ABOUT GOOD HAND

GOODHAND is a multi-diverse and multi-product enterprise, manufacturing a wide range of beautiful Industrial Stones with more than 500 Designs with many different textures, colors, finishings, and sizes. We Design the beautiful Decorative Concrete Flooring with Stamp Concrete & Exposed Aggregate. With western association in core manufacturing, we understand the requirement of quality, innovation, and commitment. Our products retain their Color, Texture, and High Quality for long life. As one of the most experienced company in the Industrial Stones and Concrete Flooring Business, we have rich experience of over 25 years.

ADVANTAGE GOOD HAND

Know the Material Source: We believe that our customers should have confidence in knowing the origins of the material used in their Home and where the products are Manufactured.

Focus on Product Quality: Our product quality is not compromised by Third Party pressure to reduce prices. We ensure attention to the critical performance criteria necessary for the product's intended application.

Direct from the Factory: The sales price of our Products are competitive as they are delivered directly from our Factory and not via a Third Party.

Good Hand: Put the exquisite finishing touches to your architectural concept with the timeless beauty of Natural Stone through the Artificial Stone.

The Computer-Aided Design: Our CAD Centre is rich with Trained Engineers and Staff that develop precise drawings required across various projects based on the Customers' preferences and budgets.

The Project Management: Our Project Manager's at Factory ensure that the entire process, from Design to Installation, is completed as per the Company's Standards.

The Future Management: Our future is to incorporate more colors, infused with art, to engage your senses for an all-encompassing design. We strive to integrate new designs and colors into our design portfolio day after day.

MISSION & VISION STATEMENT

We are guided by moral principles in the pursuit of our mission –to realize our Vision and their Values! Our Mission starts from "Contribution to Society by forging ahead through Non-Conventional and Innovative Artificial Stone Products, Processes & Technology, with clear Vision to "Achieve Global Leadership in Artificial Stones a Concrete Flooring Industry. Both are working with sustainable Values of "Inclusive Growth which Inspires to Innovate & Achieve Development (Organisation, Industry, Society, and Economy)."
