# WHO WE ARE

Eon Print Solutions LLC was established in 2013. We are specialized in Digital Fabric Printing technology that is leading in the present world.

EPS is proud to have been fulfilling the market requirements of our customers with the facility of Large format digital printing. We started to serve our customers with the limited facilities once in early 2013, when the company was born.

Now we are standing Infront of the market with high end machinery that is imported from the USA, Italy, France, Japan and Korea that can print up to 5 Mtrs wide, which is the maximum in the current market.

We are an innovative digital fabric printing house, equipped with new fabric printing technologies and ideas that makes the fabric printing looks simple and elegant.

We are passionate in breath and live fabrics. Design your own space and bring them alive with Eon Print Solutions.

With the handful of experience in the same industry, we take the time to truly understand the needs of our clients and ensure that their printing projects are done on time with the highest quality, no matter how big or small the projects are.

We believe that customers are the seeds of our business and employers are the fruits of it.
