Why choose us?

Nearly 20 Years of Experience

ISO Certified Company

Guaranteed Quality

Customer Centric Approach

What We Do

Electrical Trading

LV Distribution & Control Panels

Industrial Automation

Electrical Maintenance

Site Installation & Panel Modification

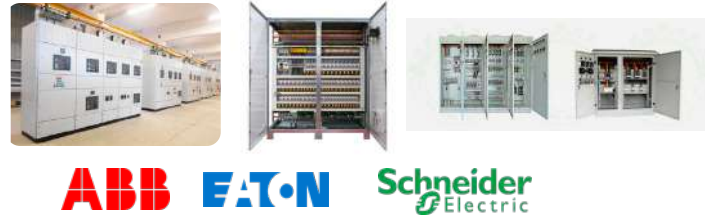

Technical Manpower Supply

LV Distribution Panels

- Main Distribution Panels (MDB)
- Sub Main Panels (SMDB)
- Final Distribution Boards (DB)
- ATS & Synchronising Panels
- Feeder Pillars
- Meter Cabinets
- Capacitor Banks

Control Panels

- PLC Panels
- HVAC control Panels
- Motor Control Panels
- VFD & Soft Starter Panels
- DOL/SD Starter Panels
- Pump Control Panels
- Swimming Pool Panels
- Machine Control Panels
- MIMIC & Relay Panels
- BMS Control DDC Panels

UPS & Power Supplies

- UPS
- Power Supplies
- ATS Controllers

Electrical Accessories

- Glass/Ceramic Fuses
- Enclosures- Metal/GRP/Plastic)
- Cable trays & Trunking
- Fans, Filters, Thermostats
- Engraved Labels
- Terminals
- Connectors
- Transformers

Automation Parts

- PLC VFD, Soft starters
- Control Stations
- Motion Sensors
- Limit Switches
- Buzzers & Indicators

LV Switch Gears, Sensors, Relays

- MCBs, MCCBs
- PMR, UVR
- Timers & Relays
- Multi-function/ KWH meters

Battery - Industrial & Golf Cart

- Dry cells (AA/AAA)
- Deep Cycle & AGM batteries
- Lithium Batteries
- Golf Cart Batteries
- UPS Batteries
- Industrial Batteries
- Battery Chargers

Industrial Plugs & Sockets

- Switched Industrial Plugs & Sockets
- Portable Power Distribution Boards
- Control Stations
- Junction Boxes

Power & Control Cables

- Armoured Cables
- Rubber Cables
- Control Cables
- Shielded Cable
- Cat.6 Data Cable
- Cable Glands

LED Lighting & Energy Saving

- LED Flood Lights
- LED High Bay Lights
- LED Bulk Head Lights
- LED Ceiling Lights
- LED Spot Lights

Marine & ATEX Products

- Explosion-proof Lights
- Explosion-proof industrial sockets & plugs
- Junction Boxes
- Distribution Boards

PANEL BUILDING & RETRO FITTING

We Design, Manufacture & Install a comprehensive range of Power Distribution Panels & Control Panels that suits your specific requirements and meet relevant safety standards.

- Troubleshooting of all control panels
- Troubleshooting & Repair of VFDs, PLC & Soft Starters
- Modification, Addition or Deletion of Circuits, Busbar, etc
- Replacement and Fixing of CTs, Multifunction Meters
- Capacitor Bank Commissioning & Modification
- Troubleshooting & Fault Rectification of ATS panels
- Synchronizing Panel Modifications, Reprogramming.
