

Company Overview

Welcome to George Taylor Lifting Gear Limited

As the premier UK brand of lifting, hoisting and mechanical handling products, George Taylor aim not only to offer a wide range of standard items, but also to create bespoke design manufactured products to complete the “one stop shop” facility, for all your lifting and moving needs.

IT IS ESSENTIAL THAT ANY GOODS SUPPLIED BY GEORGE TAYLOR & COMPANY LIFTING GEAR (MIDLANDS) LIMITED ARE ONLY USED AS SPECIFIED BY THE APPROPRIATE STANDARDS OF CODES OF PRACTICE. NO UNTESTED ITEMS SHOULD EVER BE USED FOR LIFTING PURPOSES. George Taylor & Company maintain a policy of progressive development of products and reserve the right to alter, without notice, the specifications and prices shown within this price list. Whilst every attempt has been made to ensure accuracy in the dimensional tables, the information contained in this catalogue does not form part of any contract.

With international ISO approvals for our quality systems and independent user approvals for many of our products, George Taylor Lifting really can offer the complete solution.

With an ever expanding product range and with its focus on premium quality and realistic and competitive prices, George Taylor Lifting continue to invest in the research and development of many customers specific lifting needs and aim to maintain the traditional heritage on which it has been built.

OVER 45 years supplying the lifting industry

MORE THAN 150 years manufacturing traditions

WORLDWIDE dealership network of GT products

AWARD winning design

1832

Since George Taylor & Company Lifting Gear (Midlands) Limited began in 1974 as a committed supplier of high quality loose lifting equipment to the Offshore Industry and general lifting tackle trade, GT has established itself as the premier UK brand of lifting, hoisting and mechanical handling products.

The George Taylor & Company manufacturing story began way back in the 1800s, with its first small foundry in Hamilton, Scotland. Today George Taylor & Company still manufacture an Internationally recognised and approved product range that is supplied globally and yet endeavours to maintain its traditional family values, that have always ensured customers are treated with the care and respect they deserve.

1977

1974

The beginning
1832

George Taylor started working as a Blacksmith in Chapel Street in the heart of Old Hamilton Town, serving mainly the local farming community and repairing horse drawn carriages. In time, they developed into a small non ferrous foundry casting brass, gunmetal and other materials.

Change of ownership
1963

J.Burn took ownership of what had become a small brass foundry with relatively few employees.

Established
September 1974

GT Lifting company was formed by P.G.Randon & J.Burn and operated from premises in Hardwick Road, Streetly.

1981

Hamilton office

A similar sized unit was purchased in Hamilton to service our offshore customers.

2005

GT UAE

GT UAE was established to support existing customers and markets in the G.C.C. & Africa.

2014

Company rebranded

May 2018

GT Lifting's first ever employee retires

Barry Ranford, the Commercial Director & the companies first ever employee decided to retire after 44 years of employment.

1925

The company moved to its current site at Kemp Street in Hamilton and now expanded into serving the shipbuilding industry on the Clyde River in Glasgow.

1966

A period of huge hard work, development and investment takes place as the George Taylor foundry becomes a ferrous foundry and introduces S. G. iron castings with a range of standard pulley sheaves that revolutionise the industry and introduced itself as a key supplier to many UK traditional lifting manufacturers.

1977

Aldridge office

The company purchased their first freehold warehouse in Aldridge (approx 5,000 sq.ft).

1990

Aldridge addition

Two units in Aldridge were rented to accommodate an ever-increasing amount of stock.

2009

Company founder retired

Peter Randon fully retired from the company.

2017

Head office relocation

Head office relocation to Unit 4, Fryers Road with over 30,000 sq.ft of floor space.

2017
