

HERITAGE

OFFSHORE AND MARINE ENGINEERING SERVICES

A PART OF THE HERITAGE GROUP

W-119B, Dubai Maritime City, Dubai, United Arab Emirates

INTRODUCTION

HOMES delivers 24/7 marine engineering, ship repair, and offshore equipment maintenance in Dubai. ISO-certified QHSE standards, global expertise, and customer-focused solutions.

HERITAGE GROUP: PIONEERING MARINE EXCELLENCE Founded in 2014 by a team of veteran marine engineers, HOMES emerged from a vision to bridge the gap between traditional shipyards and modern offshore demands. Today, we're a cornerstone of Dubai Maritime City, offering cutting-edge solutions for vessels ranging from supply boats to VLCCs.

OUR VISION

To be the first-choice technical partner for the global maritime industry, empowering clients with innovative, sustainable, and economically viable solutions.

OUR MISSION

1- Safety First: Cultivate an incident-free workplace through rigorous training and compliance.

2- Customer-Centricity: Simplify complex processes with transparent communication and 24/7 support.

3- Sustainability: Lead the Middle East's green maritime transition with eco-friendly practices like BWTS installations and waste reduction.

Our Services

- 1- MECHANICAL ENGINEERING
- 2- HYDRAULIC SYSTEMS
- 3- PIPES, STEEL & FABRICATION
- 4- ELECTRICAL & AUTOMATION
- 5- OFFSHORE SUPPORT
- 6- TECHNICAL ASSISTANCE SUPPORT
- 7- SPECIAL SERVICES

MECHANICAL ENGINEERING

- 1- **Anchor Winch & Crane Overhauls:** Complete disassembly, corrosion treatment, and load testing (up to 500T). Certifications provided.
- 2- **Engine Reconditioning:** Cylinder honing (400mm diameter), valve spindle repairs, and 2-stroke engine rebuilds.
- 3- **Dry-Dock Services:** Hull inspections, propeller alignment, and afloat repairs at Dubai Maritime City.

HYDRAULIC SYSTEMS

- 1- **Steering Gear Repairs:** Servicing ATLAS, Rolls-Royce, and Kongsberg systems.
- 2- **Framo Health Checks:** Leak detection, pressure testing, and software diagnostics for offshore pumps.

PIPES, STEEL & FABRICATION

- 1- **BWTS Installation:** Custom pipe fabrication (stainless steel/CS) for ballast water treatment compliance.
- 2- **Blasting & Painting:** SA-2.5 grade preparation and epoxy coatings for corrosion resistance.

ELECTRICAL & AUTOMATION

Engine Control Systems: Troubleshooting and diagnostics for MAN B&W and Wärtsilä interfaces. Services include system calibration, fault detection, control panel assessments, and interface optimization to ensure reliable engine automation performance.

OFFSHORE SUPPORT

- 1- **Jack-Up Rig Maintenance:** Cantilever repairs, drawworks inspections, and mud pump overhauls.
- 2- **Third-Party Inspections:** Class-approved surveys for insurers and charterers.

TECHNICAL ASSISTANCE SUPPORT

- 1- **Technical Assistance Support:** Skilled mechanics, fabricators, welders, and mechanical helpers available for maintenance, repair, fabrication, and on-site operations. Reliable, safety-compliant manpower for both short-term and long-term needs.

SPECIAL SERVICES

- 1- **Dry Dock Superintendency:** End-to-end supervision and management of vessel dry docking, ensuring timely and cost-effective project execution with minimal downtime.
- 3- **Vessel Inspection:** Comprehensive inspection services covering pre-purchase, condition surveys, class inspections, and regulatory compliance to ensure safety and operational integrity.
