Who We Are

Established in 1986, **Ayub Steel** has grown into a trusted name in steel fabrication and metal supply across the United Arab Emirates. Headquartered in Abu Dhabi, we specialize in the design, manufacture, and installation of high-quality steel structures for buildings, bridges, and industrial facilities. With a legacy of nearly four decades, we have built a reputation for excellence by combining skilled craftsmanship, advanced technology, and superior-grade materials.

Our facilities are equipped with state-of-the-art machinery, enabling us to deliver precise, efficient, and durable solutions for every project. Backed by a team of experienced professionals, Ayub Steel consistently provides tailored services that meet the unique requirements of each client. From structural and miscellaneous works to ornamental steel fabrication, our commitment to quality, innovation, and customer satisfaction remains at the heart of everything we do.

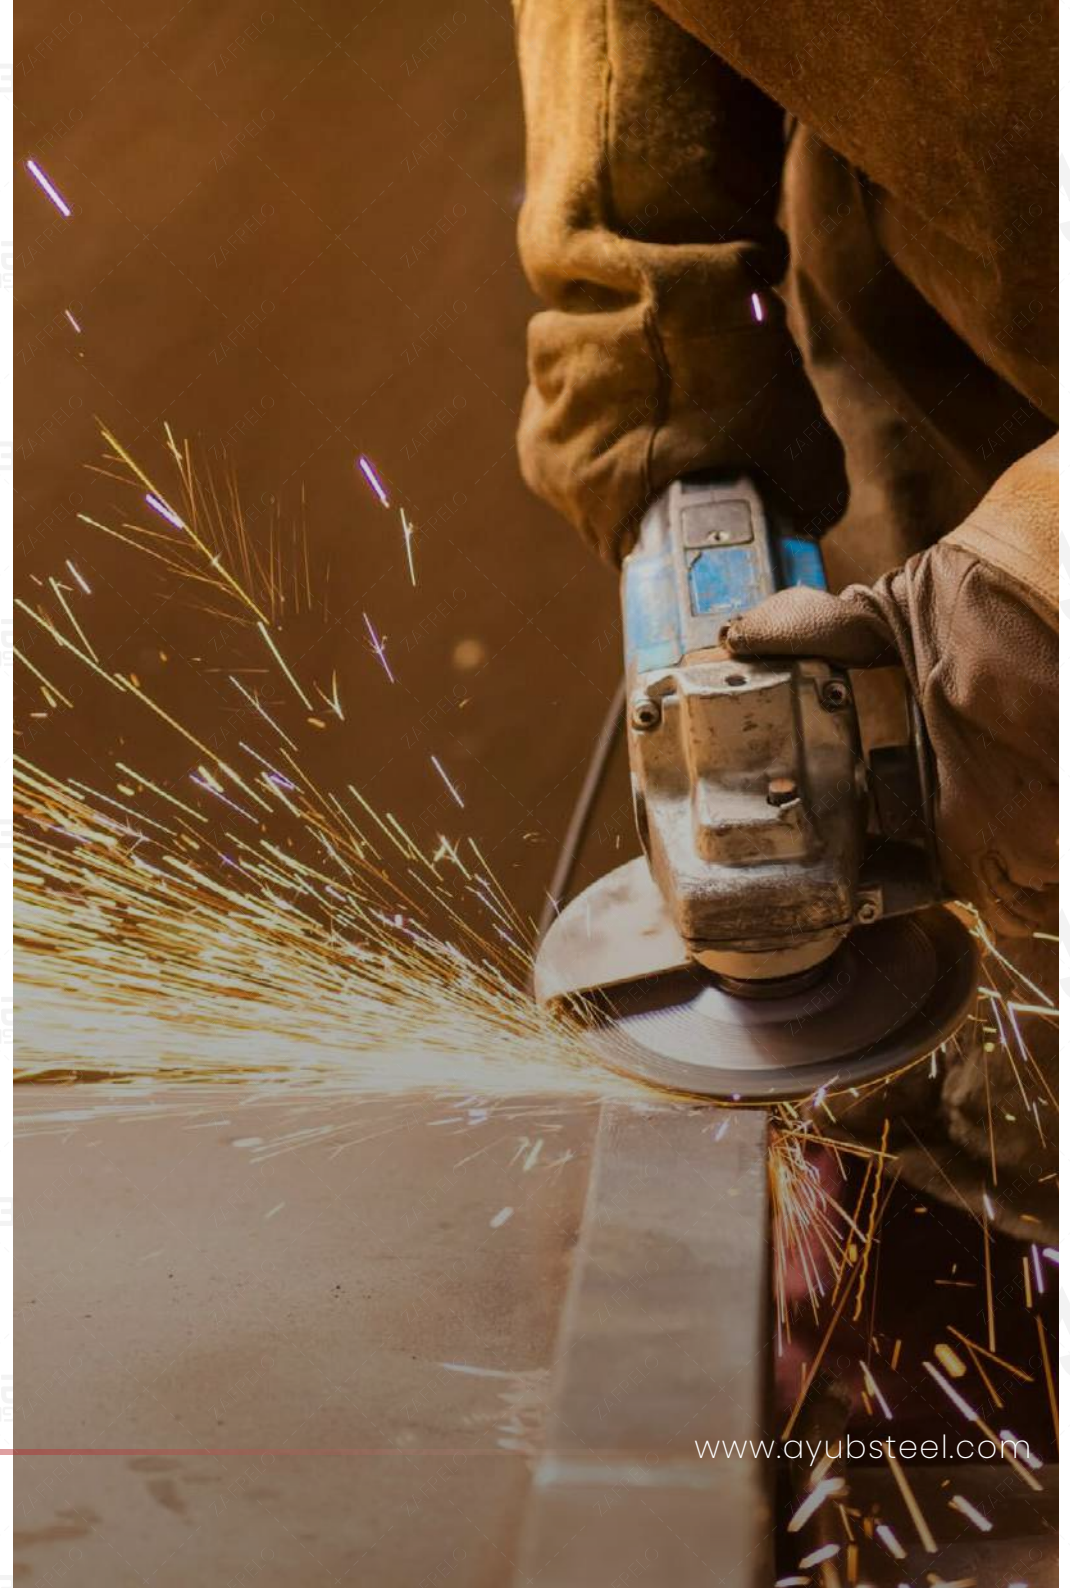

Mission Statement

Our mission is to be the supplier of choice for our customers by consistently delivering high-quality products and services. We strive to achieve this through a culture of performance, continuous improvement, and a commitment to exceeding customer expectations at every stage.

Vision for the Future

Our vision is to become the leading supplier of ferrous and non-ferrous metals, minerals, and allied products. We aim to achieve excellence by upholding the highest standards of quality, reliability, and service in every project we undertake.

Our Services

Fabrication & Cutting

- CNC Laser Cutting & Plasma Cutting
- Laser Welding & Cleaning
- Laser Pipe & Tube Cutting
- MIG/ARC Welding

CNC & Machining

- CNC Bending (12 Mtr Press Break)
- CNC Section Bending & Plate Rolling
- Dish-End Press
- CNC Milling & Turning
- Drilling & Tapping
- 3D Printing

Our Services

Architectural & Design Structures

- Pergola
- Private Parking
- Stadium Shade & Cover
- Stage Fabrication
- Canopy
- Staircase

Structural & Specialized Fabrication

- Steel Structure
- Tower Fabrication
- Tanker Fabrication
- Low Bed Fabrication
- Oil Field Skid
- Chassis Making
- Body Making
- Meticulous Fabrication

Our Steel Supplies

- **Mild Steel**

Low-Carbon Steel

- **Galvanized**

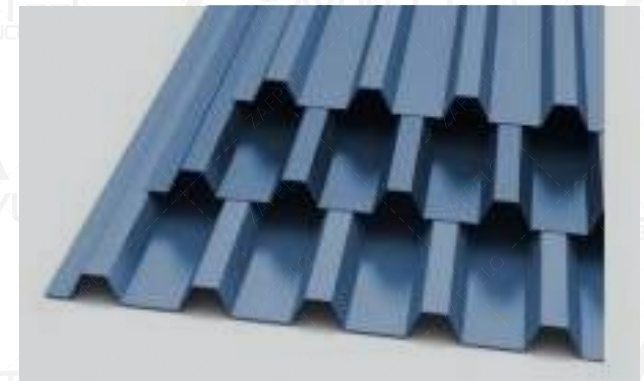

HDG - Coated With A Protective Layer Of Zinc.

- **S.S. Steel**

An Alloy Of Iron That Is Resistant To Rusting.

- **Aluminium**

Lightweight, soft, and malleable metal

Tanker Fabrication

We have a dedicated branch facility at M5 Musaffah to cater to all your tanker fabrication needs.

Miscellaneous Fabrication

We also offer a wide range of miscellaneous services to meet diverse customer needs with precision and reliability.
