Aligned with the UAE's Strategy

Net Zero 2050

Positioned at the forefront of industrial progress, Mikas Trading empowers the UAE's transition to a sustainable future by delivering advanced solutions and excellence across the energy, infrastructure, and heavy equipment sectors.

Driven by engineering precision and forward-thinking expertise, Mikas Trading bridges modern infrastructure demands with environmentally responsible practices. Through strategic partnerships, cutting-edge technologies, and an unwavering commitment to quality, the company continues to contribute toward a smarter, greener, and more sustainable industrial ecosystem across the region.

Our Portfolio

MIKAS Holding operates a portfolio of specialized companies providing industrial machinery solutions, digital equipment marketplaces, heavy equipment trading, and sustainable water technologies.

MIKAS TRADING

Engineering Growth Through Strategic Investments

MIKAS Trading is a UAE-based integrated supply and distribution company delivering comprehensive Energy, Infrastructure, Industrial, and Heavy Equipment solutions to customers across the Middle East, India, Africa, and international markets.

As the dedicated industrial supply and distribution arm of MIKAS Holding, the company operates within a diversified business group with regional and international operations.

The group-backed structure enhances our ability to scale operations efficiently, establish long-term supplier partnerships, support complex projects, maintain supply chain reliability, and deliver sustainable long-term value to customers across regional and international markets.

Established with a long-term vision to build a reliable and scalable industrial supply platform, MIKAS Trading delivers integrated sourcing, distribution, and supply solutions to support critical industries and infrastructure sectors.

Transforming Assets Into Opportunity

Vision

To become a leading industrial supply and equipment solutions partner across the Middle East, India, Africa, and global growth markets through reliable products, efficient supply solutions, and long-term customer value.

Mission

- ✓ Deliver reliable industrial supply and equipment solutions with efficient sourcing, distribution, and customer support.
- ✓ Expand the MIKAS network across the GCC, Africa, and international growth markets through strong partnerships and scalable operations.
- ✓ Build MIKAS into a trusted industrial brand through digital platforms, distribution networks, and MIKAS-branded products and solutions.

BUSINESS UNITS

Supporting global projects and operations with sourcing, trading, procurement, and industrial supply solutions across key industries.

MIKAS Trading offers reliable procurement, supply chain, and industrial support solutions to diverse industries. Serving sectors like Oil and Gas, Construction, Logistics, Ports, Utilities, and Facility Management, the company also supports Renewable Energy and Defense Supply Chains. By understanding each sector's demands, MIKAS ensures efficient sourcing and dependable delivery for clients across the GCC and international markets.

ENERGY

MIKAS Trading supplies industrial products and engineering solutions for oil & gas, petrochemical, refinery, and energy industries.

INFRASTRUCTURE

We provide materials, equipment, and solutions tailored for infrastructure, construction, utility, and commercial projects.

INDUSTRIAL

The company offers a wide range of industrial supply solutions for manufacturing plants, process facilities, logistics, warehouses, utilities, and more.

HEAVY EQUIPMENT

At MIKAS Trading we provide heavy equipment and industrial fleet solutions for construction, logistics, warehousing, and more.

ENERGY

ENERGY

Comprehensive procurement and technical supply chain management for the global Oil & Gas, Petrochemical, and Power Generation sectors.

Mikas Trading operates as a critical bridge between Tier-1 manufacturers and complex energy infrastructure projects. We specialize in the high-stakes procurement requirements of Engineering, Procurement, and Construction (EPC) firms and global industrial operators. Our expertise lies in delivering comprehensive solutions that integrate seamlessly into the workflow of our clients, ensuring that all equipment and components meet the stringent standards of the industry. By leveraging an extensive network of trusted suppliers, we provide access to cutting-edge technology and innovative machinery that enhances operational efficiency and project outcomes.

Our Energy division supports procurement teams, EPC contractors, facility operators, and industrial maintenance teams with reliable access to certified products sourced from accredited international manufacturers and supplier networks.

PRODUCT RANGE

Technical Supply Solutions for Oil, Gas, Petrochemical & Process Industries

- Pipeline Equipment
- Valves & Actuators
- Pipes, Fittings, Flanges & Gaskets
- OCTG - Oil Country Tubular Goods
- Tubes & Tube Fittings
- Drilling Equipment & Parts
- Pressure Vessels & Heat Exchangers
- Industrial Pumps & Flow Control
- Process Equipment & Skids
- Refinery & Petrochemical Supplies

PIPELINE EQUIPMENT

Engineered solutions for midstream integrity and high-pressure fluid transportation across diverse terrains.

- Pig Launchers & Receivers
- Pipe Benders & Clamps
- Line Stopping Systems
- Hot Tap Machines
- Isolation Plugs
- Coating & Wrapping Equipment

VALVES & ACTUATORS

High-performance flow control mechanisms for critical safety and process isolation applications.

- Ball Valves
- Butterfly Valves
- Gate & Globe Valves
- Smart Positioners
- Pneumatic Actuators
- Pressure Relief Valves
- Hydraulic Control Systems

PIPES, FITTINGS & FLANGES

- Seamless & ERW Pipes
- CS & SS Flanges
- CS & SS Elbows
- Tees & Fittings
- Gaskets

OCTG SOLUTIONS (OIL COUNTRY TUBULAR GOODS)

- Casing & Tubing
- Premium Connections
- Drill Pipes
- Drill Collars
- Thread Protectors

DRILLING EQUIPMENT & PARTS

- Downhole Tools
- Blowout Preventors
- Top Drive Parts
- Mud Pumps & Spares

TUBES & TUBE FITTINGS

- Instrument Tubing
- Heat Exchanger Tubes
- Condenser Tubes
- Tube Fittings

PRESSURE VESSELS & HEAT EXCHANGERS

Custom Manufacturing for heavy duty thermal and pressure management.

- Chemical Injection Packages
- Pressure Vessels
- Boilers
- Burners
- Combustion Chambers

INDUSTRIAL PUMPS & FLOW CONTROL

- Centrifugal Pumps
- Dosing Pumps
- Parts & Accessories
- Fire Pumps
- Diaphragm Pumps
- Lubrication Pumps
- Rotary Pumps
- Trash Pumps

PROCESS EQUIPMENT & SKIDS

Pre-fabricated, integrated modular systems for rapid field deployment and reduced site work.

- Metering & Proving Skids
- Chemical Injection Skids
- Water Treatment Packages
- Gas Dehydration Units

REFINERY & PETROCHEMICAL SUPPLIES

End-to-end consumables and critical components for complex refining environments.

- Catalysts & Adsorbents
- Heat Transfer Fluids
- Mechanical Seals
- Furnace Components
- Gaskets & Bolting
- Tower Internals

INFRASTRUCTURE

An aerial photograph of a modern urban landscape. In the foreground, a large green park with a curved pedestrian bridge and a modern building with a curved roof is visible. The middle ground is filled with a dense cluster of skyscrapers, including a prominent blue glass tower. The background shows a vast cityscape under a clear blue sky.

INFRASTRUCTURE

MIKAS delivers end-to-end procurement, sourcing, and logistics for construction , site utilities, modular buildings, and large-scale infrastructure projects.

MIKAS Trading assists civil engineering, urban development, and utility infrastructure projects with reliable sourcing for structural materials, HVAC systems, water treatment, and modular building solutions. Our global network ensures that critical project components meet the highest standards of safety and technical specifications, reducing lead times and ensuring project continuity.

Our Infrastructure division supports projects requiring procurement for structural steel, piping systems, generators, modular buildings, solar hardware, HVAC systems, water management products, and site utility equipment in fast-moving environments.

PRODUCT RANGE

Innovative Solutions for Large-Scale Development Needs

- Structural Steel & Stainless Steel Products
- Plumbing - PVC / CPVC / HDPE Pipes, Fittings & Valves
- Construction Building Materials
- Portable Cabins & Modular Buildings
- Power Generation Equipment
- Solar & Renewable Energy Products
- Water & Wastewater Equipment
- Hospitality & Utility Products
- HVAC & Ventilation Systems
- Industrial Storage & Fabrication Products

STRUCTURAL STEEL & STAINLESS STEEL PRODUCTS

Steel components built for strength in skyscrapers and bridges.

- Beams & Columns
- Plates
- Sections & Bars
- Gratings
- Rebars
- Custom Fabrication

PORTACABINS & MODULAR BUILDINGS

Rapid-deployment space solutions offer durable, cozy modules for site management and workforce housing.

- Site Offices
- Command Centers
- Prefab Solutions
- Accommodation
- Sanitary Units

PVC / CPVC / HDPE PIPES & VALVES

- Piping
- PVC / CPVC Systems
- Valves
- Fittings
- Fluid Management

CONSTRUCTION, BUILDING MATERIALS

- MEP Supplies
- Cement
- Aggregates
- Safety Gear
- Scaffolding
- Wood & Lumber

POWER GENERATION EQUIPMENT

Reliable off-grid and backup energy with high-capacity generators.

- Diesel Generators
- Switchgear
- Grid Integration
- Transformers
- Load Banks

SOLAR & RENEWABLE ENERGY PRODUCTS

- Solar Panels
- Solar Inverters
- Energy Monitors
- Battery Storage
- Mounting Kits

WATER & WASTEWATER EQUIPMENT

- Filtration Units
- Treatment Skids
- Storage Tanks
- High-Pressure Pumps
- Sewage Systems

INFRASTRUCTURE & UTILITY PRODUCTS

Sourcing hardware to support civil engineering networks for utility expansion.

- Cable Trays
- Conduits
- Drainage Grates
- Roadway Hardware

HVAC & VENTILATION SYSTEMS

Ideal for tough environments, it ensures perfect climate control.

- ACs & Packaged Units
- Industrial Cooling
- Air Handling Units
- Filtration Exhaust
- Specialized Ducting
- Precision Controls
- Air Purification
- Decentralized Systems

INDUSTRIAL STORAGE & FABRICATION PRODUCTS

Boost efficiency with high-capacity storage and precision manufacturing tools.

- Heavy-Duty Racking
- Fabrication Jigs
- Shelving & Ranking

INDUSTRIAL

INDUSTRIAL

MRO, Safety, Automation, Facility Management & Industrial Solutions

Supporting manufacturing plants, industrial contractors, maintenance operations, and process industries with dependable sourcing solutions for equipment, consumables, safety systems, automation components, and industrial-grade tools. Our global procurement network ensures every product meets strict operational, safety, and technical standards while minimizing downtime and improving supply chain efficiency across industrial environments.

We support industrial buyers with reliable sourcing, multi-category procurement, documentation support, and coordinated supply for both routine maintenance and urgent operational requirements.

PRODUCT RANGE

Comprehensive Solutions & Industrial Operations

- Chemicals
- Tools - Pneumatic, Power & Hand
- Hoses & Hose Fittings
- Safety & Security - Personal Protective Equipment
- Industrial & Electrical Safety Products
- Electrical & Lighting Products
- Maintenance, Repair & Operations Supplies
- Industrial Automation Components
- Welding Equipment & Parts
- Batteries & Lubricants

LOCTITE

PROTO[®]

IR Ingersoll Rand

MSA

3M

DEWALT[®]

CRC

ESAB[®]

CHEMICALS

Reliable chemical solutions for safe, efficient industrial performance.

- Industrial Solvents
- Cleaning Chemicals
- Process Fluids
- Adhesives & Sealants
- Specialty Compounds

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Industrial safety solutions to protect workers in diverse environments.

- Protective Clothing
- Head Protection
- Respiratory Protection
- Hand & Eye Protection
- Safety Footwear

HYDRAULIC & PNEUMATIC TOOLS

- Pneumatic Tools
- Hydraulic Cylinders
- Air Compressor
- Pressure Systems
- Industrial Actuators

HOSES & HOSE FITTINGS

- Water & Fuel Hoses
- Metallic Hoses & Assemblies
- Hydraulic Hoses
- Hose Fittings
- Flexible Tubing
- Fluid Transfer Systems
- Hose Clamps

Industrial & Electrical Safety Products

Safety systems and electrical products ensure compliance and reduce hazards.

- Lockout / Tagout Systems
- Arc Flash Protection
- Safety Signage
- Fire Safety Equipment
- Emergency Response Products

Electrical & Lighting Products

- Industrial Lighting
- Electrical Panels
- Cable Management
- Wiring Accessories
- Power Distribution Systems

Maintenance, Repair & Operations (MRO) Supplies

- Industrial Fasteners
- Lubrication Products
- Hand Tools
- Facility Maintenance Supplies
- Repair Components

Industrial Automation Components

Efficient automation for enhanced production and precision.

- PLC Systems
- Industrial Sensors
- Control Panels
- Drives & Motors
- Automation Interfaces

Batteries & Lubricants

Durable products engineered to enhance equipment lifespan, efficiency, and performance.

- Industrial Batteries
- Engine Lubricants
- Hydraulic Oils
- Greases & Fluids

Welding Equipment & Consumables

Welding systems and consumables for industrial needs.

- Welding Machines
- Welding Electrodes
- Cutting Equipment
- Protective Welding Gear
- Industrial Gases & Accessories

HEAVY EQUIPMENT

HEAVY EQUIPMENT

Solutions for construction, industrial & infrastructure projects.

MIKAS supports contractors, industrial operators, infrastructure developers, rental companies, and project teams with heavy equipment sourcing and supply solutions across multiple sectors. From aerial access platforms and earthmoving machinery to material handling equipment, spare parts, and international shipping support, we provide reliable solutions tailored to operational and project requirements.

From aerial work platforms and forklifts to telehandlers, earthmoving machinery, road construction equipment, attachments, tires, and used machinery support, MIKAS provides a structured procurement model for buyers who need dependable heavy assets with long-term operational confidence.

PRODUCT RANGE

Powering Progress with Precision

- Aerial Work Platforms - Scissor Lifts, Boom Lifts, Truck Mounted, Spider Lifts, Vertical Mast Lifts
- HEAVY LIFTING - Mobile Cranes, Truck Mounted Cranes, Spider Crane, Tower Crane
- Material Handling Equipment - Forklifts, Telehandlers, Stackers, Manual Lifts
- Earth Moving Equipment - Excavators, Backhoe Loaders, Wheel Loaders
- Road Construction Equipment - Bulldozers, Rollers, Asphalt Pavers & Compactors
- Additional Equipment & Components - Used Machinery, Attachments, Industrial tyres
- Support Services & Solutions - Precision Spare Parts, Maintenance & Fleet Service, Global Logistics

AERIAL WORK PLATFORMS

SCISSOR LIFTS

Scissor lifts safely elevate workers from 6m to 32m. Available in electric, diesel, and hybrid models, they are fit for various environments.

BOOM LIFTS

Boom lifts have an extendable arm and are used in construction. There are two types: telescopic for long reach and articulating for flexibility, powered by electricity or diesel.

TRUCK MOUNTED PLATFORMS

A Truck Mounted Boom Lift is an aerial platform on a truck, perfect for quick use at job sites. It's great for industries needing height and mobility.

SPIDER LIFTS

A Spider Lift is a compact aerial platform with extendable legs for tight spaces. It features narrow tracks and safety outriggers and is available in electric, diesel, or hybrid options.

VERTICAL MAST LIFTS

Vertical mast lifts are compact machines for accessing elevated areas, perfect for maintenance and installations. Their slim profile allows maneuverability in tight spaces.

HEAVY LIFTING

MOBILE CRANES

Versatile, road-ready cranes ideal for lifting at multiple sites.

TRUCK MOUNTED CRANES

Crane units fixed on trucks for rapid transport and lifting.

SPIDER CRANE

Compact, agile cranes perfect for confined or indoor lifting spaces.

TOWER CRANE

Tall, fixed cranes used for high-rise construction and heavy lifting.

MATERIAL HANDLING

Precision movement for high-density logistics. Our material handling fleet is engineered for maximum throughput and operator safety in challenging environments.

FORKLIFTS

A forklift is essential for lifting and moving goods, reducing manual labor in industries like warehousing and construction.

TELEHANDLERS

Telehandlers are versatile machines with a telescopic boom, used in construction and agriculture for reaching high areas and performing multiple tasks.

STACKERS

Stackers are versatile storage solutions that organize spaces. Their modular design allows for stacking, maximizing room space. Available in various sizes and styles, they meet diverse needs.

MANUAL LIFTS

Manual lifts use human strength to move heavy objects with tools like pulleys and levers. They're essential when there's no power source and for precise tasks.

ROAD CONSTRUCTION

EARTHMOVING EQUIPMENT

Backhoe

A versatile piece of construction equipment with a digging bucket mounted on the end of a two-part articulated arm.

Excavator

A versatile, powerful machine essential for digging and material handling.

Wheel Loader

A robust machine designed for efficiently moving and loading materials in construction and mining applications.

ROAD CONSTRUCTION

Road Rollers

Heavy machines used to compact surfaces for road construction.

ASPHALT PAVERS

Essential machines for evenly laying asphalt on roads and surfaces.

BULLDOZERS

Powerful machines ideal for pushing and clearing materials on construction sites.

SUPPLY CHAIN & ESG

Coordinated Global Movement for Industrial Products, Equipment & Critical Cargo

MIKAS Trading specializes in managing industrial supply movement through efficient multi-modal logistics from the UAE and international trade corridors. The company focuses on sustainability and adheres to Environmental, Social, and Governance (ESG) principles, aiming to reduce environmental impact and foster community relations. Utilizing advanced technology and data analytics, MIKAS offers real-time tracking and insights for informed decision-making. They assist clients in navigating customs regulations and optimizing freight routes to support growth and success in the global marketplace.

Our logistics framework is designed to support product imports, heavy equipment movement, urgent component delivery, project supply schedules, and cross-border distribution across GCC and international markets.

LOGISTICS

Driving Sustainable Success in Supply Chain & Logistics

Sea Freight

FCL and LCL shipment coordination, specialized Roll-on/Roll-off heavy vessel movement, containerized cargo handling, documentation, and port-side coordination.

GCC Land Cross-Border Freight

Regional transport support through GCC land haulage networks, including heavy-duty flatbeds, low-bed trailers, and cross-border delivery coordination.

Direct-from-Source Procurement

Elimination of unnecessary middleman commissions and broker inflation by sourcing directly from Europe, Australia, and verified international supply channels.

Used Machinery Solutions

Acquisition, reconditioning guidance, technical inspection coordination, and risk-conscious commercial brokerage support for selected used equipment categories.

Air Freight

Time-critical air cargo movement for urgent industrial components, spare parts, technical equipment, and priority supply requirements

Value-Added Support Mechanisms

Structured access to certified OEM spare parts, components, and long-term warranty support for selected heavy equipment categories

Sell Your Equipment Platform

A direct liquidation framework for regional equipment owners seeking transparent fleet disposal, resale, or asset movement support.

ESG Directive

MIKAS Trading supports responsible industrial supply through: Energy-efficient and low-emission equipment selection. Euro-V and Euro-VI compliant machinery preference.

Policy Statements

Building on solid policies for a brighter future

Sustainability Policy Statement

At Mikas Trading, we are committed to driving sustainable growth through environmentally responsible operations, energy-efficient solutions, and ethical business practices across the energy, infrastructure, industrial and heavy equipment sectors. We actively support ESG principles by reducing environmental impact, promoting resource efficiency, and contributing to long-term economic and social development.

We strive to integrate sustainability into every stage of our operations by encouraging innovation, responsible sourcing, waste reduction, and compliance with applicable environmental regulations and international standards. Our goal is to create lasting value for clients, communities, employees, and stakeholders while supporting a cleaner and more resilient future.

Policy Statements

Our Policies, Our Strength

Health, Safety and Environment

At Mikas Trading, the health, safety, and well-being of our employees, contractors, clients, and surrounding communities remain our highest priority. We are committed to maintaining a safe working environment by preventing incidents, minimizing risks, and complying with all applicable HSE laws, standards, and industry best practices.

We promote a strong safety culture through continuous training, hazard identification, environmental protection measures, and employee accountability at every operational level. Our objective is to achieve zero harm while ensuring environmentally responsible and sustainable business operations across all sectors we serve.

Quality Assurance & Quality Control

Ensuring Excellence, Every Step of the Way

Quality Engineering

Mikas Trading is dedicated to delivering reliable, high-quality engineering, trading, and infrastructure solutions that consistently meet client expectations, regulatory requirements, and international quality standards. We emphasize precision, technical excellence, continuous improvement, and operational efficiency across all projects and services.

Our commitment to quality is strengthened through skilled personnel, advanced technologies, robust quality control systems, and proactive risk management practices. We continuously enhance our processes to ensure safety, performance, durability, and customer satisfaction in every solution we provide.

About Us.

Machinery for **I**ndustrial **K**inetics, **A**ccess and **S**ervices

MIKAS was established in the thriving industrial hub of the UAE with a potent mission to help every customer to find the right machine for their projects. Mikas functions as a reliable and trusted supplier for new and used heavy equipment in the Middle East.

At Mikas, one can find high-quality machinery, genuine spare parts, expert advice, after-sales support, and complete global logistics solutions, ensuring a seamless journey from initial inquiry to product delivery at site. Product portfolio includes Aerial Work Platforms, Forklift, Crane, Excavator, Generator, Tower Lights and Machinery spare parts.

Mission

To help every customer to find the right machine.

Vision

Establish Mikas as a premium Machinery supplier in the Middle East.

Core Values

Quality, Transparency, Responsibility.

Certifications

Equipment We Supply.

Aerial Work Platforms

Boom Lifts

Safe, certified, heights up to 56 m, minimal controls, onboard power/welder/light options.

Scissor Lifts

Robust platforms for vertical applications.

Truck-Mounted Boom Lifts

Mobile units on truck chassis; up to 65 m reach; ideal for telecom, utilities, signwork.

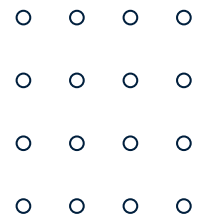

Spider Lifts

Compact crawler-base access for rough/indoor terrain.

Heavy-Duty Machinery

Excavators

Powerful earth-moving machines for construction & infrastructure.

Cranes

Mobile, truck-mounted, spider, tower cranes; capacities up to 100+ t; brands like Liebherr, Tadano.

Forklifts

From 1.5–10 t; diesel, electric, rough-terrain types; top brands like Toyota, Linde.

Power Solutions

Generators

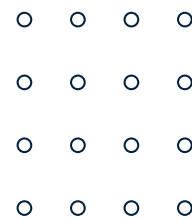

Lister Petter generators, 10–25 kVA, industrial-grade reliability.

Light Towers

Portable, ideal for night works or events (brief descriptive line).

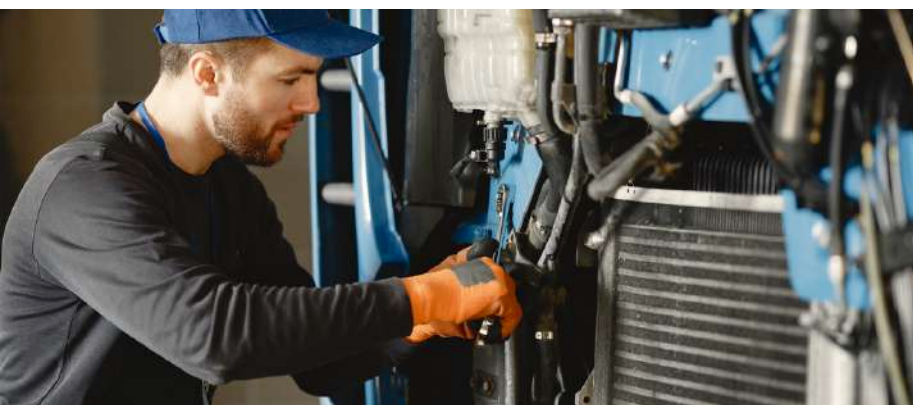

Our Services.

Spare Parts

Genuine OEM parts to keep your fleet running—tires, hydraulics, filters, electricals.

Maintenance

Genuine OEM parts to keep your fleet running—tires, hydraulics, filters, electricals.

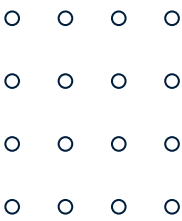

Global Shipping

End-to-end RoRo, land, sea, air freight. Customs, documentation, inspection—all handled. Trusted across Middle East, Africa, South America, Asia.

Sell Your Equipment.

At Mikas, we make it simple for businesses across the Middle East, Africa, and South America to sell used heavy equipment — without brokers, auction deductions, or payment delays.

- No hidden fees
- Sell your old equipment and replace it with newer models
- Sell directly to us, with no brokers involved
- Worldwide shipping.

Direct purchase

Best market price, no brokers, no hidden fees; payment before delivery.

Park & Sell

We display your machines on our yard/website.

Online Sale

List on Mikas marketplace, hold stock until sale.
