ABOUT US

We are a specialized trading company providing high-quality AC spare parts with a strong focus on chiller and chilled water system fittings, valves, and accessories. Since our establishment in 2016 as part of a dynamic group, we have proudly supplied materials to numerous prestigious projects across the UAE, Saudi Arabia, and Oman.

Our in-house capabilities set us apart. We not only supply a comprehensive range of chiller accessories, but also offer expert installation services through our dedicated technical team. Additionally, we operate our own HVAC ductwork manufacturing division, ensuring complete control over quality and timelines.

Our growth has been steady and strategic—built step by step with a commitment to excellence. With a combination of supply, service, and manufacturing all under one roof, we are well-positioned to provide our customers with the best products and support in the market.

We look forward to continuing to serve our clients with reliability, efficiency, and the highest standards of quality.

OUR VISION

To be the most trusted partner in the HVAC industry across the GCC, recognized for delivering exceptional quality in AC spare parts, chiller system accessories, and HVAC solutions — all driven by our in-house strength in supply, service, and manufacturing

OUR MISSION

To deliver high-quality HVAC solutions by providing reliable AC spare parts, specialized chiller system components, and expert installation services. Backed by our in-house manufacturing and technical capabilities, we are committed to supporting our clients with prompt service, consistent quality, and long-term value. We strive to contribute to the success of every project we serve through integrity, innovation, and operational excellence

OUR INFRASTRUCTURE

Our robust infrastructure is the backbone of our operations and a key driver of our success. With strategically located facilities and a well-integrated setup, we are equipped to handle the complete lifecycle of HVAC supply and service.

WAREHOUSE & INVENTORY:

A well-organized and stocked warehouse ensures ready availability of a wide range of AC spare parts, chiller components, valves, and accessories, enabling quick dispatch and minimal lead times.

HVAC DUCT MANUFACTURING UNIT:

Our dedicated ductwork manufacturing division is equipped with modern machinery and skilled technicians, allowing us to produce high-quality ducts customized to project requirements with precision and speed.

TECHNICAL SERVICE TEAM:

A specialized in-house team of engineers and technicians provides expert installation, commissioning, and support services, ensuring seamless integration of systems on-site.

LOGISTICS & DELIVERY:

We maintain a strong logistics network that ensures prompt and safe delivery of materials to project sites across the UAE, Saudi Arabia, and Oman.

PROJECT COORDINATION & SUPPORT:

Our experienced back-office and project management staff ensure smooth coordination with consultants, contractors, and end users throughout the project lifecycle.

With this comprehensive infrastructure, we are positioned to deliver complete HVAC solutions with consistency, reliability, and quality at every step.
