ABOUT US

Electrical and Automation
Cutting Tools Solution
Beyond Limits

M

Meitech International, established in 2012, is a globally recognized company that began its journey in the suburbs of the United Kingdom. Expanding its operations to the United Arab Emirates in 2015, Meitech has solidified its presence as a leader in electrical automation, cutting tools, heavy equipment, and safety solutions. The company serves a diverse range of industries, including aviation, food and beverage, oil and gas, switchgear manufacturing, high and low-voltage sectors, metal components production, forging, and foundry, among others. Our major network expands all over the MENA region, especially the United Arab Emirates, Saudi Arabia, Oman, Bahrain, and Qatar.

With a decade-long expertise and a skilful team, we have managed to raise our boundaries and meet the expectations of our clients. We have grown as the leading supply chain experts in the GCC by distributing reputed international brands. Our vision is to build a strong rapport with our customers. The Meitech team is comprised of skilful and experienced persons who can fulfil the customer requirements and make them at ease by reducing their workloads, and thus customers continue the warm relationship, which is our way to growth and success.

We have accomplished launching our OEM products successfully in our region, such as electrical enclosures, safety lights, panel fans and filters, carbide cutting tools and holders, etc. Our research team is on a mission to expand our product portfolio and planning to widen our scope and be one step ahead of our competitors.

Europe

Africa

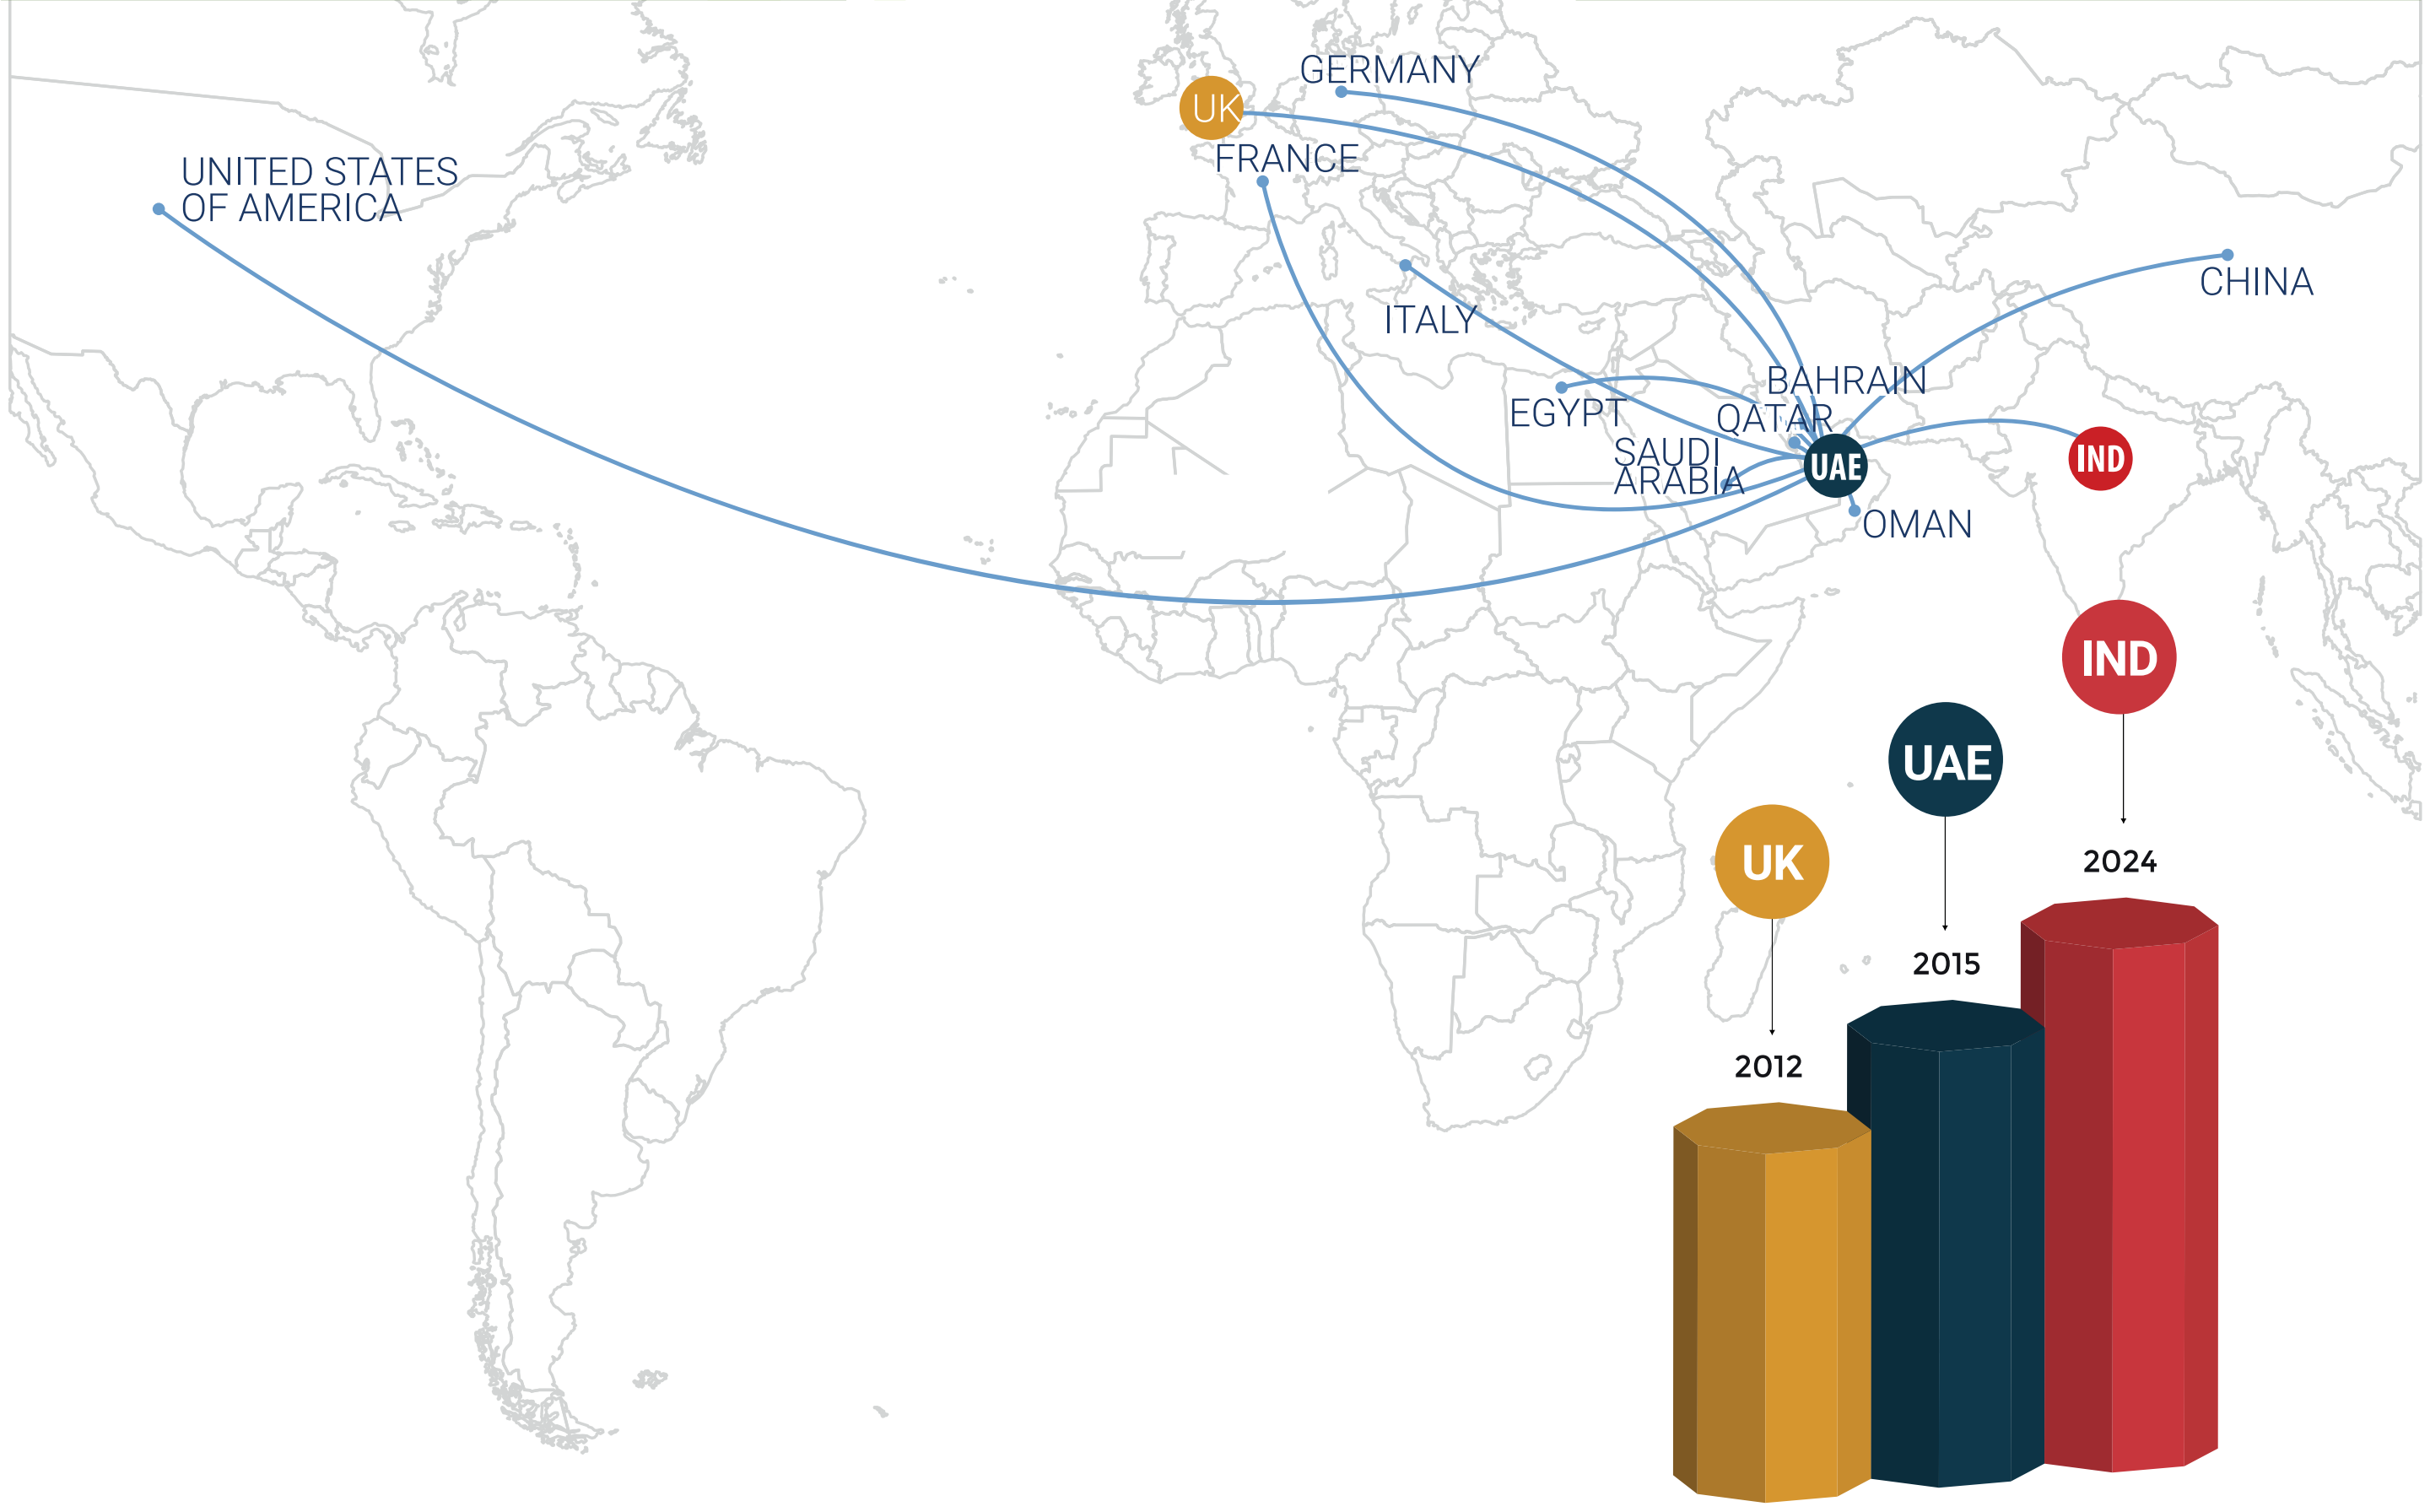

Middle east

Asia

2012

UNITED KINGDOM

"Established in 2012, Meitech began as an industrial distribution company based in the suburbs of Glasgow, UK."

2015

UNITED ARAB EMIRATES

"We established our presence in the Middle East by expanding into the UAE in 2015."

2024

INDIA

"We further expanded into India in 2024, marking another milestone in our global growth."

FANDIS

Fandis is an industrial and distribution company; its thermal management of electrical panels, Meitech International, represents Fandis as the authorised distributor for the MENA region. We at Meitech not only supply but also provide the detailed technical analysis of the products, which helps our customers to choose the right product.

FAN & FILTER SERIES

FF Series Fan and Filter, Filter Media IP 54, IP 55, EMC, 3R
 GF Series Fan and Filter, Filter Media Patented Technology for Filter Installation
 Roof exhaust TP series and T series, exhaust accessories

FRAME FANS

Axial fan, AC & DC blower, DC fan, Frameless Fan, EC Fan, Directional Fan,
 Metal ventilation louvre, fan guard accessories IP 54, IP 55, IP 68, EC , etc.

PANEL AC COOLING UNIT

Wall & roof-mounted panel A/C cooling unit Indoor & outdoor units
 Range starting from : 300 W up to 2000 W single-phase (Φ) units available
 Range starting from : 800 W up to 4000 W Three phase (Φ) units available

THERMOELECTRIC PANEL COOLING UNIT

AC & DC units available
 Voltage rating: 12 V, 24 V, 48 V, 230 V
 Range starting from: 50 W-200 W

PANEL THERMAL SOLUTIONS

Heater
 Plastic type and metal type
 With cable, without cable & with fan
 Range: 5W to 150W

Thermostat
 Single type & twin type

Hygrostats
 Sensis : Industrial Internet of things in electrical panels

Panel Lamps
 Long life and low energy technology
 FLL series single/multi-voltage AC & DC
 CLG series Light 4-14 W Available

Enclosure components
 Door Limit Switch
 Document Holder
 Flashing signal device
 Enclosure Accessories
 Cooling fan accessories

FINDER

Electromechanical and electronic components for electrical automation solutions. Meitech International is the authorised distributor for Finder in our region.

Relays

1. PCB relays
2. Miniature industrial relays
3. Power and high-power relays
4. General-purpose relays
5. Low-profile relays
6. Bistable relays
7. Solid-state relays

Metering Solution

1. Monitoring relays
2. Power analyser product
3. Energy meter
4. Surge protection device (SPD) power modules

WIELAND

Wieland is the market leader in pluggable electrical installation systems within the field of building technology. Their comprehensive product range includes solutions for electrical installation, connection technology, electronic interfaces, and safety technology. We are proud to partner with Meitech, the authorised distributor of Wieland products in our region.

Power Modules

1. High-current terminal blocks
2. Contactor
3. Power outlets for electrical enclosures
4. Sockets
5. Digital & Analogue Expansion Modules
6. Power supplies rated power of 12 to 240 W are available

TELE HASSE PRODUCTS

Innovative Solutions for Modern Needs
Meitech is an authorized distributor for Tele products in the UAE

Industrial Automation Systems

Smart Control Panels: Intuitive interfaces for managing complex machinery.
Sensor Solutions: High-precision sensors for temperature, motion, and pressure.
Robotic Arms: Designed for precision tasks and heavy-duty operations.

Telecommunications Equipment

Signal Amplifiers: Strengthen connectivity in remote areas.
Fiber Optic Systems: High-speed data transmission for modern networks.
Wireless Routers: Ensure secure and fast internet access.

Energy Solutions

Solar Panels: Harness the power of the sun with high-efficiency modules.
Energy Storage Units: Reliable batteries for residential and industrial use.
Smart Energy Management Systems: Optimize power usage for reduced costs.

Consumer Electronics

Smart Home Devices: Control lighting, security, and appliances remotely.
Wearable Technology: Fitness trackers and smartwatches for active lifestyles.
Audio Devices: Bluetooth speakers and noise-canceling headphones.

Custom Solutions

Design and Prototyping: From concept to creation, we bring your ideas to life.
Integration Services: Seamless incorporation of Tele Hasse products into existing systems.
Consulting: Expert advice to guide your project's success.

Why Tele Hasse?

Reliability: Engineered with durability and precision.
Efficiency: Designed to optimize workflows and reduce downtime.
Sustainability: Promoting eco-friendly practices and renewable solutions.
Support: Dedicated customer service and technical assistance.

EUCHNER

Meitech is the authorised distributor
for euchner in the middle east region

- Multifunction Gate Box
- Transponder-coded safety switches with guard locking
- Joystick
- Air evaluation unit
- Light grid and curtains
- CES-Safety Switches
- Position Switches
- Emergency Stop devices
- Evaluation unit CMS
- Redheads CMS with reed contacts
- Enabling switches
- Safety Engineering products
- Handwheel
- Identification systems, etc.

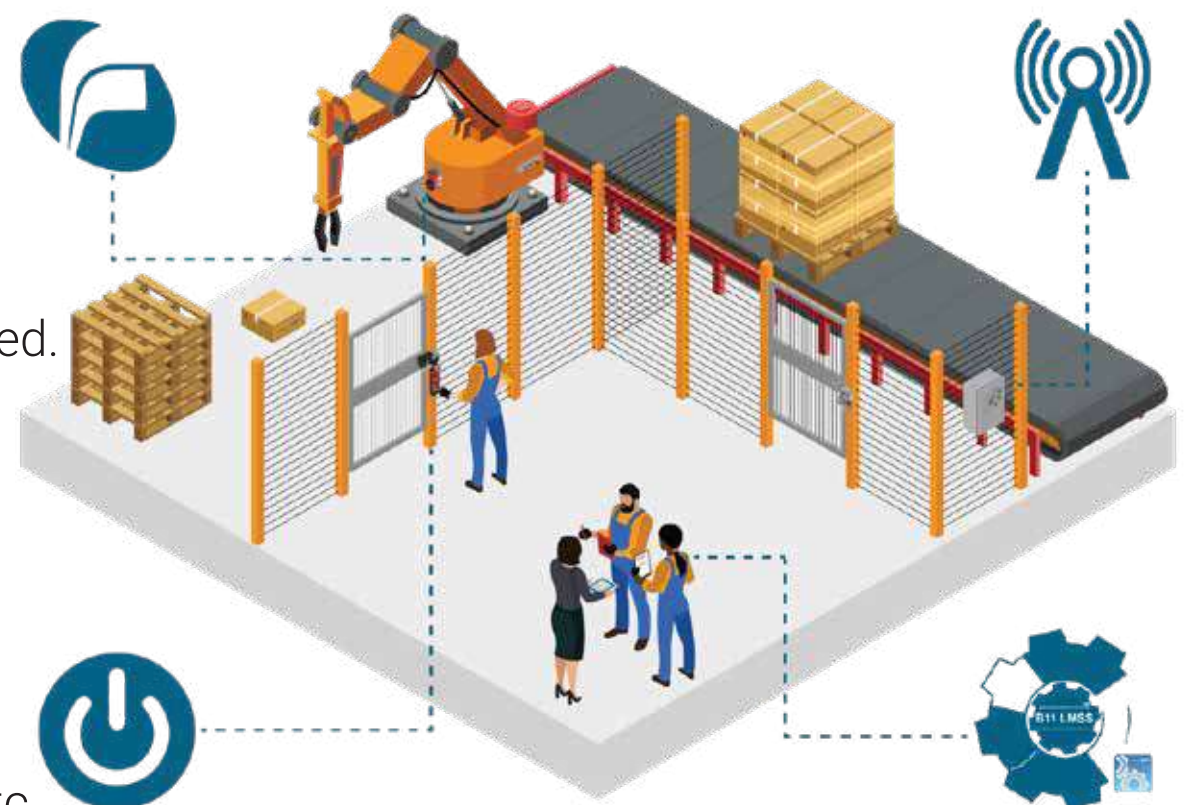

FORTRESS

Fortress Safety Interlocks

Fortress Safety is a well-known brand for the safety interlocks in the field of industrial automation, catering to the safety of man and machine. Meitech International joined hands with Fortress in 2018 to enhance the safety of the MENA region.

- 11 kV substation capacitor bank solenoid interlocks
- Robotic machine guard safety lock switches
- CNC machine guard safety lock switches
- Cuber & Mixer Machine Guard Safety Lock Switches
- Food and beverage and packing industries' safety switched.
- ATEX-certified safety switches
- Solenoid-type safety switch
- Arm guard type (heavy-duty guard locking)
- M-guard type (complete mechanical solution)
- T-guard type (machine guarding safety interlock)
- Louis (hygienic interlocking system)
- Alfred (explosive and hazardous interlocking systems), etc.

DELAB

Leading manufacturer specialising in digital and microprocessor-based protection relays, power analysers/meters, power factor regulators, digital time switches/multimeters, earth fault indicators, and voltage monitoring relays. Meitech International is the authorised distributor for Delab in the MENA region.

- Panel Monitoring & Metering Solution All in One
- Digital Earth Leakage Relays
- Digital Earth Fault Relays
- Digital Overcurrent Relays
- Digital Combined Overcurrent & Earth Fault Relay
- Digital Motor Protection Relays
- Power Quality Network Analyser Meter

- Digital Multimeter
- Digital power factor regulator
- Voltage Monitoring Relay
- Digital Time Switch
- External Plug-in Module
- Zero-phase current transformer
- Earth fault indicator

DELTA

Power and thermal management solutions for power electronics, mobility, automation, and infrastructure

Power Modules

Power Supplies

VFD

Transformers

EMI Filters

Semiconductor components

HARTING

Industrial connectors that connect the world

Mil-spec connectors

Industrial connectors

Cable Management

Railway connectors

Industrial Ethernet switches

Crimping tools

Circular connectors

Operator interfaces

FESTO

FESTO

Pneumatic and Hydraulic Power Solution Provider

- Pneumatic devices
- Electromechanical devices
- Motors and controllers
- Valves
- Tubes and Fittings
- Grippers
- Cylinders
- Ball Bearing Guides
- Pneumatic connectors
- Pneumatic Pipes
- Oil filter regulator
- Pressure regulator
- Pilot and solenoid valve

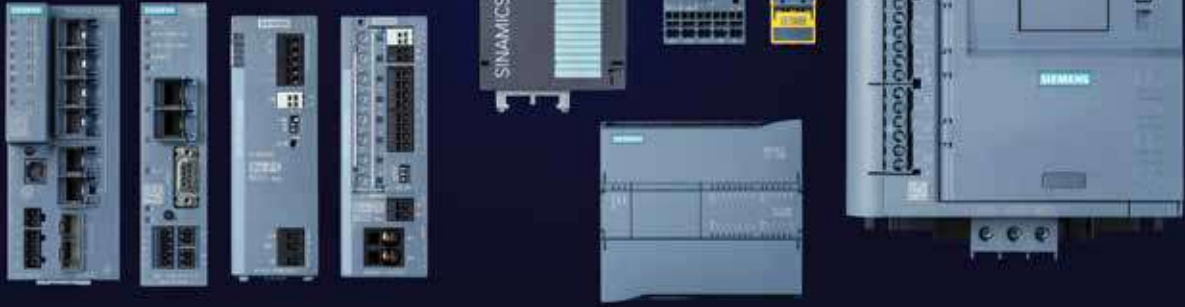

ebmpapst

EBM-PAPST

Masters in Air Conditioning & Ventilation Solutions

- Axial Fan
- Compact Fan
- Centrifugal Fan
- Blower
- Valves
- EC Plug Fan
- AC/DC Fans
- Eco-Friendly Fans

SIEMENS

SIEMENS

World leader in electrical automation provider
Meitech can support all Siemens products.

- Power supplies
- PLC
- Input & Output Modules
- CPU
- PLC batteries
- Motor
- Drives
- Blower
- Breakers
- Isolators
- Operator Interface
- Encoder

Allen-Bradley

by ROCKWELL AUTOMATION

ROCKWELL AUTOMATION ALLEN BRADLEY

Integrated control and information solutions built for
demanding industrial applications.
Meitech can support all Rockwell products.

- Power supplies
- PLC
- Input & Output Modules
- CPU
- PLC batteries
- Motor
- Drives
- Blower
- Breakers
- Isolators
- Operator Interface
- Encoder

meitech

ABB

ABB

Power Distribution with Digital Technology
Meitech can support all ABB products.

- Breakers
- VFD
- PLC
- Drives
- Inverters
- Power converter controls
- Motors
- LV switchgear components
- Isolators
- Operator interfaces
- Medium Voltage products
- Timers
- Contactors
- Relays
- Emergency stop, etc.

SCHNEIDER

Specialist in energy management and automation,
Meitech can support all Schneider products.

- Breakers
- VFD
- PLC
- Drives
- Inverters
- Power converter controls
- Motors
- LV switchgear components
- Isolators
- Operator interfaces
- Medium Voltage products
- Timers
- Contactors
- Relays
- Emergency stop, etc.

Schneider
Electric

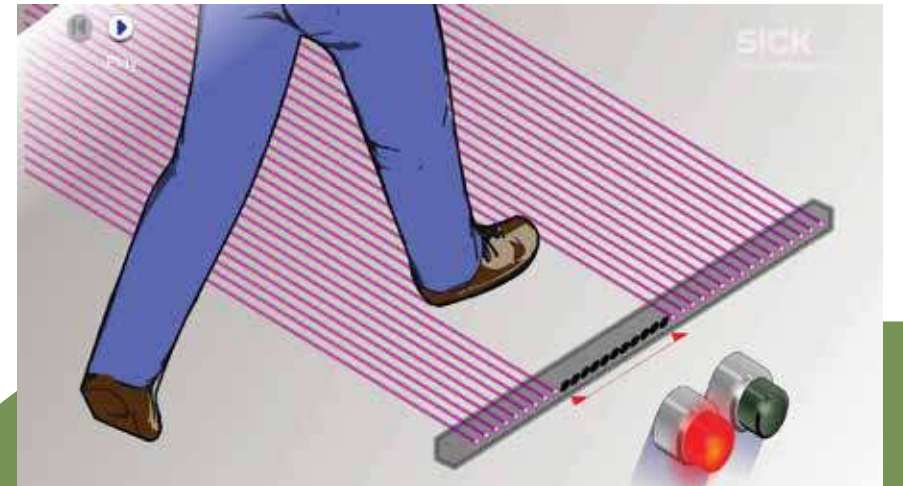

SICK
Sensor Intelligence.

SICK

Pioneers in industrial automation solution provider Meitech can support all sick products.

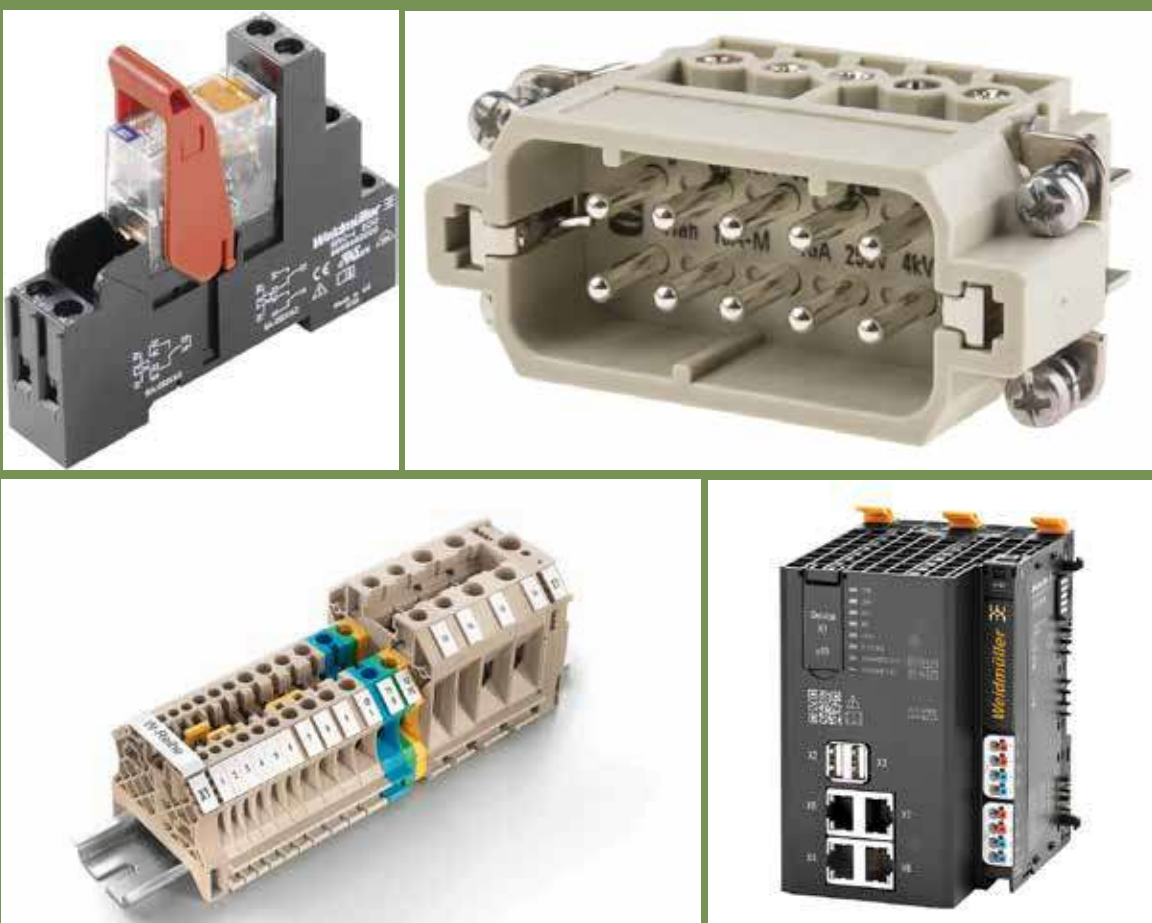

- Photoelectric sensor
- Inductive sensor
- Light curtains
- Safety laser scanners
- Encoders
- Detection sensors
- Distance sensor
- Pressure sensor
- Radar Sensor
- Level sensor
- Optic Mirror
- Optical fibre sensor
- Limit switch
- Measuring sensor
- Wireless sensor, etc.

Weidmüller 

WEIDMULLER

Leading brand in industrial connectivity
Meitech can support all kinds of Weidmuller products.

- Terminal blocks
- Plug in connectors.
- PCB connectors and PCB terminals
- Enclosure system and components
- Relays and modules
- Power supplies
- Isolating amplifiers and measuring transducers
- Cable entry system and components
- Electronics Housing
- PV combiner boxes
- LED Lights, Etc.

M-World, a leading Indo-European manufacturing company with a diverse product portfolio that includes cooling solutions, transformers, safety lights, sensors, and cutting tools, is pleased to announce the appointment of Meitech International as its authorised distributor for the MENA (Middle East and North Africa) region.

This strategic partnership aims to strengthen M-World's presence in the MENA market and enhance accessibility to its high-quality industrial solutions through Meitech International's well-established regional network and expertise.

M-Cool

Panel fan and filter units, AC/DC axial fans, blowers, EC fans, frameless fans, exhaust fans, industrial fans, and centrifugal fans.

M-Control

Sensor and low voltage products

- Inductive sensor
- Capacitive sensor
- Special inductive sensor
- Ultrasonic sensor
- Universal photoelectric sensor
- Deviation correction sensor
- Distance Measurement Sensor
- Smart 3D Laser Profile Sensor
- Safety barrier / isolator
- Relay

Encoder

- Photoelectric incremental encoder
- Photoelectric absolute encoder
- Special application encoder
- Magnetic Encoder
- PLC controllers
- I/O modules
- Semiconductor components

Safety product

- Safety light curtain
- Safety Relays
- Safety Scanner

M-Power

Panel transformer, control transformer, Autotransformer, DIN rail transformer, Special transformer, etc.

Primary voltage : 0-230-400 V

Secondary voltage : 0-24-48, 0-55-115, 0-115-230 V

M-Cut

- ISO carbide cutting tools & inserts
- Indexable carbide inserts
- End mill cutter
- PCD Dome
- Welding Electrodes
- U-Drills
- Drills
- Reamers & Taps
- Lathe and Milling ISO Tool Holder
- Deburring blade
- Tool post, etc.

M-Safe

- Forklift safety lights
- Overhead safety lights
- Warning lights and alarms
- Safety laser projector
- Forklift camera
- Auto LED lighting
- LED bar light
- LED construction work light
- LED Line Light
- Safety PPE Kit

GUHRING

GUHRING

Guhring is a world-class manufacturer of round shank cutting tools for the metalworking industry and also a provider of top-quality coating. End mills, cutters, drills, machine tap sets, reamers, etc.

ZCCCT

Double-sided Milling Tools with excellent performance. G Series parting and grooving cutting tools with high performance and a new generation of turning solutions at a better price. Meitech International is the authorised distributor for the UAE.

AKKO

We are able to provide CNC tool holders of better quality and at a competitive price. Meitech International is the authorised distributor for the UAE and also provides solutions for cutting tools, metal cutting tools, pressure drilling, U-Drill, metal processing, inserts, milling, turning, reamers, holders, and machining. Meitech International is the authorised distributor for the UAE.

TURNMAX

High-performance revolving centres and pipe centres, lathe grinding attachments, CNC toolholders suitable for VMC and HMC machines, ER collets, jaws, holding clamps, etc. Meitech International is the authorised distributor for the UAE.

**SANDVIK
COROMANT**

WALTER

SANDVIK | WALTER
Meitech can support all major leading cutting tool brand manufacturers.

- Carbide ISO Indexable Inserts
- Silent Boring Bar
- Turning tool
- Parting and Grooving tool
- Milling tool
- Drilling tool
- Solid round tools
- Threading tool
- Boring and Reaming tool
- Silent Boring tool heads
- End mills and carbide drills, etc.

BAKER | MITUTOYO

Meitech distributes the number one brands in the measuring solutions

- Vernier Calliper
- Digital Vernier Calliper
- Bore gauges
- Micrometers
- Linear Scales
- Digital gauges
- Plunger dials
- Thread gauges
- Thread Dies
- Groove Calipers
- Go & No Go Gauges
- Digital Display etc.

since 1962
