

PREMIUM DRY ICE & INDUSTRIAL COOLING SOLUTIONS

Complete Range for Your Business Needs

DRY ICE | LIQUID NITROGEN | BLASTING SERVICES | COOLING EQUIPMENT

Why Choose IceJet?

- High-Quality Dry Ice
- Food-Grade Quality
- Quick & Reliable Delivery
- High Density & Long-Lasting
- Custom Block Sizes
- Versatile Pellet Sizes
- Custom Block Sizes Extreme
- Cold Temperature

Complete Product Range:

Dry ice, liquid nitrogen, storage tanks, blasting services, cryogenic fans and soaker pads for all industrial needs

Pellets: Ideal for cleaning, transport, and pharma use.

Applications of IceJet Dry Ice

Widely used across industries for cooling, preservation, cleaning, and special effects due to its intensely cold temperature, sublimating at -78.5°C .

■ Industrial Cleaning

Clean machinery and equipment | Ideal for dry ice blasting

■ Food Preservation

Preserve perishables | Enable flash freezing | Create fog effects

■ Medical & Pharma

Maintain cold chain for vaccines | Support cryotherapy treatments

■ Pharmaceutical Transport

Ensure temperature-sensitive shipments remain intact

■ Events & Entertainment

Produce fog effects for shows, concerts, and parties

■ Agriculture

Controlling pests in grain storage

■ Transportation

Keep perishables cold | Detecting leaks in aircraft parts

■ Household Uses

Remove minor car dents | Kill bed bugs in fabrics

Why Our Dry Ice Stands Out in the UAE Market

Designed for durability, efficiency, and customer satisfaction

Superior Density

Lasts longer, saving costs

Best for Blasting

High density, ideal for dry ice blasting

Customer-Centric

Tailored solutions for your needs

LIQUID NITROGEN CONTAINERS
Capacity Range: 2 Litre to 240 Litre

STEEL CONTAINER 240 ltr

LIQUID NITROGEN FLASKS
500 ml, and 300 ml

STYROFOAM BOXES
sizes 2 kgs to 40 kgs

SHOVEL HANDLING DRY ICE

GEL ICE PACK
100g

GEL ICE PACK
200g

GEL ICE PACK
400g

GEL ICE SHEET
24 cells

GEL ICE SHEET
12 cells

EXPANDING POSSIBILITIES WITH ICEJETUAE

New Range of Premium Cryogenic & Detailing Solutions

Liquid Nitrogen Supply

Experience the power of ultra-cold technology with our **high-purity liquid nitrogen**, now available for medical, industrial, and scientific use.

- Safe Handling & Delivery
- High Purity Assured
- Reliable Supply Chain

Cryogenic Tanks (2L to 240L)

Secure your liquid nitrogen with our **durable cryogenic tanks**, available in a wide range of sizes: 2L | 5L | 10L | 35L | 50L | Up to 240L

- Double-walled insulation
- Easy to handle & transport
- Ideal for labs, hospitals & industrial plants

Dry Ice Pellets (250g – 2kg)

Fresh, high-density **dry ice pellets** in various sizes to suit your needs:

- Custom packaging available
- Ideal for storage, transport, and industrial cleaning
- Food-grade & lab-safe options

Car Detailing Machines (AUTOOL)

We supply **AUTOOL car detailing machines**, a reliable choice for professionals in the automotive cleaning and detailing industry. Features include:

- Steam and foam technology
- Compact design for easy handling
- Ideal for interior & exterior detailing

Dry Ice Blasting Machines – COLD JET

Powerful & eco-friendly **industrial dry ice blasting systems** from COLD JET:

- Non-Abrasive, Non-Toxic Cleaning
- Removes Grease, Paint, Contaminants
- Ideal for Electrical, Food & Automotive Industries

Let's Make Cold Work for You!

Contact IceJetUAE today for advanced cryogenic and dry ice solutions tailored to your needs.

Strategic Location & Reliable Delivery

Based in Dubai's Al Quoz Industrial Area, easily accessible for walk-ins and pickups.

We offer 24/7 reliable delivery services in UAE, ensuring your dry ice reaches you on time, every time.

IceJet UAE – Your Trusted Partner for Dry Ice Sales & Blasting Services!
