municipality standards**, we ensure proper segregation, documented destruction, and responsible material recovery while helping organizations reduce landfill dependency and meet sustainability goals.

"Trash is just a misplaced resource."

LET'S MAKE A DIFFERENCE TOGETHER!

RECYCLING LLC

"Recycling today for a better tomorrow"

Mission and Vision

Turning Purpose into Action for a Circular Future

We deliver practical, Dubai Municipality-compliant recycling solutions that are transparent, measurable, and built to create real value for businesses. Our approach focuses on responsible material recovery, reducing landfill dependency, enabling organizations to meet sustainability and regulatory requirements with confidence.

What we recycle?

We handle a **wide range of recyclable materials** through **Dubai Municipality-compliant** processes.

- Plastics and Glass
- Paper and Cardboard
- Rubber and Leather
- Textile and Fabric
- Hazardous/Chemical Waste
- Wood and Metal
- Electronic Waste

Benefits to business

- Cost Effectiveness
- Effortless Compliance
- Hassle Free Process
- Carbon Footprint Reduction
- Circular Business Model
- Brand Enhancement

Let's Build a Cleaner Future

Partner with us to streamline your waste management, strengthen compliance and contribute to a more sustainable and circular economy.

What we offer?

We deliver reliable, compliant, and transparent recycling services tailored for businesses across the UAE.

- **Dubai Municipality Certification**
- Fully compliant processes aligned with Dubai Municipality Standards
- **Standard Recycling Services**
- **Standard Destruction Certification**
- Verified and documented destruction with official certificates for audit and compliance purposes.

Our process

A streamlined, compliant, and fully traceable approach to responsible waste management.

- Collection & Offloading
- Segregation & Verification
- Processing & Treatment
- Documented Destruction
- Material Recovery
- Reporting & Traceability

"Recycling Today For Better Tomorrow"

Compliance-Driven Recycling & Destruction Services

Ecocleaner Recycling L.L.C. | Dubai Industrial City

The Waste Challenge

Municipal solid waste generation is predicted to grow from 2.1 billion tonnes in 2023 to 3.8 billion tonnes by 2050.

Without proper management systems, businesses face:

- Regulatory non-compliance penalties
- Environmental liability risks
- Brand reputation damage
- Missed circular economy opportunities

❏ **The UAE is leading the way:** Dubai Municipality enforces strict waste management regulations requiring proper segregation, certification, and recycling practices.

ABOUT US

Who We Are

Ecocleaner Recycling L.L.C. is a Dubai-based, compliance-focused recycling company providing end-to-end waste management solutions for businesses across the UAE.

Compliance First

Fully aligned with Dubai Municipality regulations and UAE environmental standards

Certified Operations

Authorized recycler providing official destruction certificates and DM certification

Circular Economy

Transforming waste into valuable resources for sustainable manufacturing

Our Mission

To protect the environment by providing transparent, compliant, and efficient recycling services that enable businesses to meet their sustainability goals.

Our Vision

To be the UAE's most trusted partner for responsible waste management, setting the standard for transparency and compliance in the recycling industry.

OUR SOLUTIONS

Comprehensive Recycling Services

Standard Recycling

- Collection and transportation
- Material sorting and classification
- Processing and preparation
- Delivery to certified end-users
- Full traceability documentation

Destruction Certificate

- Secure destruction of sensitive materials
- Expired product disposal
- Brand protection services
- Official destruction certificates
- Photographic evidence provided

DM Certification

- Dubai Municipality approved processes
- Compliance documentation support
- Regulatory reporting assistance
- Audit-ready record keeping
- Environmental impact reporting

MATERIALS

What We Recycle

We handle a comprehensive range of recyclable materials across multiple categories

Paper & Cardboard

Office paper, corrugated cardboard, packaging materials, newspapers, magazines

Plastics

PET, HDPE, LDPE, PP - bottles, containers, films, and industrial plastic waste

Glass

Clear, colored, and industrial glass materials

Rubber & Leather

Industrial rubber products, leather scraps, and related materials

Textile & Fabric

Industrial textiles, fabric scraps, and clothing materials

Wood

Pallets, construction wood, packaging materials

Metals

Ferrous and non-ferrous metals, scrap metal, industrial waste

E-Waste

Electronic equipment, IT assets, appliances (with proper certification)

Don't see your material listed? Contact us - we likely handle it or can connect you with a certified partner.

Our Streamlined Process

From collection to certification, we handle every step with precision and transparency.

Result: Complete transparency, regulatory compliance, and a measurable contribution to the circular economy

Benefits to Your Business

Partner with Ecocleaner to unlock environmental and business value

Cost-Effective

Competitive pricing with potential revenue from recyclable materials

Effortless Compliance

Meet all Dubai Municipality requirements without the administrative burden

Hassle-Free Process

Reliable scheduling, professional service, and complete documentation

Carbon Footprint Reduction

Measurable environmental impact for your ESG reporting

Circular Business Model

Contribute to sustainable manufacturing and resource conservation

Brand Enhancement

Demonstrate environmental responsibility to customers and stakeholders

WHY CHOOSE US

The Ecocleaner Advantage

End-to-End Traceability

Complete transparency from collection through final recycling with documented proof at every stage

Strong Compliance Alignment

Fully compliant with Dubai Municipality regulations and UAE environmental laws

Experienced Team

Professional operations team with deep knowledge of local regulations and best practices

Reliable Scheduling

Consistent pickup schedules tailored to your business needs with flexible options

Clear Documentation

Comprehensive certificates, reports, and records for audits and sustainability reporting
